## 2026 Esri User Conference Justification Letter

To:

From:

Re: Approval to attend the 2026 Esri User Conference

I would like to attend the Esri User Conference (Esri UC), to be held July 13–17, 2026, in San Diego, California. Registration rates are as follows:

- Early registration is \$1,900 until January 16, 2026
- Standard registration is \$2,600 until May 29, 2026
- Late registration is \$2,900 after May 29, 2026

Esri UC is the world's largest gathering of geospatial practitioners and experts. The conference will focus on geospatial technology and how it is being used to analyze and understand trends, risks, markets, and competitive dynamics that impact our organization's bottom line. Thought leaders, Esri experts, and GIS users will explore how to enhance resilience, productivity, and efficiency with the latest geospatial tools in ArcGIS.

Over five full days, I'll have the chance to

- Collaborate and learn in a dynamic environment by attending user presentations, technical sessions, and interactive workshops.
- Meet one-on-one with Esri subject matter experts to ask questions, share ideas, and uncover ways to advance my work.
- Explore the conference Expo featuring vendor exhibits demonstrating innovative GIS solutions that will connect me with other GIS users and experts from our region and industry.

As GIS becomes more powerful and user-friendly, I need to know how we can leverage it to make the most of our resources. Here are three projects that will benefit from my attendance:

- 1.
- 2.

3.

I plan to submit a post-conference summary, including a set of recommended actions to further our GIS work. I'm also happy to share what I learn with other staff members and departments.

Thank you for your consideration. I look forward to your reply.
