Thank you for clarifying the room charge.

$91.47 + 16.69 tax (.1825)_ = $108.16
$108.16 x 3 rooms= $324.49 (total amount that FBC will pay)
Total amount charged $385.16 - $324.49 = $60.67
$60.67 is the additional fee charged for the hotel stay by the 3rd party agency . The $60.67 should also be included in the variance for cc approval.
