# TRRN 2009

The Texas Regional Response Network (TRRN) is a web-based application developed for the Governor's Division of Emergency Management (GDEM).

The GDEM is tasked with administering a program of Comprehensive Emergency Management, designed to reduce the vulnerability of the citizens and communities of this state to damage, to injury, and to loss of life and property by providing a system for the Mitigation of, Preparedness for, Response to and Recovery from natural or man-made disasters. The function of the TRRN web application is to provide a central, web-based system to organize and coordinate resources in response to such incidents.

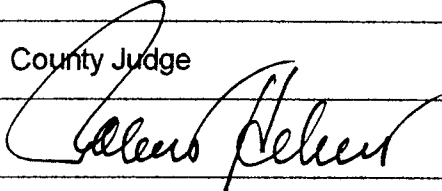

Any jurisdiction who has received homeland security grant funding must register with TRRN. Any equipment with a value of \$5,000 or more, purchased with Homeland Security Grant Program funds, must have been entered into the TRRN.

Completion of this form is required by all jurisdictions to be eligible for homeland security grant funds. This form must be signed by the Chief Elected Official or the Chief Elected Official's designee authorized by the City Council or Commissioner's Court to sign for the Chief Elected Official.

## CERTIFICATION

### 2009 TRRN

- I certify that my jurisdiction is registered with the TRRN.
- I certify that all deployable equipment, with a value of \$5,000 or more, purchased with Homeland Security Grant Program funds has been entered into the TRRN.
- I certify that my jurisdiction does not have any deployable equipment, with a value of \$5,000 or more, purchased with Homeland Security Grant Program funds.
