Narrative Information

Introduction

The purpose of this funding is to support projects that prevent violence in and around schools; and to improve the juvenile justice system and develop effective education, training, prevention, diversion, treatment, and rehabilitation programs.

Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Constitutional Compliance

Applicant assures that it will not engage in any activity that violates Constitutional law including profiling based upon race.

Information Systems

Applicant assures that any new criminal justice information systems will comply with data sharing standards for the Global Justice XML Data Model and the National Information Exchange Model.

Program Income

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

Twelve-Step Programs

Grant funds may not be used to support or directly fund programs such as the Twelve Step Program which courts have ruled are inherently religious. OOG grant funds cannot be used to support these programs, conduct meetings, or purchase related materials.

Resolution from Governing Body

Applications from nonprofit corporations, local units of governments, and other political subdivisions must submit a fully executed resolution with the application to be considered eligible for funding. The resolution must contain the following elements (see [Sample Resolution](#)):

- Authorization by your governing body for the submission of the application to the Public Safety Office (PSO) that clearly identifies the name of the project for which funding is requested;
- A commitment to provide all applicable matching funds;
- A designation of the name and/or title of an authorized official who is given the authority to apply for, accept, reject, alter, or terminate a grant;
- A designation of the name and/or title of a financial officer who is given the authority to submit financial and/or performance reports or alter a grant; and
- A written assurance that, in the event of loss or misuse of grant funds, the governing body will return all funds to PSO.

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the Texas Department of Information Resources [Statewide Cybersecurity Awareness Training](#) page.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90% of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

Compliance with State and Federal Laws, Programs and Procedures - Local Units of Government

Local units of government, including cities, counties and other general purpose political subdivisions, as appropriate, and institutions of higher education that operate a law enforcement agency, must comply with all aspects of the programs and procedures utilized by the U.S. Department of Homeland Security ("DHS") to: (1) notify DHS of all information requested by DHS related to illegal aliens in Agency's custody; and (2) detain such illegal aliens in accordance with requests by DHS. Additionally, counties and municipalities may NOT have in effect, purport to have in effect, or make themselves subject to or bound by, any law, rule, policy, or practice (written or unwritten) that would: (1) require or authorize the public disclosure of federal law enforcement information in order to conceal, harbor, or shield from detection fugitives from justice or aliens illegally in the United States, 8 U.S.C. § 1324(a)(1)(A)(iii); (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3); (3) encourage or induce an alien to come to, enter, or reside in the United States in violation of law, 8 U.S.C. § 1324(a)(1)(A)(iv); (4) result in the illegal transport or movement of aliens within the United States, 8 U.S.C. § 1324(a)(1)(A)(ii). Lastly, eligible applicants must comply with all provisions, policies, and penalties found in Chapter 752, Subchapter C of the Texas Government Code.

Each local unit of government, and institution of higher education that operates a law enforcement agency, must download, complete and then upload into eGrants the [CEO/Law Enforcement Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements. This Form is required for each application submitted to PSO and is active until August 31, 2027 or the end of the grant period, whichever is later.

Compliance with State and Federal Laws, Programs and Procedures - Nonprofit Organizations

Each non-profit 501(c)(3) organization must certify that it does not have, and will continue not to have any policy, procedure, or agreement (written or unwritten) that in any way encourages, induces, entices, or aids any violations of immigration laws. Additionally, the organization certifies that it does not have in effect, purport to have in effect, and is not subject to or bound by any rule, policy, or practice (written or unwritten) that would: (1) encourage the concealment, harboring, or shielding from detection of fugitives from justice or aliens who illegally came to, entered, or remained in the United States, 8 U.S.C. § 1324(a)(1)(A)(iii); (2) impede federal officers from exercising authority under 8 U.S.C. § 1226(a), § 1226(c), § 1231(a), § 1357(a), § 1366(1), or § 1366(3); (3) encourage or induce an alien to come to, enter, or reside in the United States in violation of law, 8 U.S.C. § 1324(a)(1)(A)(iv); (4) result in the illegal transport or movement of aliens within the United States, 8 U.S.C. § 1324(a)(1)(A)(ii). Lastly, the organization certifies that it will not adopt, enforce, or endorse a policy which prohibits or materially limits the enforcement of immigration laws, and will not, as demonstrated by pattern or practice, prohibit or materially limit the enforcement of immigration laws.

Each non-profit organization must download, complete and then upload into eGrants the [CEO/NGO Certifications and Assurances Form](#) certifying compliance with federal and state immigration enforcement requirements.

Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

I certify to all of the application content & requirements.

Project Abstract :

Fort Bend County Juvenile Probation Department's Expose Excellence Youth Program's (EEYP) Youth Community Outreach Coordinator will incorporate education, counseling, job skills, life skills, mentoring, and productive recreational activities for local youth. Participants will include 10-17 year olds who have been identified as at-risk youth. The coordinators will interact with school districts, service organizations, mental health and substance abuse providers, community churches, and law enforcement agencies to establish positive relationships with youth. These established relationships are necessary to intervene with at-risk youth before being referred to the juvenile justice system and prevent youth from participating in delinquent behavior. The basic approach of this program is meant to be a hands-on, directly involved positive presence in the schools and community to provide a support system to youth who otherwise are surrounded by negative influence.

Problem Statement :

In the past few years, there has been a substantial increase in serious violent crimes among the youth being referred to the Fort Bend County Juvenile Probation Department. These violent offenders not only have a negative impact on

their community and family, they have negatively influenced other youth in the school setting. Currently there is a lack of community based and school programs providing intervention, truancy prevention, mental health and substance abuse referrals, and personal life skills mentoring. Without an established program, it is difficult to intervene and prevent youth from being referred to the juvenile justice system. In addition, according to youthmentor.org, one out of three young people do not have a trusted adult who they believe they can turn to for advice or guidance. Of those, many youth face a variety of day-to-day challenges that put them at risk for falling off track.

Supporting Data :

According to the National Dropout Prevention Center, the dropout rate for students with emotional / behavioral disabilities is twice that of general education students. Risk and protective factors have an impact on truancy and are often related to safety: fear of harm, fear of victimization, and abuse in the home. Other common risk factors are frequent problems with school work, substance abuse, and mental health problems. Statistics also show that school dropouts are 3.5 times more likely than high school graduates to be arrested in their lifetime. Texascourts.org reports that "up to 70 percent of youth in contact with the juvenile justice system meet the criteria for a mental health disorder; 60 percent of this group also has a concurrent substance use disorder". Since 2020, Fort Bend County Juvenile Probation Department has seen a continuous increase in violence crimes.

Project Approach & Activities:

Establish and support communication with youth's current school administration to promote attendance and a positive outlook on the importance of education, assisting in advocating for the youth by accessing educational resources and overcoming barriers to educational opportunities. Establishing contacts with higher education and trade schools to assist with the admissions and application of financial aid. Making mental health, behavioral health, and substance abuse referrals as needed. Provide life skills, mentoring, and recreational activities as an alternative to delinquency. Providing assistance with job applications, interviewing techniques, skills needed to obtain and maintain employment, and utilizing relationships established with the Texas Workforce Commission to help place youth in steady employment.

Capacity & Capabilities:

The Fort Bend County Juvenile Probation Department has a long history of collaboration with numerous community resources. Over the years, the department has established successful networking relationships with local law enforcement agencies, school districts, mental health and substance abuse service providers, and additional community programs. The department has developed and maintained ongoing partnerships with higher education and trade schools, in addition to having a current database of local employers to assist with finding jobs for youth in the area.

Performance Management :

Data will be collected through the Juvenile Case Management System (JCMS) to include demographics, chronological notes, and program success rates. Participation logs, mentoring hours, and school records will also be collected and evaluated. Additionally, constant communication and collaboration with partnering entities (DA's Office, Fort Bend County Sheriff's Department, and the Fort Bend County Commissioners Office) will be maintained to measure progress. The overall goal is to reduce violence in and around school through prevention and intervention services with at-risk youth in Fort Bend County.

Target Group :

Fort Bend County youth ages 10-17 who have been identified as at-risk by parents, school districts, churches, law enforcement agencies, or other community organizations. Fort Bend County Juvenile Probation Department will provide behavioral health services and substance abuse services. In conjunction with those services provided by the department, services will be provided by local school districts, mental health service providers (Texana), substance abuse treatment services (Fort Bend Regional Council on Substance Abuse), higher education and trade schools (Wharton County Junior College, Texas State Technical College, etc.), mentors, service organizations, potential local employers, community churches, and local law enforcement agencies. While enrolled, each youth will receive a minimum of three face-to-face contacts and one parent contact per month at home, school, or in the community from their assigned Youth Community Outreach Coordinator. In 2025, 214 youth participated and received services from EEYP. The program celebrated the graduation of 11 youth from high school in 2025, with some of these graduates previously not on track to complete their education. Of the 11 graduates, eight (8) have pursued further education at colleges or trade schools. Additionally, six (6) youth obtained their driver's licenses. Many participants demonstrated academic improvement by taking advantage of the tutorial services offered through the program. Numerous youths and families received direct counseling services in 2025 from juvenile probation department therapists, along with support from partner agencies. With the assistance of EEYP, dozens of enrolled youth have greatly improved their

academic performance, behavior, and social skills. While involved in the Expose Excellence Youth Program, participants have the chance to join summer programs and various field trips. These activities encompass life skills, financial literacy, CPR/first aid training, fishing, art expression, character education, job preparation, and assistance with securing employment, as well as college tours. Additionally, initiatives included the second annual car show, Summer camps, field trips, family team-building activities and a young ladies focus group.

Evidence-Based Practices:

Taking into account the large number of youth in the juvenile justice system who had identifiable mental health and substance abuse problems, early identification of such would allow treatment to begin prior to a referral to the juvenile justice system. Historically, DFPS indicates, "more than 95% of youth engaged in PEI (prevention and early intervention) services did not become involved with the juvenile justice system". A study of Big Brothers and Big Sisters organization shows that students who meet regularly with a mentor are 52% less likely than their peers to skip a day of school and 37% less likely to skip a class. According to mentoring.org, young adults who had mentors when they were young are 55% more likely to be enrolled in college and more than twice as likely to say they held a leadership position in an extracurricular activity. Additionally, 78% of young adults who had mentors as kids are volunteering regularly in their communities and becoming a positive influence to other at-risk youth. The program is highly mentoring based, as supported by evidencebasedmentoring.org's theory that mentoring generally works with "recognition, coaching coping skills and stimulating self-direction". Nij.ojp.gov stresses the importance of "visiting their homes to discuss problems and find solutions, attending parent-teacher conferences, and standing in for parents when needed". Thus showing that "76% of program youth graduated from high school, compared with 40%" of youth who were not provided with a mentor. The Fort Bend County Youth Community Outreach Program, along with many other services, mirrors this concept.
