- 1.15 Silence of Specifications: The apparent silence of specifications as to any detail, or the apparent omission from it of a detailed description concerning any point, shall be regarded as meaning that only the best commercial practice is to prevail and that only material and workmanship of the finest quality are to be used. Fort Bend County shall act as sole judge in determining equality and acceptability of products offered.

Initials of Bidder: LM

- 1.20 Evaluation: Evaluation shall be used as a determinant as to which bid items or services are the most efficient and/or most economical for the County. It shall be based on all factors, which have a bearing on price and performance of the items in the user environment. All bids are subject to tabulation by the Fort Bend County Purchasing Department and recommendation to Fort Bend County Commissioners Court. Any or all bids may be rejected if the County believes that collusion exists among the bidders. Bids in which the prices are obviously unbalanced may be rejected. If multiple bids are submitted by a bidder and after the bids are opened, one of the bids is withdrawn, the result will be that all of the bids submitted by that bidder will be withdrawn; however, nothing herein prohibits a vendor from submitting multiple bids for different products or services.

Initials of Bidder: LM

Service will commence only upon expiration of applicable warranties and should be priced accordingly.
- 1.28 Contract Obligation: Fort Bend County Commissioners Court must award the contract and the County Judge or other person authorized by the Fort Bend County Commissioners Court must sign the contract before it becomes binding on Fort Bend County or the bidders. Initials of Bidder: LM

Any special information concerning delivery should also be included, on a separate sheet, if necessary. All items shall be shipped F.O.B. inside delivery unless otherwise stated in the specifications. This shall be understood to include bringing merchandise to the appropriate room or place designated by the using department. Every tender or delivery of goods must fully comply with all provisions of these requirements and the specifications including time, delivery and quality. Nonconformance shall constitute a breach, which must be rectified prior to expiration of the time for performance. Failure to rectify within the performance period will be considered cause to reject future deliveries and cancellation of the contract by Fort Bend County without prejudice to other remedies provided by law. Where delivery times are critical, Fort Bend County reserves the right to award accordingly.
- 1.31 Contract Extension: Extensions may be made only by written agreement between Fort Bend County and the bidder. Any price escalations are limited to those stated by the bidder in the original bid.
- 1.32 Termination: Fort Bend County reserves the right to terminate the contract for default if Seller breaches any of the terms therein, including warranties of bidder or if the bidder becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies, which Fort Bend County may have in law or equity. Default may be construed as, but not limited to, failure to deliver the proper goods and/or services within the proper amount of time, and/or to properly perform any and all services required to Fort Bend County's satisfaction and/or to meet all other obligations and requirements. Contracts may be terminated without cause upon thirty (30) days written notice to either party unless otherwise specified.

Initials of Bidder: LM

2.7.2 Fort Bend County's obligation is payable only and solely from funds available for the purpose of this purchase. Lack of funds shall render the order null and void to the extent funds are not available and any delivered but unpaid goods will be returned to Seller by the county.

2.7.3 Do not include Federal Excise, State, or City Sales Tax. Fort Bend County is a tax-exempt governmental entity.

2.8 Gratuities: Fort Bend County may, by written notice to the Seller, cancel any order without liability, if it is determined by the County that gratuities, in the form of entertainment, gifts, or otherwise were offered or given by the Seller, or any agent or representative of the Seller to any officer or employee of Fort Bend County with a view toward securing an order. 2.10 Warranty/Price:

2.10.1 The price to be paid by the County shall be that contained in Seller's quote or bid which Seller warrants to be no higher than Seller's current prices on orders by others for products of the kind and specification covered by an order for similar quantities under similar or like conditions and methods of purchase. In the event Seller breaches this warranty the prices of the items shall be reduced to the Seller's current prices on orders by others. Fort Bend County may cancel this contract without liability.

Initials of Bidder: LM

A breach or violation of this warranty gives the County the right, in addition to any other right or rights, to cancel this contract without liability.
- 2.11 Warranty Product: Seller shall not limit or exclude any implied warranties and any attempt to do so shall render an order voidable at the option of the County. Seller warrants that the goods furnished will conform to the specifications, drawings, and description listed in the bid invitation and purchase order as applicable, and to the sample(s) furnished by Seller if any. In the event of a conflict between the specifications, drawings, and descriptions, the specifications shall govern.

In the event Seller fails to make the appropriate correction within 10 days, correction made by the County will be at Seller's expense.
- 2.13 No Warranty by Fort Bend County Against Infringements: As part of a contract for sale Seller agrees to ascertain whether goods manufactured in accordance with the specifications will give rise to the rightful claim of any third person by way of infringement. Fort Bend County makes no warranty that the production of goods according to the specification will not give rise to such a claim and in no event shall Fort Bend County be liable to Seller for indemnification in the event the Seller is sued on the grounds of infringement or the like. If Seller is of the opinion that an infringement will result, he will notify Fort Bend County to this effect in writing within two days after the receiving Purchase Order. If the County does not receive notice and is subsequently held liable for the infringement, Seller will defend and save the County harmless. If Seller in good faith ascertains that production of the goods in accordance with the specifications will result in infringement, this contract shall be null and void except that the County will pay Seller the reasonable cost of his search as to infringements.
- 2.14 Right of Inspection: The County shall have the right to inspect the goods at delivery before accepting them.

Initials of Bidder: LM

- 2.15 Cancellation: Fort Bend County shall have the right to cancel for default all or any part of the undelivered portion of an order if Seller breaches any of the terms hereof including warranties of Seller, or if the Seller becomes insolvent or files for protection under the bankruptcy laws. Such rights of cancellation are in addition to and not in lieu of any other remedies, which Fort Bend County may have in law or equity.
- 2.16 Termination: The performance of work under a Purchase Order may be terminated in whole or in part by the County in accordance with this provision. Termination of work there under shall be effected by the delivery to the Seller of a "Notice of Termination" specifying the extent to which performance of work under the order is terminated and the date upon which such termination becomes effective. Such right of termination is in addition to and not in lieu of rights of Fort Bend County set forth in Clause 15 herein.
- 2.17 Force Majeure: Force Majeure means a delay encountered by a party in the performance of its obligations under this Agreement, which is caused by an event beyond the reasonable control of that party. Without limiting the generality of the foregoing, "Force Majeure" shall include but not be restricted to the following types of events: acts of God or public enemy; acts of governmental or regulatory authorities; fires, floods, epidemics or serious accidents; unusually severe weather conditions; strikes, lockouts, or other labor disputes; and defaults by subcontractors. In the event of a Force Majeure, the affected party shall not be deemed to have violated its obligations under this Agreement, and the time for performance of any obligations of that party shall be extended by a period of time necessary to overcome the effects of the Force Majeure, provided that the foregoing shall not prevent this Agreement from terminating in accordance with the termination provisions. If any event constituting a Force Majeure occurs, the affected party shall notify the other parties in writing, within twenty-four (24) hours, and disclose the estimated length of delay, and cause of the delay.
- 2.18 Assignment-Delegation: No right or interest in an order shall be assigned or delegation of any obligation made by Seller without the written permission of Fort Bend County. Any attempted assignment or delegation by Seller shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.
- 2.19 Waiver: No claim or right arising out of a breach of any contract can be discharged in whole or in part by a waiver or renunciation of the claim or right unless the waived or renunciation is supported by consideration and is in writing signed by the aggrieved party.
- 2.20 Modification: A Purchase Order can be modified or rescinded only by a writing signed by both of the parties or their duly authorized agents.

Initials of Bidder: LM

- 2.21 Parol Evidence: This writing is intended by the parties as a final expression of their agreement and is intended also as a complete and exclusive statement of the terms of this agreement. No course of prior dealings between the parties and no usage of the trade shall be relevant to supplement or explain any terms rendered under this agreement and shall not be relevant to determine the meaning of this agreement even though the accepting or acquiescing party has knowledge of the performance and opportunity for objection. Whenever a term defined by the Uniform Commercial Code is used in this agreement, the definition contained in the Code is to control.
- 2.22 Applicable Law: This agreement shall be governed by the Uniform Commercial Code. Whenever the term "Uniform Commercial Code" is used it shall be construed as meaning the Uniform Commercial Code as adopted in the State of Texas and in effect on the date of the purchase order.
- 2.23 Advertising: Seller shall not advertise or publish, without the County's prior consent the fact that Fort Bend County has entered into any contract, except to the extent necessary to comply with proper requests for information from an authorized representative of the federal, state, or local government.
- 2.24 Right to Assurance: Whenever the County in good faith has reason to question the other party's intent to perform. The County may demand that the other party give written assurance of his intent to perform. In the event that a demand is made and no assurance is given within five (5) days, the County may treat this failure as an anticipatory repudiation of the contract.
- 2.25 Venue: Both parties agree that venue for any litigation arising from this contract shall lie in Richmond, Fort Bend County, Texas.
- 2.26 Prohibition Against Personal Interest in Contracts: No officer or employee of the County shall have a financial interest, direct or indirect, in any contract with the County, or shall be financially interested, directly or indirectly, in the sale to the County of any land, materials, supplies, or service, except on behalf of the County as an officer or employee. Any willful violation of this section shall constitute malfeasance in office, and any officer or employee guilty thereof shall be subject to disciplinary action under applicable laws, statutes and codes of the State of Texas. ## **SAMPLE SELECTION LIST**

### **TEEN FICTION**

This list was created from a group of awards, bibliographies, and review journals, then supplemented with titles that have been selling well to public libraries this year.

Lists delivered for this project would be based on your profile information for criteria such as subject areas, publication dates, bindings, and sources.

This list has been printed in the Brief Display format from BibzII in Author/Title sequence. It has also been posted to Fort Bend's BibzII organization and shared to Lorri Lessey. It can be viewed there with all the title detail information including cover images and full text reviews. The default sort in BibzII is Title/Author, but the list can be resorted into Dewey/Author/Title or several other sequence options.

## **SAMPLE SELECTION LIST**

### **PICTURE BOOKS**

This is an excerpt from a list that was created from a group of awards, bibliographies, and review journals, then supplemented with titles that have been selling well to public libraries this year.

Lists delivered for this project would be based on your profile information for criteria such as subject areas, publication dates, bindings, and sources.

This list has been printed in the Expanded Display format from BibzII in Author/Title sequence.. The full list has also been posted to Fort Bend's BibzII organization and shared to Lorri Lessey. It can be viewed there with all the title detail information including cover images and full text reviews. The default sort in BibzII is Title/Author, but the list can be resorted into Dewey/Author/Title or several other sequence options.

## STORAGE, SORTING AND DELIVERY SERVICES

### Levels of Sorting - For Dewey Classification

Brodart offers three levels of sorting ranging from an "approximate shelf order sort" to sorting books in exact shelf list order. The pricing outlined in section 18 reflects Level 1 sorting. Prices for the levels of "custom sorts" are available upon request.

#### **Level 1 - Approximate Shelf Order Sort – no charge**

- Fiction is sorted by the 1<sup>st</sup> initial of the author's last name
- Nonfiction is sorted by Dewey Hundred Divisions (i.e. all adult 400s will be boxed together)

#### ***Custom Sorts*** – we offer 2 options for custom sorting

#### **Level 2 – Partial call number sort**

- Fiction is sorted by the first 3 positions of the author's last name (**Christie**)
- Nonfiction is sorted up to the decimal point (**782.42**)

#### **Level 3 – Exact shelflist order**

- Fiction is sorted by entire author's last name, then by title
- Nonfiction is sorted by the entire Dewey class number, then by author's last name

### **Auditing Materials in Storage**

Brodart understands that FBCL may require access to the purchased items in storage to ensure Brodart is meeting all the terms and conditions of the library's contract. An audit may be conducted at the library's expense. We request to be notified by telephone at least one day in advance. We will be happy to assist the library staff in any way possible.

### **Guarantee for Materials Processed by Brodart**

Materials requiring storage for the new library will be stored at our facility in Pennsylvania. As a book wholesaler, our warehouse is designed for storage of books. Sufficient heat and humidity control is maintained to ensure the condition of the materials upon delivery.

All materials will be fully guaranteed and insured against physical loss, damage, or defect while in storage and until which time the books are delivered to the library. If any titles are found to be defective within one year of delivery, a credit or no-charge replacement will be issued.

### **Shipment and Delivery**

Processed book shipments will be made by common carrier and will arrive prepaid for inside delivery. The number and timing of deliveries will be agreed upon by Brodart and FBCL.

Each motor freight shipment will be loaded by Brodart staff in such a way as to facilitate delivery. The truck will be arranged using FBCL's shelving sequence as a guide. The last boxes loaded will be the first, as designated by the FBCL shelving plan, to be shelved. The books will arrive in boxes that are shrink-wrapped on a pallet to insure proper protection during storage and shipping.

Upon request, a Brodart representative can be present to assist you on your delivery day. We have extensive experience with deliveries and shelving and we feel you will find our representatives a tremendous asset on delivery day. They will be responsible for coordinating all communication with the trucking company to ensure a timely delivery. In addition, they will manage the off loading of the pallets and the delivery of the pallets inside the building, as well as offer services to remove pallets for recycling. They are generally on-site for the entire shelving period to handle questions, no-charge replacements or processing errors that might require attention. There is no charge for the on-site delivery assistance our representatives provide.

## **PAYMENT REQUIREMENTS**

We have offered free shipping and no charge for Brodart's insured storage services until the anticipated delivery (July 2011). Per the requirements in the invitation to bid, we are not requiring payment for material until it is shipped to the new University Branch Library. If the delivery is delayed, we may request a letter of ownership for the materials in storage as of year end (December 31<sup>st</sup>). This will enable our Corporate Auditing Department to release the ownership of the material while still providing fully insured no-cost storage at Brodart's expense. We will also provide free storage for an additional six months if the opening of the new building is delayed.

## **PROJECT REPORTS**

Brodart can provide a number of reports to assist the FBCL with monitoring the status of books supplied by Brodart. These reports can include nearly any combination of titles that have been ordered, cancelled, on backorder, in process, invoiced or in storage. They can contain acquisitions data received with your order, such as the purchase order number, branch information, fund code, collection code and item type. We can customize these reports during the profiling sessions to meet your needs. An example of a customized report is Brodart's Delivery Report (described in item 11.15). This report is available in Excel format and includes the library's barcode number, order number, account number, quantity ordered, purchase order number, branch code, collection code, fund code, item type, call number, title, author and EAN. We have attached a paper copy of the report for your review. In addition to Brodart's customized project reports, the following is a list of our standard reports.

### **Confirmation Report**

Paper confirmation of titles ordered can be supplied to the library when orders are entered. The Confirmation Report will include the author/editor, title, ISBN, list price, discount, extended price, and status (not yet published, out of print, must order direct). The confirmation reports are available by account number, and titles will be arranged alpha by author or by title. Orders transmitted electronically (EDI) can receive an EDI acknowledgment.

### **On-Order Title Status Report**

Brodart's On-Order Title Status Report will identify, by account number, the status of all titles on order. This report includes the ISBN, quantity ordered, author, title, purchase order number, list price, and order date. The On-Order Title Status Report is available weekly, monthly, or upon request.

### **Cancellation Reports**

Brodart will notify all libraries of cancellations on a title-by-title basis. The Cancellation Report will include the ISBN, quantity ordered, author, title, list price, purchase order number, and the reason the title was cancelled. Cancellation reports are available weekly or monthly.

### **Invoices**

Brodart offers a number of invoicing options:

- an invoice to match every packing slip
- a consolidated weekly invoice
- a consolidated monthly invoice

Brodart's invoices are available in duplicate and cataloging and processing charges can be either billed on a separate invoice or listed on a book invoice as a separate line item. Orders transmitted electronically (EDI) can receive EDI invoices.

### **Fund Reports**

Brodart's Do-Not-Exceed (DNE) System will provide accurate fund accounting for all orders placed with Brodart for the opening day collection materials. The DNE system will allow FBCL to specify the exact amount of money budgeted for each subject category and will fulfill all orders up to, but not exceed, the monetary limit.

Brodart's DNE system will encumber books at the actual invoice price (net price of the book plus processing charges). This will provide Fund Reports to ensure the cost of the collection does not exceed the budgeted amount.

Your Fund Reports will include the dollar limit and the quantity and dollar amounts of books invoiced, cancelled, allocated, and in-process. The DNE system will continuously update the encumbrances, expenditures, and remaining balances as the books move from one status to another. All charges paid by FBCL will be included in the Fund Report.

Paper samples of these reports are enclosed for your review.
