Greetings,

I have enclosed a Vehicle Cost Sheet per your request in reference to purchasing vehicles for our patrol contracts. Please note that all the vehicles and associated equipment will be identical, so only one form is needed to show costs. We need to purchase two Truck V models for the following contracts:

- A. Cinco Ranch = 1-Will replace Truck L139
- B. Falcon Ranch = 1-Will replace Truck L110

This is being done because the trucks are over 100,000 miles, the computers and radios in the vehicles cannot be upgraded, and they are beginning to have mechanical breakdowns that cause the vehicles to be out of service for long periods of time.

On the Vehicle Cost Sheet, please note I have made corrections to the form as some of the items on the form are not being used or no longer approved for vehicles. These changes include the following:

- A. Setina stationary security cage has been changed to Pro Guard model P8100.
- B. Motorola MW810 mobile work station has been changed to General Dynamics computer model GD8000.
- C. The cost for a Truck V model was incorrect on the form as it still shows the cost during FY 2009 rather than FY 2011.

If you have any questions regarding vehicle equipment and costs, please direct those questions to vehicle maintenance and/or Dale Ryclick.

If you have any questions or problems, please feel free to contact me. Thank you in advance for your assistance.

Sincerely,

Aaron W. Tyksinski
Chief Deputy
