

October 31, 2025

Mr. Stacy Slawinski
County Engineer
Fort Bend County
1124 Blume Road
Rosenberg, Texas 77471

Re: Pecan Hollow Subdivision
Vacating Plat
LJA Job No. 2085-6014

Dear Mr. Slawinski:

LJA Engineering & Surveying, Inc., on behalf of P-R. Partners, respectfully request that the Fort Bend Commissioners Court consider the vacation of Pecan Hollow Subdivision as recorded in File No. 2000015337 of the Official Public Records of Fort Bend County. Property has been sold and TPHTL Hatcher LLC has acquired the 23.934 acres that is Pecan Hollow Subdivision. TPHTL Hatcher LLC is the sole owner of the property.

Please call me at 713.657.6006 if you have further questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'NH', is written over a light blue horizontal line.

- GENERAL NOTES**
- The permanent access easements located within this subdivision are to be open and clear for the purpose of access by the owners, heirs, successors and assigns to the property and also to the public firemen, fire fighting equipment, police and other emergency vehicles of whatever nature at all times.
 - All drainage easements within this subdivision shall be restricted to keep such drainage ways and easements clear of fences, buildings, abutment vegetation and other obstructions to the operations and maintenance of the drainage facility and that such abutting property shall not be permitted to drain directly into this easement except by means of an approved drainage structure.
 - Vehicle access from lots to major thoroughfares is not permitted within this subdivision.
 - One-foot reserve dedicated to the public in fee as a buffer separation between the side or end of streets where such streets abut adjacent acreage tracts, the condition of such dedication being that when the adjacent property is subdivided in a recorded plat, the one-foot reserve shall thereupon become vested in the public for street right-of-way purposes and the fee title thereto shall revert to and rest in the dedicant, his heirs, assigns, or successors.
 - This subdivision contains one or more permanent access easements and/or reserves restricted to landscaping that have not been dedicated to the public or accepted by the City of Houston or any other local governmental agency as public rights-of-way. The City of Houston has no obligation to maintain or improve any permanent access easement and/or reserve restricted to landscaping within the subdivision, which obligation shall be the sole responsibility of the owners of property in this subdivision.
 - The TBM shown in Wessendorf Road was used for vertical control on this subdivision design which was established from an U.S.G.S. Benchmark labeled "M-1212", Datum 1929, Elevation 93.56.
 - Land use within this subdivision is limited to an average imperviousness of no more than 10 percent. The drainage and/or detention system has been designed with the assumption that this average percent imperviousness will not be exceeded. If this percentage is to be exceeded, a replot and/or redesign of the system may be necessary.
 - The minimum slab elevation shall be 94 feet above Mean Sea Level, or at least 2 feet above natural ground, whichever is higher.
 - This rural subdivision employs a natural drainage system that is similar to that which existed under pre-development conditions. Thus, during large storm events, ponding of water should be expected to occur in the subdivision to the extent it may have prior to development, but such ponding should not remain for an extended period of time.
 - The drainage easements and all appurtenances thereof within this subdivision shall be maintained by the homeowner's association.
 - This subdivision has a private water system. It is not a public water system, nor has it been constructed with any public funds. It shall not be connected to a public water system.
 - This subdivision is not located within the city of Houston, nor any municipal utility district. This is a septic tank system subdivision. Recordation of this plat does not obligate the city of Houston, or any other governmental authority, to provide wastewater treatment capacity and service for this subdivision.

STATE OF TEXAS }
COUNTY OF FORT BEND }
We, John Phillips and Elizabeth Rockwell, being officers of P-R Partners are herein after referred to as owners of the 35.221 acre tract described in the above and foregoing map of Pecan Hollow Subdivision, do hereby make and establish said subdivision and development plat of said property according to all lines, dedications, restrictions and reservations on said maps or plat and hereby dedicate to the use of the public forever, all streets (except those streets designated as private streets), alleys, parks, water courses, drains, easements and public places shown thereon for the purposes and considerations therein expressed; and do hereby bind ourselves, our heirs and assigns to warrant and forever defend the title to the land so dedicated.

FURTHER, Owners have dedicated and by these presents do dedicate to the use of the public for public utility purposes forever unobstructed aerial easements. The aerial easements shall extend horizontally an additional eleven feet, six inches (11' 6") for ten feet (10' 0") perimeter ground easements or seven feet, six inches (7' 6") for fourteen feet (14' 0") perimeter ground easements or five feet, six inches (5' 6") for sixteen feet (16' 0") perimeter ground easements, from a plane sixteen feet (16' 0") above ground level upward, located adjacent to and adjoining said public utility easements that are designed with aerial easements (U.E. and A.E.) as indicated and depicted, hereon, whereby the aerial easement totals twenty one feet, six inches (21' 6") in width.

FURTHER, Owners have dedicated and by these presents do dedicate to the use of the public for public utility purposes forever unobstructed aerial easements. The aerial easements shall extend horizontally an additional ten feet, (10' 0") for ten feet (10' 0") back-to-back ground easements, or eight feet, (8' 0") for fourteen feet (14' 0") back-to-back ground easements or seven feet, (7' 0") for sixteen feet (16' 0") back-to-back ground easements, from a plane sixteen feet (16' 0") above ground level upward, located adjacent to both sides and adjoining said public utility easements that are designed with aerial easements (U.E. and A.E.) as indicated and depicted, hereon, whereby the aerial easement totals thirty feet, (30' 0") in width.

FURTHER, we do hereby declare that all parcels of land designated as lots on this plat are intended for the construction of single family residential dwelling units thereon and shall be restricted for some under the terms and conditions of such restrictions filed separately.

FURTHER, we do hereby covenant and agree that all of the property within the boundaries of this plat shall be restricted to permit the drainage of any septic tanks into any public or private street, road or alley or any drainage ditch, either directly or indirectly.

FURTHER, we do hereby covenant and agree that all of the property within the boundaries of this plat shall be restricted to provide that drainage structures under driveways shall have a net drainage opening area of sufficient size to permit the free flow of water without backflow and in no instance have a drainage opening of less than one and three quarters (1 3/4) square feet (18" diameter).

FURTHER, we do hereby dedicate to the public a strip of land twenty (20) feet wide on each side of the center line of any and all bays, creeks, gullies, ravines, draws, and drainage ditches located in said subdivision, as easements for drainage purposes. Fort Bend County or any other governmental agency shall have the right to enter upon said easement at any and all times for the purposes of construction and maintenance of drainage facilities and structures.

FURTHER, we do hereby covenant and agree that all of the property within the boundaries of this subdivision and adjacent to any drainage easement, ditch, gully, creek or natural drainage way shall hereby be restricted to keep such drainage ways and easements clear of fences, buildings, excessive vegetation and other obstructions to the operations and maintenance of the drainage facility and that such abutting property shall not be permitted to drain directly into this easement except by means of approved drainage structure.

FURTHER, owners do hereby covenant and agree that those streets located within the boundaries of the plat specifically noted as private streets or permanent access easements, shall be hereby established and maintained as private streets by the owners, heirs, successors and assigns to property located within the boundaries of this plat, and always available for the general use of said owners and to the public firemen, fire fighting equipment, police and other emergency vehicles of whatever nature at all times and do hereby bind ourselves, our heirs, successors and assigns to warrant and forever defend the title to the land so designated and established as private streets or permanent access easements.

The roads and streets in this subdivision are not dedicated to the public and we do hereby dedicate same as easements for the use and benefit of all purchasers or owners of lots fronting thereon or adjacent thereto, which easements shall include rights of ingress, egress, and passage over and along such streets in favor of the public firemen, their successors and assigns, its invitees, designees, and successors-in-title, to each lot shown hereon, and in favor of the invitees and designees of each successor-in-title to each lot shown hereon, but not in favor of the public. However, P-R Partners does hereby reserve unto itself, its successors and assigns, the right to dedicate the roads and streets in this subdivision to the public and/or grant additional ingress and egress easements thereon without the joinder of any lot owner or other parties. Notwithstanding the fact that the roads and streets in this subdivision are not dedicated to the public, the law enforcement officers of Fort Bend County, Texas, the State of Texas, other official law enforcement bodies, fire department officials and fire protection personnel, vehicles and equipment are hereby expressly given the right to enter upon the roads and streets in the subdivision to enforce all applicable regulations and laws and to protect the safety of the residents and their property.

P-R Partners, its designees, successors and assigns, shall also have the right to use said streets for the installation, maintenance and improvement of water, sanitary and storm sewer lines and other utilities above, in, or under said streets.

Fort Bend County shall have no responsibility for maintenance of streets within the subdivision, unless such streets have been dedicated to the public by the current owner of said streets (without the joinder of any other party) and meet county standards and county maintenance has been requested by the current owner of said streets.

IN TESTIMONY WHEREOF, P-R Partners has caused these presents to be signed by John Phillips, its general partner therein, authorized, created, attested by managing partner, Elizabeth Rockwell, this 17th day of February, 2000.

PROFESSIONAL LAND SURVEYOR)

NOTES:

- Bearings are based on a segment of the most easterly north line (South 89°34'50" East) of a tract of land said to contain 35.221 acres conveyed to P-R Partners as described in Volume 2349, Page 35, et seq., Official Records of Fort Bend County (O.R.F.B.C.).
- The surveyor has not abstracted the property. This survey was performed without the benefit of a current abstract of property or title report and would be subject to any conditions, easements, restrictions, additions, or exceptions that a current title opinion might disclose.
- This survey is valid only if it bears the seal and original signature of the surveyor.
- See EXHIBIT "A" for metes and bounds description.
- All set 5/8" iron rods are marked with a cap stamped "O'MALLEY ENGINEERS".
