(A) a certificate of coverage, prior to that person beginning work on the Work, so the governmental entity will have on file certificates of coverage showing coverage for all persons providing services on the Work; and

(B) no later than seven days after receipt by DESIGN-BUILDER, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the Work.

14.11 DESIGN-BUILDER shall retain all required certificates of coverage for the duration of the Work and for one year thereafter.

14.12 DESIGN-BUILDER shall notify the governmental entity in writing by certified mail or personal delivery, within 10 days after DESIGN-BUILDER knew or should have known, of any

change that materially affects the provision of coverage of any person providing services on the Work.

14.13 DESIGN-BUILDER shall post on each Work site a notice, in the text, form and manner prescribed by the Texas Workers' Compensation Commission, informing all persons providing services on the Work that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

14.14 DESIGN-BUILDER shall contractually require each person with whom it contracts to provide services on the Work to:

(A) provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the Work, for the duration of the Work;

(B) provide DESIGN-BUILDER, prior to that person beginning work on the Work, a certificate of coverage showing that coverage is being provided for all employees of the person providing services on the Work, for the duration of the Work;

(C) provide DESIGN-BUILDER, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the Work;

(D) obtain from each other person with whom it contracts, and provide to DESIGN-BUILDER:

(i) a certificate of coverage, prior to the other person beginning work on the Work; and

(ii) a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the Work;

(E) retain all required certificates of coverage on file for the duration of the Work and for one year thereafter;

(F) notify the governmental entity in writing by certified mail or personal delivery, within 10 days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing service on the Work; and

(G) contractually require each person with whom it contracts, to perform as required by paragraphs (1) - (7), with the certificates of coverage to be provided to the person for whom they are providing services.

14.15 By signing this contract or providing or causing to be provided a certificate of coverage, DESIGN-BUILDER is representing to the County that all employees of DESIGN-BUILDER who will provide services on the Work will be covered by workers' compensation coverage for

the duration of the Work, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject DESIGN-BUILDER to administrative penalties, criminal penalties, civil penalties, or other civil actions.

14.16 DESIGN-BUILDER'S failure to comply with any of these provisions is a breach of contract by DESIGN-BUILDER which entitles the governmental entity to declare the contract void if DESIGN-BUILDER does not remedy the breach within ten days after receipt of notice of breach from the governmental entity.

GENERAL TERMS FOR CONTRACTS WORK QUALITY STANDARDS

1.0 GUARANTEES

1.1 Contractor guarantees Owner that the Work shall comply strictly with the provisions of this Agreement and all specifications and drawings referred to in this Agreement or thereafter furnished by Owner, and that the Work shall be first-class in every particular and free from defects in materials and workmanship and in any design or engineering furnished by Contractor. Contractor further guarantees Owner that all materials, equipment and supplies furnished by Contractor for the Work shall be new, merchantable, of the most suitable grade and fit for their intended purposes. Without limitation of any other rights or remedies of Owner, if any defect in the Work in violation of the foregoing guarantees arises within the period set forth below, Contractor shall upon receipt of written notice of such defect promptly furnish, at no cost to Owner, design and engineering, labor, equipment and materials necessary to correct such defect and cause the Work to comply fully with the foregoing guarantees.

1.2 Contractor's guarantees set forth in Section 1.1 shall extend for twelve (12) months after the start of regular operation or use of the Work by Owner. Any period wherein the Work is not available for use due to defects in materials, workmanship or engineering furnished by Contractor shall extend the guarantee period by an equal period of time. NEITHER PARTY WILL BE LIABLE TO THE OTHER PARTY FOR ANY SPECIAL, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES.

1.3 Design and engineering, labor, equipment and materials furnished by Contractor pursuant to Section 1.1 to correct defects shall be guaranteed by Contractor in accordance with the guarantees set forth in Section 1.1 for a period of twelve (12) months from the date of completion of the correction, or for the remainder of the guarantee period set forth in Section 1.2 above, whichever is longer.

1.4 In the event Contractor shall have been notified of any defects in the Work in violation of Contractor's foregoing guarantees and shall fail to promptly and adequately correct such defects, Owner shall have the right to correct or to have such defects corrected for the account of Contractor, and Contractor shall promptly pay Owner the costs incurred in correcting such defects.

2.0 INSPECTION, TESTING AND QUALITY CONTROL

In addition, Contractor shall conduct a continuous program of construction quality control for all Work. Contractor's quality control program and inspection procedures for the foregoing shall be submitted in writing to Owner for review and approval, in sufficient detail to delineate those items to be inspected and the manner in which they are to be inspected, and shall adequately describe all construction quality control activities contemplated, including provision for adequate documentation of Contractor's performance of such quality control and inspection.

2.2 Contractor shall, during the course of performance of the Work hereunder, without additional compensation, make or cause to be made all tests required by this Contract. Owner may require additional inspections and tests. Contractor shall furnish Owner with satisfactory documentation of the results of all inspections and tests. Owner shall be given not less than five (5) working days notice of any tests to be made by Contractor or Contractor's suppliers in order that Owner and/or Owner may witness any such tests.

4.0 APPROVED FOR CONSTRUCTION DRAWINGS AND SPECIFICATIONS

4.1 The Work shall be performed using only drawings and specifications marked "Approved for Construction" or equivalent by Owner. 4.2 Contractor shall perform all Work outside of the areas marked "HOLD" on "Approved for Construction" specifications and drawings to maintain the schedule of Work, but shall not perform any Work in the areas or sections marked "HOLD" on "Approved for Construction" specifications and drawings until revised "Approved for Construction" specifications and drawings are received with the "HOLD" markings deleted.

Should any conflict, error, omission, or discrepancy appear in the drawings, specifications, instructions, in work done by others, or in site conditions, Contractor shall notify Owner in writing at once, and Owner will issue written instructions to be followed. If Contractor proceeds with any of the Work in question prior to receiving such instructions, then required corrections shall be at Contractor's expense.

5.2 Contractor shall not deviate from the specifications and drawings without prior written approval from Owner. Anything shown in the specifications referred to in this Contract or thereafter furnished by Owner and not shown in the drawings referred to in this Contract or thereafter furnished by Owner, or shown in such drawings and not shown in such specifications, shall be of like effect as if shown or mentioned in both and shall not be considered to be a conflict.

6.1 Contractor shall take necessary safety and other precautions to protect property and persons from damage, injury or illness arising out of the performance of the Work. Contractor shall comply strictly with local, municipal, provincial, state and national laws, orders, and regulations pertaining to health or safety which are applicable to Contractor or to the Work, including without limitation the Occupational Safety and Health Act of 1970 (84 U.S. Statutes 1590), as amended and any state plans approved thereunder, and regulations thereunder, to the extent applicable, and Contractor warrants the materials, equipment and facilities, whether temporary or permanent, furnished by Contractor in connection with the performance of the Work shall comply therewith. At all times while any of Contractor's employees, agents or subcontractors are on Owner's premises, Contractor shall be solely responsible for providing them with a safe place of employment, and Contractor shall inspect the places where its employees, agents or subcontractors are or may be present on Owner's premises and shall promptly take action to correct conditions which are or may become an unsafe place of employment for them. Contractor shall indemnify and save harmless Owner, and their officers, employees and agents, from and against any and all claims, loss or liability in any manner arising out of Contractor's failure to comply with this Article.

6.2 Accidents, injuries and illnesses requiring medical attention other than first aid, damage to property of Owner, Owner and Contractor, and fires shall be orally reported to Owner at the time of the incident. Written reports, satisfactory in form and content to Owner, shall be submitted by Contractor promptly after each incident.

6.3 Contractor shall maintain in form and content approved by Owner, jobsite accident, injury and illness statistics which shall be available for inspection by, and submitted to, Owner upon its written request.

7.0 CLEAN-UP

7.1 Contractor shall at all times keep its work area in a neat, clean and safe condition and remove from the Owner's premises and the vicinity thereof and properly dispose of all debris and rubbish caused by Contractor's operations. Upon completion of the Work, Contractor shall promptly return unused materials furnished by Owner and remove from Owner's premises all of Contractor's equipment, material, scaffolding and like items, leaving Owner's premises and the vicinity clean, safe and ready for use.

7.2 In the event Contractor shall fail to maintain its work area as described above and in a manner satisfactory to Owner, or to effect such cleanup or removal immediately after receipt of written notice to do so, Owner shall have the right without further notice to Contractor to perform such cleanup and remove such items on behalf of, at the risk of and at the expense of Contractor. Owner may store items removed at a place of its choosing on behalf of Contractor and at Contractor's risk and expense. Owner shall promptly notify Contractor of such place of storage.

8.0 SUBCONTRACTS AND PURCHASE ORDERS

8.1 Contractor shall not subcontract performance of all or any portion of the Work under this Contract without first notifying Owner of the intended subcontracting and obtaining Owner Notice of Non-Objection in writing of the subcontracting and the subcontractor. If requested by Owner, Contractor shall furnish Owner a copy of the proposed subcontract (with price deleted if

the subcontracted work is part of fixed price Work of Contractor under this Contract) for Owner review of the terms and conditions thereof and shall not execute such subcontract until Owner has given notice of Non-Objection to such terms. Failure of Contractor to comply with this Section may be deemed by Owner to be a material breach of this Contract.

8.2 Contractor guarantees that its subcontractors will comply fully with the terms of this Contract applicable to the portion of the Work performed by them. If any portion of the Work which has been subcontracted by Contractor is not prosecuted in accordance with this Contract, on request of Owner the subcontractor shall be replaced at no additional cost to Owner and shall not be employed again on the Work.

8.3 Owner shall have the right from time to time to contact Contractor's subcontractors to discuss their progress.

8.4 As used in this Article, the term "subcontract" shall include purchase orders of the general types designated from time to time by Owner in advance for materials or equipment for the Work, and the term "subcontractor" shall include vendors of such material or equipment.

9.0 TERMINATION FOR DEFAULT

9.1 In the event that Contractor shall default in the performance of any express obligation to be performed by Contractor under this Contract and shall fail to begin correction of such default within five (5) working days following written notice thereof from Owner, or if the Contractor does not exercise due diligence to complete the correction in an expeditious manner, Owner may, without prejudice to any other rights or remedies Owner may have, hold in abeyance further payments to Contractor and/or terminate Contractor's right to continue performance of this Contract by written notice to Contractor specifying the date of termination. In the event of such termination, Owner may take possession of the Work at the jobsite and any or all materials and plant equipment (whether delivered to the jobsite or on order therefor by Contractor), tools and construction equipment that has been paid for by owner at jobsite and finish the Work by whatever method Owner may deem expedient.

9.2 In the event of termination by Owner under Section 9.1, Contractor shall, upon request by Owner, promptly advise it of all outstanding subcontracts, rental agreements and purchase orders which Contractor has with others pertaining to performance of the Work and furnish Owner with complete copies thereof. Upon request by Owner, Contractor shall assign to Owner, in form and content satisfactory to Owner, Contractor's title to materials and plant equipment that has been paid for by Owner for the Work and those subcontracts.

9.3 In the event of termination by Owner under Section 9.1, Contractor shall not be entitled to receive any further payment until the Work is completed. Upon completion and final acceptance of the Work, Owner will determine the total cost incurred in completing the Work including, without limitation, additional overhead, legal and other costs incurred by Owner to effect such termination and to complete the Work, plus a markup for profit in the amount of 10 percent of the total cost of the Work performed by Owner force. If the total costs noted above exceed the balance of the Contract price unpaid at the time of the termination, Contractor shall, promptly after a receipt of an invoice, pay to Owner the amount of such excess. Owner shall have the right and are authorized to setoff against and deduct from any excess payable to Contractor any other damages suffered by Owner due to said default or event giving rise to the

termination or due to other defaults of Contractor in complying with the terms of this Contract. Contractor shall continue to be fully liable for all such other damages to Owner. A waiver by Owner of one default by Contractor shall not be considered to be a waiver of any subsequent default by Contractor, nor be deemed to amend or modify the terms of this Contract. Contractor expressly waives any formal notice by Owner of Contractor's failure to perform, or passive breach of, Contractor's express obligations under this Contract.

9.4 Upon commencement of a case by or against Contractor under applicable bankruptcy law, or any general assignment by Contractor for the benefit of its creditors, or the appointment of a receiver to take charge of Contractor's assets, and provided the same renders Contractor unable to perform its obligations, Owner may treat Contractor as in default under Section 9.1 and may exercise any of the remedies of this Article.

9.5 In the event Contractor is unable to fully perform its obligations due to labor disputes, labor or material shortages, fire, forces of nature, or other circumstances which by the exercise of reasonable diligence Contractor is unable to prevent or provide against, Contractor shall be relieved of its obligation only to the extent it is unable to perform, provided that Contractor shall give written notice to the Owner within three (3) days after the occurrence of such event. The notice shall include an estimate of the impact on the required performance hereunder. If the Contractor is unable to cure this Force Majeure within thirty (30) days then Owner shall have the right, but not the obligation, to terminate this Contract.

10.0 STOP WORK ORDERS

Upon failure of Contractor or its subcontractor(s) to comply with any of the requirements of this Contract, Owner shall have the authority to stop any operations of Contractor or its subcontractors affected by such failure until such failure is remedied or to terminate this Contract in accordance with Article 9.0. No part of the time lost due to any such stop orders shall be made the subject of a claim for extension of time or for increased costs or damages by Contractor.

TIMING OF WORK

11.0 SCHEDULING, REPORTING AND COORDINATION

11.1 Contractor agrees to adhere to the schedule approved by Owner and attend and participate in scheduled progress and coordination meetings called by Owner.

11.2 Contractor recognizes that Owner and/or other contractors and subcontractors may be working concurrently at the jobsite. Contractor agrees to cooperate with Owner and other contractors so that the project as a whole will progress with a minimum of delays. Owner reserves the right to direct Contractor to schedule the order of performance of its Work in such manner as not to interfere with the performance of others.

12.0 OVERTIME

12.1 Unless expressly stated elsewhere in this Contract, Work at the jobsite shall be compatible with Owner starting and quitting times, or other times approved by Owner.

12.2 Scheduled overtime work by Contractor must be approved in advance and in writing by Owner. Overtime work, whether scheduled or incidental, shall be to Contractor's account unless

the compensation therefore is specifically authorized in writing by Owner. In the event Owner approves compensation of Contractor's overtime in advance, such compensations separately authorized shall be limited to the actual cost to Contractor of the premium portion only of all applicable wages, craft fringe benefits, and payroll burdens imposed by any governmental authority and measured by the compensation payable to employees. To establish the amount of payment, Contractor shall submit supporting documents satisfactory in form and content to Owner for its verification and approval.

13.0 DELAYS

In the event Contractor or Owner is delayed in performing any of their respective obligations in this Subcontract and such delay is caused by acts of God, war, riots, civil insurrection, acts of the public enemy, accidents, acts of civil or military authority, fires, floods, or earthquakes, beyond the reasonable control of the party delayed, such delay shall be excused and the period of such delay shall be added to the time for performance of the obligation delayed, unless the date, schedule or time period for performance of the obligations expressly stated in the Contract to be guaranteed. In the event any such delay due to the foregoing causes or events occurs or is anticipated, the party delayed or anticipating delay shall promptly notify the other party in writing of such delay or expected delay and the cause and estimated duration of such delay. In the event of a delay due to the foregoing causes or events, whether such delay is excused or not, the party delayed shall, at no cost to the other party, exercise due diligence to shorten and avoid the delay and shall keep the other party advised as to the continuance of the delay and steps taken to shorten or terminate the delay. Contractor shall, within five (5) working days of the commencement of any such delay, give to Owner written notice thereof and of the anticipated results thereof. Within two (2) working days of the termination of any such delay, Contractor shall file a written notice with Owner specifying the actual duration of the delay. If Owner determines that the delay was beyond the control and without the fault or negligence of Contractor and not foreseeable by Contractor at the effective date of this Contract, Owner shall determine the duration of the delay and shall extend the time of performance of this Contract thereby.

14.0 POSSESSION PRIOR TO COMPLETION

Owner shall have the right to move into Contractor's working and storage areas and the right to take possession of or use any completed or partially completed part of Contractor's Work as Owner deem necessary for their operations. In the event Owner desire's to exercise the foregoing right, Owner will so notify Contractor in writing. Such possession or use shall not constitute acceptance of Contractor's Work.

15.0 NOTICE OF COMPLETION AND FINAL ACCEPTANCE

15.1 When Contractor deems the Work fully completed, including satisfactory completion of such inspections, tests and documentation as are specified in this Contract, Contractor shall, within ten (10) working days thereafter, give a written Notice of Completion and the date it was completed. Within thirty (30) calendar days after receipt of said Notice of Completion, Owner may inspect the Work and shall either reject the Notice of Acceptance of the Work either for the purpose of final payment only, or for the purposes of final payment and final acceptance.

15.2 In the event Owner rejects the Notice of Completion and specifies defective or uncompleted portions of the Work, Contractor shall within five (5) working days, provide for Owner review and approval, a schedule detailing when all defects will be corrected and/or the

work will be completed and shall proceed to remedy such defective and uncompleted portions of the Work. Thereafter, Contractor shall again give Owner a written Notice of Completion of the Work, specifying a new date for the completion of the Work based upon the date such defective and uncompleted portions of the Work. Thereafter, Contractor shall again give Owner a written Notice of Completion of the Work, specifying a new date for the completion of the Work based upon the date such defective or uncompleted portions of the Work were corrected. The foregoing procedure shall apply again and successively there after until Owner has given Contractor written Notice of Acceptance for purposes of final payment and final acceptance.

15.3 Any failure by Owner to inspect or to reject the Work or to reject Contractor's Notice of Completion as set forth above, shall not be deemed to be acceptance of the Work for any purpose by Owner nor imply acceptance of, or agreement with, said Notice of Completion.

WORK CHANGES

16.0 CHANGES

16.1 The Scope of Work shall be subject to change by additions, deletions or revisions thereto by Owner. Contractor will be notified of such changes by receipt of additional and/or revised drawings, specifications, exhibits or written orders.

16.2 Contractor shall submit to Owner within ten (10) working days after receipt of notice of a change, a detailed takeoff with supporting calculations and pricing for the change together with any adjustments in the schedule required for the performance of Work as changed. The pricing shall be itemized as required by Owner and shall be in sufficient detail to permit an analysis of all labor, material and equipment and shall cover all work involved in the change, whether such work was deleted, added or modified. Amounts related to subcontracts shall be supported in similar detail. In addition, if the proposal includes a time extension, a justification therefore shall also be furnished.

16.3 Contractor shall not perform changes in the Work in accordance with Sections 16.1 and 16.2 until Owner have approved in writing the pricing for the change and any adjustment in the schedule for performance of the Work, except as set forth in Section 16.4. Upon receiving such written approval from Owner, Contractor shall diligently perform the change in strict accordance with this Contract.

16.4 Notwithstanding Section 16.3 Owner may expressly authorize Contractor in writing to perform the change prior to such approval by Owner. Contractor shall not suspend performance of this Contract during the review and negotiation of any change.

16.5 Contractor shall not comply with oral changes in the Work. If Contractor believes that any oral notice or instruction received from Owner will involve a change in the cost, time to perform or integrity of the work, it shall require that the notice or instruction be given in writing and shall comply with the provisions of Sections 16.2, 16.3, and 16.4. Any costs incurred by Contractor to perform oral changes shall be for Contractor's account, and Contractor waives any and all rights to claim for such costs or additional time to perform the Work as a result of compliance by Contractor with such oral changes.

17.0 TERMINATION AT OWNER'S OPTION

17.1 Owner shall have the right at any time, with or without cause, to terminate further performance of all or part of the Work by written or telegraphic notice to Contractor specifying the date of termination. On the date of such termination stated in said notice, Contractor shall discontinue performance of the Work and shall preserve and protect tools, construction equipment and facilities on jobsite, materials and plant equipment purchased for or committed to the Work (whether delivered to the jobsite or on order), Work in progress and completed Work (whether at jobsite or other locations) pending Owner's instructions and, if requested by it, shall turn over the same to Owner that has been paid for by Owner, including title to said materials and plant equipment, or dispose of same in accordance with Owner's instructions.

17.2 Upon receipt of said notice, Contractor shall advise Owner of its outstanding orders and subcontracts pertaining to performance of the terminated work and, upon request, furnish Owner with complete copies. Contractor shall place no further orders or subcontracts for materials, equipment, services, or facilities, except as may be necessary for completion of such portion of the Work as is not terminated; Contractor shall promptly make every reasonable effort to procure cancellation, upon terms satisfactory to Owner, of all orders and subcontracts to the extent they relate to the performance of Work terminated; or, as directed by Owner, shall assign to it or Owner in form satisfactory to Owner such of its subcontracts and orders as are designated by Owner, or shall take such other action relative to such subcontracts or orders as may be directed by Owner.

17.3 If Contractor has fully and completely performed all obligations under this Contract up to the date of termination, Contractor shall recover from Owner as complete and full settlement for such termination for Work to be performed under this Contract, the actual costs of all such Work satisfactorily executed to the date of termination, plus an allowance for reasonable overhead and profit on such costs (but not to exceed a pro rata portion of such Contract Price for such Work based on the percentage of Work properly completed to the date of termination), together with reasonable costs occasioned by such termination and not previously paid for, less such sums as Contractor has already received on account of the Work performed. In no event shall total payment to Contractor exceed the Contract Price.

17.4 All requests for compensation under any of the foregoing provisions of Section 17.3 shall be submitted to Owner in accordance with the provisions of Article 16.0, CHANGES. In no event shall Contractor be entitled to any prospective profits or any damages.

17.5 The provisions of this Contract, which by their nature survive final acceptance of the Work, shall remain in full force and effect after such termination.

MATERIALS AND EQUIPMENT

18.0 **PROTECTION OF MATERIALS, EQUIPMENT, AND WORK** 18.1 Contractor shall at all times in accordance with the best practices and at no additional cost to Owner, preserve and protect material and equipment used by Contractor in the execution of the work from damage or loss due to weather, fire, theft, unexplained disappearance or other similar casualty.

Contractor shall ensure that vendors and suppliers from whom Contractor obtains materials and equipment do not retain, encumber or reserve title to such items.

19.2 Notwithstanding the provisions of Section 19.1, the care, custody and control of Contractor's Work incorporated into the permanent plant shall remain with Contractor until such Work has been accepted in writing by Owner and shall thereupon pass to Owner unless Owner notify Contractor in writing that such care, custody, and control is assumed by Owner at an earlier date. The taking of possession of such Work pursuant to Article 14.0, POSSESSION PRIOR TO COMPLETION, shall not constitute the assumption of care, custody and control of such Work until such time as such Work has either been accepted in writing by Owner, Owner or Contractor has been notified as set forth herein.

35.4 This Contract shall be subject to the law and jurisdiction of the State of Texas, unless expressly designated otherwise within this Contract.

PAYMENT TERMS

36.0 INVOICING AND PAYMENT 36.1 Except to the extent expressly stated otherwise elsewhere in this Contract, the Contract Price shall be payable by Owner in monthly progress payments, payable thirty (30) calendar days after receipt and approval by Owner of a proper invoice. Each progress payment shall be for ninety percent (90%) of the value of Work completed by Contractor, as determined by Contractor in accordance with the terms of this Contract and approved by Owner, as of the working day nearest the mutually agreed cutoff date.

36.2 Contractor shall submit separate invoices to Owner monthly within five (5) calendar days after the cutoff date as follows:

36.2.1 Progress invoices, for progress payments for Work (including additional Work authorized by Owner and added by a formal change to this Contract) completed by Contractor during each progress billing period. Cutoff date for Contractor's progress invoice shall be consistent from month to month as mutually agreed. Payment shall not be construed to be an acceptance of Work. Such invoices are subject to ten percent (10%) retention.

36.2.2 Additional Work invoices as separate invoices, to cover additional Work authorized by Owner and completed by Contractor, but not added to this Contract by a formal change at the time of invoicing. Such invoices are subject to ten percent (10%) retention.

36.2.3 The Final and/or Retention invoice shall be submitted for final payment after completion and acceptance of Work by Owner and compliance by Contractor with all terms of this Contract. This invoice shall contain complete itemized listing of Progress and Additional Work invoices by number, date, gross amount, retention amount, and the total amount of sums retained and due. It shall also contain, or be supported by a written acceptance of the Work signed by Owner and a certification and release in accordance with Article 40.0, FINAL PAYMENT CERTIFICATION AND RELEASE. Unless otherwise required by applicable law, final payment shall be made after completion and acceptance of all Work and in any event, shall not be sooner than 30 calendar days after receipt of a proper invoice and supporting documents satisfactory to Owner. Final payment shall not relieve Contractor of any obligation under Contract guarantees.

36.3 Contractor shall prepare all invoices in a form satisfactory to and approved by Owner. In the event an invoice is submitted, in accordance with Contract terms, for Work accomplished on a reimbursable or unit price/unit rate basis, it shall be accompanied by documentation supporting each element of measurement and/or cost. Any invoice submitted, which fails to comply with the terms of this Contract, including the requirements of form and documentation, may be returned to Contractor. Any costs associated with the resubmission of a proper invoice shall be to Contractor's account.

36.4 At Owner request, Contractor shall furnish evidence, satisfactory to Owner, that all labor and materials furnished and equipment used during the period covered by any Progress invoice or Additional Work invoice have been paid for in full and that the Work is not subject to liens or claims on account thereof. Owner may withhold approval of payment of invoices until Contractor furnishes such evidence.

36.5 Contractor shall furnish to Owner "partial waivers of lien" to cover payments on account during the progress of the Work.

37.0 TAXES, DUTIES, AND FEES

Contractor shall pay when due, and the compensation set forth in this Contract shall be inclusive of, all taxes, duties, fees and other assessments of whatever nature imposed by governmental authorities and applicable to the performance of the Work and this Contract.

38.0 DOCUMENTATION AND RIGHT OF AUDIT

38.1 Where Contractor's invoice includes compensation for Work performed at a unit price, Contractor shall submit its determination of units of Work performed, determined in accordance with the provisions of this Contract, and substantiated by documents satisfactory in form and content to Owner. Upon verification by Owner of said documents, Owner will advise Contractor in writing of either acceptance of Contractor's determination of units or of Owner determination of such units.

38.2 Where Contractor's invoice includes compensation for Work performed for a reimbursable Contract Price, all costs, expenses and other amounts so invoiced shall be substantiated and supported by equipment time slips, paid invoices, time sheets, receipts and other documents satisfactory to and verified by Owner.

38.3 Contractor shall maintain for a period of three (3) years after final payment under this Contract, all records and accounts pertaining to Work performed by Contractor under this Contract for a unit price, a reimbursable price, or otherwise authorized in writing by Owner for performance on a reimbursable basis. Owner and/or Owner shall have the right to audit, copy and inspect said records and accounts at all reasonable times during the course of such Work and for the above three (3) year period for the purpose of verifying units furnished and/or costs incurred, as applicable.

39.0 LIENS

39.1 To the full extent permitted by applicable law, Contractor hereby waives and releases any and all rights of mechanic's lien and similar rights for payment for services, labor, equipment, or materials furnished by Contractor in performance of the Work and granted by law to persons supplying materials, equipment, services and other things of value to approve or modify land or structures hereon, which Contractor may have against Owner's premises, property belonging to Owner, or to either of them, or funds payable by Owner to Owner.

39.2 Contractor shall at all times promptly pay for all services, materials, equipment and labor used or furnished by Contractor in the performance of the Work under this contract and shall at its expense keep Owner's premises and all property belonging to Owner, or to either of them, free and clear of any and all of the above mentioned liens and rights of lien arising out of

services, labor, equipment or materials furnished by Contractor or its employees, materialmen or subcontractors in the performance of the Work. If Contractor fails to release and discharge any such claim of lien against Owner's premises or the property of Owner, or of either of them, arising out of performance of the Work within five (5) working days after receipt of written notice from Owner to remove such claim of lien, Owner may, at their option, discharge or release the claim of lien or otherwise deal with the lien claimant, and Contractor shall pay Owner any and all costs and expenses of Owner in so doing, including reasonable attorneys' fees incurred by Owner.

40.0 FINAL PAYMENT CERTIFICATION AND RELEASE

Owner shall not be obligated to make final payment to Contractor until Contractor has delivered to Owner a certificate and release satisfactory to Owner that Contractor has fully performed under this Contract and that all claims of Contractor for the Work are satisfied upon the making of such final payment, that no property of Owner or property used in connection with the Work is subject to any unsatisfied lien or claim as a result of the performance of the Work, that all rights of lien against Owner's property in connection with the Work are released (including without limitation, if Owner requests, releases of lien satisfactory in form to Owner executed by all persons who by reason of furnishing material, labor or other services to Contractor for the Work or potential lienors against Owner's property), and that Contractor has paid in full all outstanding obligations against the Work.

GENERAL

41.0 INTERPRETATION OF PLANS AND SPECIFICATIONS

In case of misunderstanding of disagreement arising between any of the interested parties as to the intent or meaning of the plans, drawings, or specifications covering the Work, or should a question arise as to whether or not the Work is being or has been performed in accordance with the plans, drawings, and specifications, the decision of Owner shall be final and binding.

42.0 VALIDITY OF PROVISIONS

In the event any section, or any part or portion of any section of this Contract shall be held to be invalid, void or otherwise unenforceable, such holding shall not affect the remaining part or portions of that section, or any other section hereof.

43.0 WAIVER

Owner's failure to insist on performance of any term, condition, or instruction, or to exercise any right of privilege included in this Contract, or its waiver of any breach, shall not thereafter waive any such term, condition, instruction, and/or any right or privilege.
