FORT BEND COUNTY ENGINEERING

Fort Bend County, Texas

AGENDA

D. Jesse Hegemier
County Engineer

From: Robert Casey Lyde
To: Commissioner's Court
Date: 8/3/11
Subject: New Road Name - Faustino Garcia Road

Dear Commissioner's Court:

It has been brought to the attention of the Fort Bend County GIS Division that there is a need for a street name and/or address range change. Please note, the following change is NOT a Fort Bend County maintained road name change (it will not appear upon the County Maintained Road log. To our knowledge, there is no conflict with our records regarding:

- A) The name change from No Name to Faustino Garcia Road located on the north side of Cumings Road on Key Map page 604D within the 77471 zip code, Precinct 1.
- B) The address range will be from the 900 block to the 1100 block of Faustino Garcia Road with even addresses on the east and odd on the west side of the road within the 77471 zip code.

The purpose for the name change or address range change:
To add Faustino Garcia Road to the name of the existing private road.

The property owners have signed the Suggested Change Form.

Please see attached map.

Thank you,

A handwritten signature in black ink that reads "Robert Casey Lyde".

Petition for Road Name

Faustino Garcia Rd.

We are asking for all home owners to please sign the petition for a name on the road. The Garcia family has been trying to name the road and is now needing the signatures to finish the petition. We are wanting to name the road in memory of Faustino Garcia the original owner of the 15 acre tract property. By signing the petition you acknowledge that you agree to the naming of the road and understand that you will need to do name changing of address to all utility bills and any other bills that have your address like checking accounts, Texas driver license etc. The benefits to the road name is incase of an emergency the E M S, Sheriff Department and Fire Department will have direct location on their system. So once again we are asking for your signature in naming the road.

Thank You
