Introduction

The purpose of this funding is to solicit applications for projects that promote a coordinated, multi-disciplinary approach to improve the justice system's response to violent crimes against women, including domestic violence, sexual assault, dating violence, and stalking.

Culturally Specific and Underserved Populations

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population as defined by 34 USC § 12291 (a)(46) or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services as defined by 34 USC § 12291(a)(9) designed to meet the specific needs of the target population in order to justify a YES response in the section below.)

No

Eligibility Requirements

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Resolution from Governing Body

Applications from nonprofit corporations, local units of governments, and other political subdivisions must submit a fully executed resolution with the application to be considered eligible for funding. The resolution must contain the following elements (see [Sample Resolution](#)):

- Authorization by your governing body for the submission of the application to the Public Safety Office (PSO) that clearly identifies the name of the project for which funding is requested;
- A commitment to provide all applicable matching funds;
- A designation of the name and/or title of an authorized official who is given the authority to apply for, accept, reject, alter, or terminate a grant;
- A designation of the name and/or title of a financial officer who is given the authority to submit financial and/or performance reports or alter a grant; and
- A written assurance that, in the event of loss or misuse of grant funds, the governing body will return all funds to PSO.

Grant Eligibility Regarding Compelling Victim Testimony:

In accordance with 34 USC § 10454, in order for a prosecutor's office to be eligible to receive grant funds under this subchapter, the head of the office shall certify to the State receiving the grant funding that the office will, during the 3-year period beginning on the date on which the grant is awarded, engage in planning, developing and implementing—

- (1) training developed by experts in the field regarding victim-centered approaches in domestic violence, sexual assault, dating violence, and stalking cases;
- (2) policies that support a victim-centered approach, informed by such training; and
- (3) a protocol outlining alternative practices and procedures for material witness petitions and bench warrants, consistent with best practices, that shall be exhausted before employing material witness petitions and bench warrants to obtain victim-witness testimony in the investigation, prosecution, and trial of a crime related to domestic violence, sexual assault, dating violence, and stalking of the victim in order to prevent further victimization and trauma to the victim.

Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

Forensic Medical Examination Payments

Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 120 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

Confidentiality and Privacy

Applicant agrees to maintain the confidentiality of client-counselor information and research data, as required by state and federal law. Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

Activities that Compromise Victim Safety and Recovery

Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

Polygraph Testing Prohibition

A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on

the basis of the results of a polygraph examination.

Protection Orders

Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

Offender Firearm Prohibition

The applicant certifies that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 18 USC § 992(g)(8) and (g)(9).

Criminal Charges

In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90% of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the Texas Department of Information Resources [Statewide Cybersecurity Awareness Training](#) page.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's [Sexual Assault Evidence Tracking Program website](#) for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

Immigration Legal Services

PSO prioritizes funding of projects that provide a full spectrum of counseling, crisis services, and other direct victim services. PSO will not fund projects that focus primarily on immigration legal services and do not provide a significant level of other types of victim services.

Legal Representation in Divorce and Custody Cases

PSO limits eligibility for legal representation in divorce and custody cases to circumstances where the survivor has been directly victimized by intimate partner violence (IPV) within the last six (6) months. This may include physical violence, sexual violence, stalking, and psychological aggression (including coercive tactics) by a current or former intimate partner against the survivor or survivor's kin sharing the residence. Additionally, legal services in divorce and custody cases funded under this award are limited to emergency order assistance, safety planning, client representation in divorce or guardianship proceedings, and other family law matters directly resulting from the victimization. Through acceptance of this award, grantee agrees that reimbursement for divorce and custody-related legal services will be limited to circumstances listed above.

Community Efforts

Applicant agrees to promote community efforts to aid crime victims. Applicants should promote, within the community, coordinated public and private efforts to aid crime victims. Coordination efforts qualify an organization to receive these funds, but are not activities that can be supported with these funds.

No Charge

Applicant agrees to provide grant-funded services at no charge to victims of crime. Applicants are also prohibited from billing Crime Victims Compensation, private insurance, Medicaid, or Medicare for services provided using VAWA funds.

Discrimination

Applicant agrees not to discriminate against victims because they disagree with the State's prosecution of the criminal case.

Compliance with State and Federal Laws, Programs and Procedures

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States, 8 U.S.C. § 1324(a)(1)(A)(iii); or (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3); (3) encourage or induce an alien to come to, enter, or reside in the United States in violation of law, 8 U.S.C. § 1324(a)(1)(A)(iv); (4) result in the illegal transport or movement of aliens within the United States, 8 U.S.C. § 1324(a)(1)(A)(ii). Project Abstract :

The Fort Bend County District Attorney's Office VAWA Investigator and Prosecutor Project is a crucial initiative that promotes a coordinated, multi-disciplinary approach to improve the justice system's response to violent crimes against women, including domestic violence, sexual assault, dating violence, and stalking. This project, which is an integral part of the Domestic Violence Division of the Fort Bend County District Attorney's Office, supports the prosecution of domestic violence offenders and assists victims of domestic violence in obtaining protective orders. The project allows a specialized team to focus solely on the prosecution of domestic violence cases, such as preparing for court, serving protective orders, and locating witnesses to decrease violence against women by providing legal and protective resources while holding domestic violence abusers accountable in the court system.

Problem Statement :

This grant targets the issue of domestic violence, sexual assault, dating violence, and stalking in Fort Bend County with designated funds to support the Domestic Violence Division, an existing specialized prosecution unit of the Fort Bend County District Attorney's Office. Fort Bend County remains one of the fastest-growing counties in the United States, with a population of over 820,000. Unfortunately, the increase in the number of domestic violence cases also mirrors similar population growth rates as pre-COVID; the Fort Bend County District Attorney's office saw, on average, less than a 5% increase in the number of cases referred year after year. During the height of the pandemic in 2020, approximately 2,500 new cases were referred for prosecution - up 8.8% compared to previous years. However, by the end of 2023, only 2,297 new cases were referred, bringing activities back to pre-pandemic levels. However, between 2023 and 2024, intake data indicates a 22% increase in new domestic violence, sexual assault, and stalking cases referred in 2023, with 2,297 new cases and 1,381 defendants, and in 2024, with 2,816 new cases and 1,628 defendants.

Supporting Data :

As a continuation project, the unit's caseload has shown a general increase in cases referred for prosecution and litigated cases. During the pandemic, there has been a surge in case referrals from law enforcement. In the 2022 fiscal year, the Fort Bend County District Attorney Domestic Violence Division received over 2,500 case referrals for domestic violence-related cases. The 2023 "Crime in Texas" report indicated 5,456 family violence cases reported in Fort Bend County, a 15% increase compared to the 2022 Crime in Texas Report, which reported a total of 4,737 family violence incidents in Fort Bend County. Year-to-year comparisons reveal a 44% increase in the number of reported family violence cases in Fort Bend County compared to only 3,780 family violence incidents reported pre-pandemic in 2019 (Texas DPS). For the calendar year 2023, the Fort Bend County DA's office has disposed of more than 1,238 domestic violence cases, compared to 916 cases in 2022.

Project Approach & Activities:

The program's overall target is to decrease violence against women by preventing domestic violence and sexual assault by identifying and stopping abusers. We believe the best way to ensure just outcomes that enhance victim safety is to maintain a well-trained group of seasoned prosecutors and District Attorney Investigators who employ an evidence-based prosecution method. The Domestic Violence Division is responsible for reviewing all domestic violence cases referred to the District Attorney's Office for prosecution. The Special Crimes Unit reviews all adult sexual assault cases and works in cooperation with the Domestic Violence Unit on domestic violence-related sexual assault cases. We must review each case and decide whether or not to prosecute. Of those cases filed, our prosecutors must attend numerous court dockets and hearings and occasionally have a full jury trial. Prosecutor responsibilities include communication with and preparation of victims for the court process. In addition, our division reviews applications for protective orders, represents applicants in court, and often has full hearings on the application.

Capacity & Capabilities:

The DA's Office represents the State of Texas in state criminal prosecutions for crimes in Fort Bend County. We have 172 employees consisting of 89 attorneys, 21 investigators, and 62 support staff. The Domestic Violence

Division comprises eight assistant district attorneys, three investigators, three full-time protective order clerks, and a chief prosecutor. Having dedicated investigators as well as a senior and more seasoned prosecutor assists the division in having more successful prosecution of domestic violence cases as well as success in seeking protective orders for victims. The Division Chief Prosecutor is a faculty member of the University of Houston School of Law's Blakely Advocacy Institute and has been a licensed attorney for over 25 years with a passion for teaching police officers and new attorneys.

Performance Management :

Our project is dedicated to successfully prosecuting domestic violence and sexual assault offenders and procuring protective orders against domestic violence offenders in Fort Bend County. By successfully prosecuting criminal cases and protective orders, we increase victim safety by keeping the abuser away through either a no-contact condition of probation or protective order, no contact with a victim via jail or prison time, or by providing counseling to abusers as a condition of either probation or a protective order. Disposition data can measure success. For us, success means justice. Sometimes justice is a conviction and jail time, sometimes justice is probation, and sometimes justice is a dismissal. Justice is difficult to measure in numbers, but we can determine success by having many case dispositions to know we are keeping the system moving. While the project's goal is to reduce the occurrence of domestic violence and properly punish and rehabilitate offenders, the objective is to increase the disposition of cases, reduce the number of cases dismissed, and enhance the safety and trust of domestic violence victims. The project's success can be measured by determining the number of cases disposed of and dismissed, in addition to selecting the number of cases reviewed for charges and the number of cases filed.

Target Group :

The Domestic Violence Division of the Fort Bend County District Attorney's Office is responsible for prosecuting domestic violence offenders and litigating protective orders in Fort Bend County, Texas, for victims of domestic violence who are primarily adults. The population that the project supports is domestic violence victims throughout Fort Bend County. These victims are mainly adult women. Fort Bend County currently has an estimated population of over 820,000. Approximately 590,000 of those individuals are adults ages 18 and older, with over 50% being women. As a result, an estimated 300,000 adult women live in Fort Bend County at any given time. Recent demographic data reflects the diversity of residents in Fort Bend County, with approximately 30.2% being Caucasian, 25.5% being Hispanic/Latino, 21.9% being African American, and 21.6% being Asian. Some statistics show that 1 in 4 women will be victims of violence by an intimate partner in their lifetimes - this means that on any given day, our targeted group could be over 70,000 women. This target group faces immeasurable challenges ranging from fear, shame, guilt, financial stress, distrust in authority, and lowered self-esteem, to name just a few barriers.

Evidence-Based Practices:

Prosecutors managing domestic violence cases face the constant challenge of supporting victims who are unable or unwilling to cooperate with prosecution. These challenges occur for a variety of reasons and manifest in the victim seeking dismissal of charges, lying to prosecutors or police, recanting statements about the abuse, refusing to talk about the abuse, perjuring themselves in court to protect the abuser, or refusing to come to court altogether. (See "Explaining Counter-intuitive Behavior in Domestic Violence and Sexual Assault Cases," The Voice Volume 1, Issue 4, National Center for the Prosecution of Violence Against Women, 2006.) The District Attorney's Office practices evidence-based prosecution to prosecute individuals in domestic violence cases to avoid pressuring the victim to cooperate or when such pressure is applied but ineffective. Evidence-based prosecution focuses on the successful prosecution of domestic violence cases through evidentiary strategies that do not rely on victim testimony. The tools of evidence-based prosecution include, among other things, the use of excited utterances, photographs, medical reports, and witness testimony. (See "Evidence-Based Prosecution of Intimate Partner Violence in the Post-Crawford Era: A Single-City Study of the Factors Leading to Prosecution," Crime & Delinquency, 2012) The benefits of evidence-based prosecution include a higher number of convictions of domestic abusers and keeping victims safer by placing less emphasis on their role in prosecution. Both of these actions hopefully result in a drop in domestic violence homicides. For evidence-based prosecution to truly work, it requires dedicated, well-trained, and experienced prosecutors and cooperation, training, and awareness from other community victims response team members, including police officers. Several studies indicate that the approach and determination of prosecutors, rather than the availability of victims, accounts for varying prosecution rates. (See "Evidence-Based Prosecution: An Effective Tool in Adjudicating DV," Verve Volume 2, Number 2, Domestic Violence Crisis Center, 2012.)
