**RECOMMENDATION / ACTION REQUESTED:**

Accept Monthly Report for December 2009.

Special Handling Requested (specify):

## **DRAINAGE DISTRICT**

Fort Bend County, Texas

### **Monthly Report December 2009**

Wet ground conditions during December 2009 prevented any significant shredding or spraying operations for the removal of vegetation from channels. Employees normally assigned to these activities were given alternate duties.

Preventative maintenance and repair of equipment normally used in operations was one of the duties given. Several employees were sent daily to the Recycle Center to help out. A 15' shredder, spray truck bed, and two water truck beds were sanded and painted.

The bridge crew worked on the replacement of a bridge on a lateral of Dry Creek II-B-10g along with watergates and fences in that area.

Replacement of drop inlet pipes on Big Creek (II-B), Fairchild Creek (II-B-10g) and Dry Creek (II-B-2) were achieved with bulldozers and track excavators.

The following reports indicate which projects received work and which equipment was assigned to each during December 2009.

**FORT BEND COUNTY DRAINAGE DISTRICT  
SHREDDER REPORT**
