Whirlpool Strategy / Brand Focused Value Creation

BRAND PLATFORM

BEST CONSUMER POSITION

TRADE PLATFORM

BEST TRADE POSITION

GLOBAL OPERATING PLATFORM

BEST COST, QUALITY AND DELIVERY POSITION

*Focused on innovation, cost productivity, product quality
and consumer value*

Customer Centric Supply Chain

- Launched in 2005 to create a network and order management environment where our products are available to Trade Partners within 48-72 hours, with 95% service levels.
- Our focus is on “Every Product ... Available Everywhere ... Delivered Everyday.”
- The CCSC is focused on three primary work streams:
 - Manage order process
 - Manage the delivery process
 - Optimize supply and demand planning
- A new distribution network, called the Hi/Lo Network, is being implemented to get a full mix of product out closer to the customer.

2006 Maytag Acquisition

- Maytag was acquired by Whirlpool Corporation in April 2006.
- The acquisition resulted in many collocated distribution centers (Seattle, Southern California, Fort Worth, Atlanta, Pennsylvania).
- Whirlpool immediately took action to integrate the Whirlpool and Maytag supply chain structures.
 - Local Distribution Center (LDC) Networks
 - Routing of Regional Distribution Center (RDC) Shipments
 - Combining Maytag and Whirlpool RDC locations
 - Improving Product Availability and Fill Rates
- After completion of the integration, Whirlpool will have 11 RDCs versus 16 in 2006.
