**NOW THEREFORE**, the State and the Transit Provider do agree as follows:

## **AGREEMENT**

### **ARTICLE 1. MGA AND PROJECT GRANT AGREEMENTS (PGA) TIME PERIOD**

This MGA and the PGAs executed under this MGA become effective when signed by the last party whose signing makes the respective agreement fully executed. This MGA shall remain in effect until **August 31, 2016**, unless terminated or otherwise modified in an amendment added to this MGA.

### **ARTICLE 2. COMPENSATION**

- A.** The State's reimbursement to the Transit Provider is contingent upon the availability of appropriated funds. The State shall have no liability for any claims submitted by the Transit Provider or its subcontractors, vendors, manufacturers, or suppliers if sufficient federal or state funds are not available to pay the Transit Provider's claims.
- B.** To be eligible for reimbursement under the MGA, a cost must be incurred and authorized within the MGA period specified in Article 1, MGA and PGA Time Period.
- C.** The Transit Provider may submit requests for reimbursement to the State no more frequently than monthly and no later than forty-five (45) days after the date of the invoices submitted for reimbursement. The Transit Provider will use invoice statements acceptable to the State. Additional documentation to support any cost incurred during the billing period may be required at the discretion of the State. As a minimum, each billing must be accompanied by a summary by budget line item which indicates the total amount authorized for each line item, previous expenditures, current period expenditures, and the balance remaining in the line item.
- D.** The original and one copy of the invoice is to be submitted to the appropriate Texas Department of Transportation (TxDOT) District Office.
- E.** The State will make payment within thirty (30) days of the receipt of properly prepared requests for reimbursement.

- G.** This agreement provides for reimbursement of costs that have already been incurred, and it is the expectation of the State that all subcontractors and vendors will have been paid before a request for reimbursement is submitted. The Transit Provider shall pay a subcontractor or vendor for work performed within ten (10) days after the Transit Provider receives payment for the work performed by that subcontractor. Also, any retained monies on a subcontractor's work shall be paid to the subcontractor within ten (10) days after the Transit Provider receives any retainage payment. The State shall not be responsible for the debts of the Transit Provider.
- H.** The above requirements are also applicable to all sub-tier subcontractors and the above provisions shall be made a part of all subcontracts.
- I.** Failure to comply with any of the above requirements may cause withholding of payments to the Transit Provider and will be grounds for termination of this MGA and PGAs by the State.

### **ARTICLE 3. PGA AND AMENDMENTS**

- A.** All PGAs and amendments to MGAs or PGAs must be executed by both parties within the grant time period specified in Article 1, MGA and PGA Time Period.

If the above certification is shown to be false, the Transit

Provider is liable to the state for attorney's fees, the cost necessary to complete the contract, including the cost of advertising and awarding a second contract, and any other damages provided by law or the contract. A child support obligor or business entity ineligible to receive payments because of a payment delinquency of more than thirty (30) days remains ineligible until: all arrearages have been paid; the obligor is in compliance with a written repayment agreement or court order as to any existing delinquency; or the court of continuing jurisdiction over the child support order has granted the obligor an exemption from Subsection (a) of Section 231.006, Texas Family Code, as part of a court-supervised effort to improve earnings and child support payments.

**ATTACHMENT A  
FEDERAL GENERAL TERMS AND CONDITIONS  
FOR PUBLIC TRANSPORTATION PROJECTS**

This document contains standard terms and conditions governing the administration of a public transportation project supported with federal assistance through the Texas Department of Transportation ("State"). The State and the Transit Provider/Sub-grantee ("Transit Provider") understand and agree that not every provision of this document will apply to every Transit Provider or every project depending upon the nature of the Project and the section of the statute authorizing the financial assistance. Thus, in consideration of the mutual covenants, promises, and representations in this agreement, the State and the Transit Provider agree as follows:

**SECTION 1. PROJECT IMPLEMENTATION**

**A. General requirements.**

1. Effective Date. The effective date of this agreement is the date of final execution by both parties. The Transit Provider agrees to begin the Project in a timely manner.
2. Transit Provider's Capacity. The Transit Provider agrees to maintain or acquire sufficient legal, financial, technical, and managerial capacity to plan, manage, and complete the Project, and provide for the use of Project facilities and equipment, to comply with the terms of the agreement, and all applicable federal laws, executive orders, regulations, directives, and published policies governing this Project.
3. Completion Dates. The Transit Provider agrees to complete the Project in a timely manner.

**B. U.S. Department of Transportation (U.S. DOT) Administrative Requirements.** The Transit Provider acknowledges that federal administrative requirements differ based on the type of entity receiving federal assistance:

1. A Transit Provider that is a State, a local government, or an Indian tribal government agrees to comply with U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments," 49 CFR Part 18.
2. A Transit Provider that is an institution of higher education or a nonprofit organization agrees to comply with U.S. DOT regulations, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals, and Other Non-Profit Organizations," 49 CFR Part 19.

**C. Application of Federal, State, and Local Laws and Regulations.** The Transit Provider acknowledges that federal laws, regulations, policies, and related administrative practices applicable to the Project may be modified from time to time. The Transit Provider agrees that the most recent of such federal requirements will govern the administration of the Project at any particular time, unless the Federal Transit Administration (FTA) issues a written determination otherwise. The Transit Provider agrees to include notice in each agreement with any third party contractor participating in the Project that state or federal requirements may change and the changed requirements will apply to the Project as required, unless the state or federal government determines otherwise.

**D. Significant Participation by a Third Party Contractor.** Although the Transit Provider may enter into a third party contract in which the third party contractor agrees to provide property

or services in support of the Project, or even carry out Project activities normally performed by the Transit Provider, the Transit Provider continues to remain responsible to the FTA for compliance with federal requirements.

**E. Transit Provider's Responsibility to Extend Federal Requirements to Other Entities.**

1. Entities Affected. The Transit Provider agrees to take appropriate measures necessary to ensure any third party subcontractors comply with applicable federal requirements.
2. Documents Affected. The Transit Provider agrees to require its third party subcontractors to include adequate provisions to ensure compliance with applicable federal requirements in each lower tier subcontract and sub-agreement financed in whole or in part with financial assistance.

**F. No State or Federal Government Obligations to Third Parties.** The Transit Provider agrees that, absent the state or federal government's express written consent, the state or federal government shall not be subject to any obligations or liabilities to any Transit Provider or any third party contractor, or any other person.

**G. Changes in Project Performance (i.e., Disputes, Breaches, Defaults or Litigation).** The Transit Provider agrees to notify the State immediately of any change in conditions (such as its legal, financial, or technical capacity), or any other event that may significantly affect the Transit Provider's ability to perform the Project.

**H. Incorporation of Federal Transit Administration Terms.** The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1E, dated June 19, 2003 and as amended August 4, 1998, are incorporated by reference. Anything to the contrary found in this agreement notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Transit Provider shall not perform any act, fail to perform any act, or refuse to comply with any requests which would cause anyone to be in violation of the FTA terms and conditions.

**I. State and Local Law Disclaimer.** The wording in the suggested clauses in the FTA Best Practices Procurement Manual is not governed by federal law, but is significantly affected by State law. The language of the suggested clauses may need to be modified depending on state law, and that before the suggested clauses are used in the Transit Provider's procurement documents, the Transit Provider's should consult with its local attorney.

**J. Federal Changes.** Transit Provider shall at all times comply with all applicable FTA regulations, policies, procedure and directives, as they may be amended or promulgated from time to time during the term of any contract related to this solicitation. Transit Provider's failure to so comply may constitute a material breach of the underlying contract.

## **SECTION 2. DEBARMENT / LOBBYING CERTIFICATIONS**

**A. Debarment and Suspension.** The parties are prohibited from making any award at any tier to any party that is debarred or suspended or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order 12549, "Debarment and Suspension." By executing this agreement, the Transit Provider certifies that it is not currently debarred, suspended, or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order 12549 and further certifies that it will not do business with any party that is currently debarred, suspended, or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order

12549. The parties to this contract shall require any party to a subcontract or purchase order awarded under this contract to certify its eligibility to receive federal funds and, when requested by the State, to furnish a copy of the certification.

**B. Lobbying Restrictions.** In executing this agreement, each signatory certifies to the best of that signatory's knowledge and belief, that:

1. No federal appropriated funds have been paid or will be paid by or on behalf of the parties to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
2. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with federal contracts, grants, loans, or cooperative agreements, the signatory for the Transit Provider shall complete and submit the Federal Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
3. The parties shall require that the language of this certification shall be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and all Transit Providers shall certify and disclose accordingly. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Title 31 U.S.C. §1352. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

**SECTION 3. ACCOUNTING RECORDS**

- A. Project Accounts.** The Transit Provider agrees to establish and maintain for the Project either a separate set of accounts, or separate accounts within the framework of an established accounting system, that can be identified with the Project. The Transit Provider agrees that all checks, payrolls, invoices, contracts, vouchers, orders, or other accounting documents related in whole or in part to the Project shall be clearly identified, readily accessible and available to FTA upon its request, and, to the extent feasible, kept separate from documents not related to the Project.
- B. Documentation of Project Costs and Program Income.** The Transit Provider agrees to support all costs charged to the Project, including any approved services contributed by the Transit Provider or others, with properly executed payrolls, time records, invoices, contracts, or vouchers describing in detail the nature and propriety of the charges. The Transit Provider also agrees to maintain accurate records of all program income derived from implementing the Project, except certain income determined by FTA to be exempt from the general federal program income requirements.

#### **SECTION 4. REPORTING, RECORD RETENTION, AND ACCESS**

- A. Record Retention.** The Transit Provider agrees to maintain intact and readily accessible all data, documents, reports, records, contracts, and supporting materials relating to the Project as the State or the federal government may require during the course of the Project and for four years thereafter.
- B. Access to Records.** Upon request, the Transit Provider agrees to permit and require its Transit Providers to permit the U.S. Secretary of Transportation, the Comptroller General of the United States, and the State, or their authorized representatives, to inspect all Project work, materials, payrolls, and other data, and to audit the books, records, and accounts pertaining to the Project.
- C. Project Close-out.** Project close-out does not alter the reporting and record retention requirements of this Agreement.

#### **SECTION 5. COSTS REIMBURSED**

The Transit Provider understands and agrees that Project costs eligible for participation must comply with all the following requirements:

1. Conform with the Approved Project Description, the Project Budget, and all other terms of the agreement;
2. Are necessary in order to accomplish the Project;
3. Are reasonable for the goods or services purchased;
4. Are actual net costs to the Transit Provider (i.e., the price paid minus any refunds, rebates, or other items of value received by the Transit Provider that have the effect of reducing the cost actually incurred, excluding program income);
5. Are incurred within the agreement time period;
6. Are satisfactorily documented;
7. Are treated consistently in accordance with accounting principles and procedures approved by the State;
8. Are eligible under state and federal law, regulation, rule, or guidelines for participation; and
9. Unless permitted otherwise by federal statute or regulation, comply with the: (1) U.S. Office of Management and Budget (OMB) Circular A-87, Revised, "Cost Principles for State and Local Governments" if the Transit Provider is a local government or an Indian tribal government; (2) OMB Circular A-21, Revised, "Cost Principles for Educational Institutions" if the Transit Provider is an institution of higher education; (3) OMB Circular A-122, Revised, "Cost Principles for Non-Profit Organizations" if the Transit Provider is a private nonprofit organization; or (4) Federal Acquisition Regulation, 48 CFR Chapter I, Subpart 31.2, "Contracts with Commercial Organizations" if the Transit Provider is a for-profit organization. Additionally, the Transit Provider shall comply with the requirements of the Single Audit Act of 1984, P.L. 98-502, ensuring that the single audit report includes the coverage stipulated in OMB Circular A-133.

#### **SECTION 6. CIVIL RIGHTS**

The Transit Provider agrees to comply with all applicable civil rights statutes and implementing regulations including, but not limited to, the following:

- A. Nondiscrimination** - In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and

federal transit law at 49 U.S.C. § 5332, the Transit Provider agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Transit Provider agrees to comply with applicable federal implementing regulations and other implementing requirements FTA may issue.

**B. Equal Employment Opportunity** - The following equal employment opportunity requirements apply to the underlying contract:

1. Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and federal transit laws at 49 U.S.C. § 5332, the Transit Provider agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 CFR Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and supplemented in the Department of Labor Regulations (41CFR Part 60) and with any applicable federal statutes, executive orders, regulations, and federal policies that may in the future affect construction activities undertaken in the course of the Project. The Transit Provider agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Transit Provider agrees to comply with any implementing requirements FTA may issue.
2. Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and federal transit law at 49 U.S.C. § 5332, the Transit Provider agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Transit Provider agrees to comply with any implementing requirements FTA may issue.
3. Disabilities - In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the Transit Provider agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 CFR Part 1630, pertaining to employment of persons with disabilities. In addition, the Transit Provider agrees to comply with any implementing requirements FTA may issue.

**C. Requirements**. The Transit Provider also agrees to include these requirements in each subcontract financed in whole or in part with federal assistance provided by FTA, modified only if necessary to identify the affected parties.

## **SECTION 7. BUS REQUIREMENTS**

The Transit Provider agrees to comply with the following:

**A. Charter Service Operations**. The Transit Provider agrees to comply with 49 U.S.C. 5323(d) and 49 CFR Part 604, which provides that recipients and Transit Providers of FTA assistance are prohibited from providing charter service using federally funded equipment or facilities if there is at least one private charter operator willing and able to provide the

service, except under one of the exceptions at 49 CFR 604.9. Any charter service provided under one of the exceptions must be "incidental," i.e., it must not interfere with or detract from the provision of mass transportation.

- B. School Bus Operations.** Pursuant to 69 U.S.C. 5323(f) and 49 CFR Part 605, recipients and Transit Providers of FTA assistance may not engage in school bus operations exclusively for the transportation of students and school personnel in competition with private school bus operators unless qualified under specified exemptions. When operating exclusive school bus service under an allowable exemption, recipients and Transit Providers may not use federally funded equipment, vehicles, or facilities.

## **SECTION 8. PROCUREMENT**

To the extent applicable, the Transit Provider agrees to comply with the following third party procurement requirements:

- A. Federal Standards.** The Transit Provider agrees to comply with FTA Circular 4220.1E, "Third Party Contracting Requirements," including any revision or replacement of it, and applicable federal regulations or requirements, including FTA third party contracting regulations when promulgated. The FTA Best Practices Procurement Manual provides additional procurement guidance. Nevertheless, be aware that the FTA Best Practices Procurement Manual is focused on procurement processes and may omit certain federal requirements applicable to the work to be performed.
- B. Buy America.**
1. The Transit Provider agrees to comply with 49 U.S.C. § 5323(j) and 49 CFR Part 661, which provide that federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 CFR § 661.7, and include final assembly in the United States for 15 passenger vans and 15 passenger wagons produced by Chrysler Corporation, microcomputer equipment, software, and small purchases (currently less than \$100,000) made with capital, operating, or planning funds. Separate requirements for rolling stock are set out at § 5323(j)(2)(C) and 49 CFR § 661.11. Rolling stock not subject to a general waiver must be manufactured in the United States and have a 60 percent domestic content.
  2. A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification with all bids on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.
- C. Exclusionary or Discriminatory Specifications.** Apart from inconsistent requirements imposed by federal statute or regulations, the Transit Provider agrees to comply with the requirements of 49 U.S.C. §5323(h)(2) by refraining from using any federal assistance awarded by FTA to support procurements using exclusionary or discriminatory specifications.
- D. Bus Seat Specifications.** The Transit Provider may use specifications conforming with the requirements of 49 U.S.C. §5323(e) to acquire bus seats.
- E. Clean Air and Clean Water.** The Transit Provider agrees to include in third party contracts exceeding \$100,000 adequate provisions to ensure that Project participants report the use

of facilities placed or likely to be placed on EPA's "List of Violating Facilities," refrain from using violating facilities, report violations to FTA and the Regional EPA Office, and comply with the inspection and other applicable requirements of:

1. Section 114 of the Clean Air Act, as amended, 42 U.S.C. §7414, and other applicable provisions of the Clean Air Act, as amended, 42 U.S.C. §7401 et seq.; and
2. Section 308 of the federal Water Pollution Control Act, as amended, 33 U.S.C. §1318, and other provisions of the Federal Water Pollution Control Act, as amended, 33 U.S.C. §1251 et seq.

**F. Preference for Recycled Products.** To the extent applicable, the Transit Provider agrees to comply with U.S. Environmental Protection Agency "Comprehensive Procurement Guidelines for Products Containing Recovered Materials," 40 CFR Part 247, implementing section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §6962, and otherwise provide a competitive preference for products and services that conserve natural resources and protect the environment and are energy efficient.

**G. Architectural, Engineering, Design, or Related Services.** When procuring architectural, engineering, or related services, the Transit Provider agrees to comply with the provisions of 49 U.S.C. §5325(b), either by negotiating for those services in the same manner as a contract for architectural and engineering services is negotiated under Title IX of the Federal Property and Administrative Services Act of 1949, as amended, 40 U.S.C. §541 et seq., or by using an equivalent qualifications-based requirement of the State. When, awarding contracts for architectural, engineering, or related services, the Transit Provider agrees to accept undisputed audits conducted by other governmental agencies, in accordance with 23 U.S.C. §112(b)(2) (C) through (F). To the extent the Transit Provider qualifies for an exception in accordance with 49 U.S.C. §5325(b), however, this subsection does not apply.

**H. Award to Other than the Lowest Bidder.** In accordance with 49 U.S.C. §5325(c), a Transit Provider may award a third party contract to a party other than the lowest bidder, when such an award furthers objectives consistent with the purposes of 49 U.S.C. Chapter 53 and any implementing regulations, directives, circulars, manuals, or other guidance FTA may issue and is consistent with state law.

**I. Rolling Stock.** In acquiring rolling stock, the Transit Provider agrees as follows:

1. **Method of Acquisition.** The Transit Provider may award a third party contract for rolling stock based on initial capital costs, performance, standardization, life cycle costs, and other factors, or based on a competitive procurement process, in accordance with 49 U.S.C. §5326(c).
2. **Multi-year Options.** In accordance with 49 U.S.C. §5326(b)(1), a Transit Provider may procure rolling stock using financial assistance appropriated for 49 U.S.C. Chapter 53 using a contract with an option, not to exceed 5 years after the date of the original contract, to purchase additional rolling stock or replacement.
3. **Pre-Award and Post-Delivery Requirements.** The Transit Provider agrees to comply with the requirements of 49 U.S.C. §5323(m) and FTA regulations, "Pre-Award and Post-Delivery Audits of Rolling Stock Purchases," 49 CFR Part 663, and any revision to it.

- J. Bonding.** To the extent applicable, the recipient agrees to comply with the following bonding requirements.
1. **Construction Activities.** The Transit Provider agrees to provide bid guarantee, contract performance, and payment bonding to the extent deemed adequate by FTA and applicable federal regulations, and comply with any other bonding requirements FTA may issue.
  2. **Other Activities.** The Transit Provider agrees to comply with any other bonding requirements or restrictions FTA may impose.
- K. National Intelligent Transportation Systems Architecture and Standards.** The Transit Provider agrees to conform, to the extent applicable, to the National Intelligent Transportation Standards architecture in compliance with section 5206(e) of TEA-21, 23 U.S.C. §502 note, and with FHWA/FTA's "Transportation Equity Act for the 21st Century; the Interim Guidance on Conformity with the National Intelligent Transportation Systems Architecture and Standards," 63 Fed. Reg. 70443 et seq., December 21, 1998, and other subsequent federal directives that may be issued.
- L. Fly America Requirements.** The Transit Provider agrees to comply with 49 U.S.C. § 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients of federal funds and their subcontractors are required to use U.S. Flag air carriers for U.S Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Transit Provider shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Transit Provider agrees to include the requirements of this section in all subcontracts that may involve international air transportation.
- M. Cargo Preference.** Use of United States-Flag Vessels - The Transit Provider agrees:
1. To use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;
  2. To furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the Transit Provider in the case of a subcontractor's bill-of-lading).
  3. To include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

## **SECTION 9. LEASES**

- A. Capital Leases.** To the extent applicable, the Transit Provider agrees to comply with FTA regulations, "Capital Leases," 49 CFR Part 639, and any revision to it.
- B. Leases Involving Certificates of Participation.** The Transit Provider agrees to obtain FTA concurrence before entering into a leasing arrangement involving the issuance of certificates of participation in connection with the acquisition of any capital asset.
- C. Cross-Border Leases.** To the extent applicable, the Transit Provider agrees to comply with FTA Circular 7020.1, "Cross-Border Leasing Guidelines," April 26, 1990, in connection with the acquisition of capital assets involving a cross-border lease.

## **SECTION 10. PATENT RIGHTS**

- A. General.** If any invention, improvement, or discovery of the Transit Provider or any of its third party subcontractors is conceived or first actually reduced to practice in the course of or under the Project, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Transit Provider agrees to notify FTA immediately and provide a detailed report.
- B. Federal Rights.** The Transit Provider agrees that its rights and responsibilities, and those of each third party contractor at any tier pertaining to that invention, improvement, or discovery will be determined in accordance with applicable state and federal laws, regulations, including any waiver of it. Absent a determination in writing to the contrary by the state and federal government, the Transit Provider agrees to transmit to the State and FTA those rights due the state and federal government in any invention, improvement, or discovery resulting from that third party contract as specified in U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 CFR Part 401 (implementing the Presidential Memorandum [Statement] on Government Patent Policy to the Heads of Executive Departments and Agencies, dated February 18, 1983, 19 Weekly Comp. Pres. Doc. 252-253, Feb. 28, 1983), irrespective of the status of the Recipient, any Transit Provider, or any third party contractor at any tier (i.e., a large business, small business, State government or State instrumentality, local government, nonprofit organization, institution of higher education, individual, etc.).

## **SECTION 11. RIGHTS IN DATA AND COPYRIGHTS**

- A. Definition.** The term "subject data" used in this section means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the agreement. Examples include, but are not limited to: computer software, standards, specifications, engineering drawings and associated lists, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" used in this section does not include financial reports, cost analyses, or similar information used for Project administration.
- B. State and Federal Restrictions.** Except for its own internal use, the Transit Provider may not publish or reproduce subject data in whole or in part, or in any manner or form, nor may the Transit Provider authorize others to do so, without the written consent of the state and federal government, until such time as the state and federal government may have either released or approved the release of such data to the public unless the Transit Provider is an institution of higher learning.

- C. Federal Rights in Data and Copyrights. The Transit Provider agrees to provide to the State and Federal Government a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for state and federal government purposes the "subject data." As used in the previous sentence, "for state and federal government purposes," means use only for the direct purposes of the state and federal government. Without the copyright owner's consent, the state and federal government may not extend to other parties the state or federal government's license to:
1. Any subject data developed under the agreement or under a third party contract financed by the agreement, whether or not a copyright has been obtained; and
  2. Any rights of copyright to which a Transit Provider or a third party contractor purchases ownership with federal assistance.
- D. Special Rights in Data for Research, Development, Demonstration, and Special Studies (Planning) Projects. FTA's and the State's purpose in providing financial assistance for a special studies (planning), research, development, or demonstration Project, is to increase transportation knowledge, rather than limit the benefits of the Project to participants in the Project. Therefore, unless FTA and the State determine otherwise, the Transit Provider of financial assistance to support a research, development, demonstration, or a special studies (planning) Project agrees that, in addition to the rights in data and copyrights of this agreement, FTA and the State may make available to any FTA recipient, Transit Provider, third party contractor, or third party subcontractor, either FTA's or the State's license in the copyright to the subject data or a copy of the subject data. If the Project is not completed for any reason whatsoever, all data developed under that Project shall become subject data and shall be delivered as the FTA and the State may direct. This Subsection does not apply to adaptations of automatic data processing equipment or programs for the Transit Provider's use whose costs are financed with federal funds for capital Projects.
- E. Hold Harmless. Except as prohibited or otherwise limited by law, the Transit Provider agrees to indemnify, save, and hold harmless the state and the federal government and its officers, agents, and employees acting within the scope of their official duties against any liability, including costs and expenses, resulting from any willful or intentional violation by the Transit Provider of proprietary rights, copyrights, or right of privacy, arising out of the publication, translation, reproduction, delivery, use, or disposition of any data furnished under the Project.
- F. Restrictions on Access to Patent Rights. Nothing in this section shall imply a license to the state and the federal government under any patent or be construed to affect the scope of any license or other right otherwise granted to the federal government under any patent.
- G. Statutory Requirements to Release Data. The Transit Provider understands and agrees that data and information submitted may be required to be made available for dissemination under the Texas Public Information (Government Code, Chapter 552) or Freedom of Information Act, or other federal statute(s) in accordance with implementation instructions contained in 49 CFR §19.36, revised March, 2000, to the extent applicable, and any subsequent applicable state or federal requirements that may be promulgated.

## **SECTION 12. USE OF REAL PROPERTY, EQUIPMENT, AND SUPPLIES**

Unless otherwise approved by FTA, the Transit Provider agrees to comply with the following requirements with respect to real property, equipment, and supplies:

- A. Use of Property.** The Transit Provider agrees to use Project real property, equipment, and supplies for appropriate Project purposes (which may include joint development purposes that generate program income, both during and after the award period used to support transit activities) for the duration of the useful life of that property, as required by FTA. Should the Transit Provider unreasonably delay or fail to use Project property during the useful life of that property, the Transit Provider agrees that it may be required to return the entire amount of the federal assistance expended on that property. The Transit Provider further agrees to notify FTA immediately when any Project property is withdrawn from Project use or when Project property is used in a manner substantially different from the representations made in the Application or the Project Description for the Grant Agreement.
- B. General Federal Requirements.** A Transit Provider that is a State, a local government, or an Indian tribal government agrees to comply with property management standards of 49 CFR §§18.31 through 18.34, including any amendments to it, and other applicable guidelines or regulations the federal government may issue. A Transit Provider that is an institution of higher education, or a private nonprofit organization, agrees to comply with 49 CFR §§19.30 through 19.37, including any amendments to it, and other applicable guidelines or regulations the federal government may issue. Any exception to the requirements of 49 CFR §§18.31 through 18.34, and to 49 CFR §§19.30 through 19.37, requires the express approval of the state and federal government. A Transit Provider that is a for-profit organization agrees to comply with property management standards satisfactory to FTA. Nevertheless, FTA has established specific reimbursement requirements for premature dispositions of certain Project equipment (i.e., when Project equipment is withdrawn from appropriate use before the expiration of the equipment's useful life established by FTA).
- C. 5310 Program.** The Transit Provider, where practical, shall make available the vehicle purchased under this program to provide transportation to other elderly persons and persons with disabilities beyond the Transit Provider's own clients when not being used for grant-related purposes. According to FTA C 9070.1E, the Transit Provider shall also provide transportation to the general public on an incidental basis if such service does not interfere with transportation services for the general elderly and disabled public.
- D. Maintenance.** The Transit Provider agrees to maintain Project real property and equipment in good operating order, in compliance with any guidelines, directives, or regulations the State or FTA may issue.
- E. Records.** The Transit Provider agrees to keep satisfactory records regarding the use of Project real property, equipment, and supplies, and submit to the FTA upon request such information as may be required to assure compliance.
- F. Encumbrance of Project Property.** The Transit Provider agrees to maintain satisfactory continuing control of Project real property or equipment. Thus, absent written authorization by FTA permitting otherwise:
1. **Written Transactions.** The Transit Provider agrees to refrain from executing any transfer of title, lease, lien, pledge, mortgage, encumbrance, third party contract, grant anticipation note, alienation, or any other obligation that in any way would affect the federal or state interest in any Project real property or equipment.
  2. **Oral Transactions.** The Transit Provider agrees to refrain from obligating itself in any manner to any third party with respect to Project real property or equipment.

3. Other Actions. The Transit Provider agrees to refrain from taking any action that would either adversely affect the federal or state interest or impair the State's continuing control of the use of Project real property or equipment.
- G. Transfer of Project Property**. The Transit Provider understands and agrees as follows:
1. Transit Provider Request. The Transit Provider may transfer assets financed with federal assistance authorized for 49 U.S.C. Chapter 53 to a public body to be used for any public purpose with no further obligation to the federal government, provided the transfer is approved by the State and Federal Transit Administrator and conforms with the requirements of 49 U.S.C. §5334(g)(1) and (2).
  2. Direction. The Transit Provider agrees that the State may direct the disposition of, and even require the Transit Provider to transfer title to, any real property, equipment, or supplies financed with federal assistance.
  3. Leasing Project Property to Another Party. If the Transit Provider leases any Project asset to another party, the Transit Provider agrees to retain ownership of the leased asset, and assure that the lessee will use the Project asset appropriately, either through a "Lease and Supervisory Agreement" between the Transit Provider and lessee, or another similar document. Upon request, the Transit Provider agrees to provide a copy of any relevant documents.
- H. Disposition of Project Property**. With prior FTA and State approval, the Transit Provider may sell, transfer, or lease Project property and use the proceeds to reduce the gross project cost of other eligible capital transit projects to the extent permitted by 49 U.S.C. §5334(g)(4). Nevertheless, the Transit Provider agrees that the State may establish the useful life for Project property, and that the Transit Provider will use Project property continuously and appropriately throughout that useful life.
1. Project Property Whose Useful Life Has Expired. When the useful life of Project Property has expired, the Transit Provider agrees to comply with FTA's and the State's disposition requirements.
  2. Project Property Prematurely Withdrawn from Use. For property withdrawn from appropriate use before its useful life has expired, the Transit Provider agrees as follows:
    - a. Notification Requirement. The Transit Provider agrees to notify the State immediately when any Project real property, equipment, or supplies are prematurely withdrawn from appropriate use, whether by planned withdrawal, misuse, or casualty loss.
    - b. Calculating the Fair Market Value of Prematurely Withdrawn Project Property. The Transit Provider agrees that the federal government retains a federal interest in the fair market value of Project property prematurely withdrawn from mass transportation use. The amount of the federal interest in the property shall be determined on the basis of the ratio of the federal assistance awarded by the federal government for the property to the actual cost of the Property. The Transit Provider agrees that the fair market value of property prematurely withdrawn from use will be calculated as follows:
      - i. Equipment and Supplies. Unless otherwise determined in writing by the State, fair market value shall be calculated by straight-line depreciation of the equipment or supplies, based on the useful life of the equipment or supplies established or approved by the state. The fair market value of equipment and supplies shall be the value immediately before the occurrence prompting the

withdrawal of that property from use. In the case of equipment or supplies lost or damaged by fire, casualty, or natural disaster, the fair market value shall be calculated on the basis of the condition of that property immediately before the fire, casualty, or natural disaster, irrespective of the extent of insurance coverage. As authorized by 49 CFR §18.32(b), the state may use its own disposition procedures, provided that those procedures comply with the state's laws.

- ii. Real Property. The Transit Provider agrees that the fair market value of real property shall be determined either by competent appraisal based on an appropriate date approved by the federal government, as provided by 49 CFR Part 24, or by straight line depreciation, whichever is greater.
- iii. Exceptional Circumstances. The State reserves the right to require the use of another method of determining the fair market value of property. In unusual circumstances, the Transit Provider may request that another reasonable valuation method be used including, but not limited to, accelerated depreciation, comparable sales, or established market values. In determining whether to approve such a request, the state may consider any action taken, omission made, or unfortunate occurrence suffered by the Transit Provider with respect to the preservation or conservation of project property withdrawn from appropriate use.
- c. Obligations. Unless otherwise approved in writing by the State, the Transit Provider is required to remit to the State the Federal interest in the fair market value of Project real property, equipment, or supplies prematurely withdrawn from appropriate use. In the case of fire, casualty, or natural disaster, the Transit Provider may fulfill its responsibilities with respect to the federal interest remaining in the damaged equipment or supplies by either:
  - i. Investing an amount equal to the remaining federal interest in like-kind equipment or supplies that are eligible for assistance within the scope of the Project that provided financial assistance for the damaged equipment or supplies; or
  - ii. Returning an amount equal to the remaining federal interest in the damaged property.
- I. Misused or Damaged Project Property. If any damage to Project real property, equipment, or supplies results from abuse or misuse of that property occurring with the Transit Provider's knowledge and consent, the Transit Provider agrees to restore that real property or equipment to its original condition or refund the value of the federal interest in the damaged property, as the State may require.
- J. Obligations After Project Close-out. A Transit Provider that is a state, local, or indian tribal government agrees that Project close-out will not alter its property management obligations and applicable State and Federal rules and regulations and other FTA requirements or directives.

### **SECTION 13. INSURANCE**

In addition to any other insurance requirements that may apply in connection with the Project, the Transit Provider agrees as follows:

- A. Minimum Requirements. At a minimum, the Transit Provider agrees to comply with the insurance requirements normally imposed by the laws, regulations, and ordinances imposed by its State and local governments. For construction and/or repair contracts, the Transit Provider shall comply with insurance requirements as established in 49 CFR Part 18.
- B. Flood Hazards. To the extent applicable, the Transit Provider agrees to comply with the flood insurance purchase requirements of section 102(a) of the Flood Disaster Protection Act of 1973, 42 U.S.C. §4012a(a), with respect to any Project activity involving construction or acquisition having an insurable cost of \$10,000 or more.

#### **SECTION 14. RELOCATION**

When relocation of individuals or businesses is required, the Transit Provider agrees to comply with the following requirements:

- A. Relocation Protections. The Transit Provider agrees to comply with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, 42 U.S.C. §4601 et seq.; and U.S. DOT regulations, "Uniform Relocation and Real Property Acquisition for Federal and Federally Assisted Programs," 49 CFR Part 24, which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of federal and federally assisted programs. These requirements apply to all interests in real property acquired for Project purposes regardless of federal participation in purchases.
- B. Nondiscrimination in Housing. The Transit Provider agrees to comply with Title VIII of the Civil Rights Act of 1968, 42 U.S.C. §3601 et seq. and Executive Order No. 12892, "Leadership and Coordination of Fair Housing in Federal Programs: Affirmatively Furthering Fair Housing," 42 U.S.C. §3608 note, when carrying out its responsibilities to provide housing used to meet federal relocation requirements.

#### **SECTION 15. REAL PROPERTY**

For Projects involving real property, the Transit Provider agrees as follows:

- A. Land Acquisition. These requirements apply to all interests in real property acquired for Project purposes regardless of federal participation in purchases.
- B. Covenant Assuring Nondiscrimination. The Transit Provider agrees to include a covenant in the title of the real property to assure nondiscrimination during the useful life of the Project.
- C. Recording Title to Real Property. To the extent required by the State and FTA, the Transit Provider agrees to record the state and federal interest in the title of real property.
- D. Approval of Changes in Real Property Ownership. The Transit Provider agrees that it will not dispose of, modify the use of, or change the terms of the real property title, or other interest in the site and facilities without permission and instructions from the State.

#### **SECTION 16. CONSTRUCTION**

For activities involving construction, the Transit Provider agrees as follows:

- A. Drafting, Review, and Approval of Construction Plans and Specifications. To the extent required by the State, the Transit Provider agrees to comply with State requests pertaining to the drafting, review, and approval of construction plans and specifications.
- B. Supervision of Construction. The Transit Provider agrees to provide and maintain competent and adequate engineering supervision at the construction site to ensure that the complete work conforms to the approved plans and specifications.

## **SECTION 17. EMPLOYEE PROTECTIONS**

- A. Construction Activities. The Transit Provider agrees to comply, and assures the compliance of each contractor to any tier, with the following employee protection requirements for construction employees:
  1. Davis-Bacon Act, as amended, 40 U.S.C. §276a - 276a (7), FTA's enabling legislation requiring compliance with the Davis-Bacon Act, at 49 U.S.C. §5333(a), and U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 CFR Part 5;
  2. Contract Work Hours and Safety Standards Act, as amended, particularly with the requirements of section 102 of the Act, 40 U.S.C. §327 - 332; and U.S. DOL regulations, "Labor Standards Provisions Applicable to Contracts Governing Federally Financed and Assisted Construction (also Labor Standards Provisions Applicable to Non-construction Contracts Subject to the Contract Work Hours and Safety Standards Act)," 29 CFR Part 5; and with section 107 of the Act, 40 U.S.C. §333, and U.S. DOL regulations, "Safety and Health Regulations for Construction," 29 CFR Part 1926; and

- C. State and Local Government Employees. The Transit Provider agrees that the minimum wage and overtime provisions of the Fair Labor Standards Act, as amended, 29 U.S.C. §§206 and 207, apply to employees performing Project work involving commerce, and apply to any State or local government employees that are public transit authority employees. Thus, the Transit Provider, agrees to comply with the Fair Labor Standards Act's minimum wage and overtime requirements for employees performing Project work.
- D. Transit Employee Protective Arrangements. If transit employee protective arrangements required by U.S. DOL apply to transit operations performed in connection with the Project, the Transit Provider agrees to comply with the applicable requirements for its Project as follows:
1. Standard Transit Employee Protective Arrangements. To the extent that the Project involves transit operations, the Transit Provider agrees to implement the Project in compliance with terms and conditions the U.S. Secretary of Labor has determined to be fair and equitable to protect the interests of any employees affected by the Project and that meet the requirements of 49 U.S.C. §5333(b), and of the U.S. DOL guidelines, "Section 5333(b), Federal Transit Law," 29 CFR Part 215 and any amendments to it. These terms and conditions are identified in U.S. DOL's certification of transit employee protective arrangements to FTA. The Transit Provider agrees to implement the Project in compliance with the conditions stated in that U.S. DOL certification. That U.S. DOL certification and any documents cited within it are incorporated by reference. The requirements of this paragraph do not apply to Projects for the elderly and persons with disabilities that are authorized by 49 U.S.C. §5310(a)(2). Projects for capital investment as authorized by 49 U.S.C. §5309 or non-urbanized areas that are authorized by 49 U.S.C. §5311; separate requirements for those Projects are contained in Subsections 17.D(2) and 17.D(3) of this Agreement.
  2. Transit Employee Protective Arrangements for Projects for Elderly and Persons with Disabilities Authorized by 49 U.S.C. §5310(a)(2). To the extent that the U.S. Secretary of Transportation has determined or determines in the future that employee protective arrangements required by 49 U.S.C. §5333(b) are necessary or appropriate for a public body Transit Provider under the Project, the Transit Provider agrees to carry out the Project in compliance with the terms and conditions determined by the Secretary of Labor necessary to meet the requirements of 49 U.S.C. §5333(b), and the U.S. DOL guidelines, "Section 5333(b), Federal Transit Law," at 29 CFR Part 215, and any amendments to it. These terms and conditions are identified in U.S. DOL's certification of transit employee protective arrangements to FTA. The Transit Provider agrees to implement the Project in compliance with the conditions stated in that U.S. DOL certification. That U.S. DOL certification and any documents cited within it are incorporated by reference and made part of this Agreement.
  3. Transit Employee Protective Arrangements for Capital Investment Projects Authorized by 49 U.S.C. §5309 and Projects in Non-urbanized Areas Authorized by 49 U.S.C. §5311. ## **SECTION 18. ENVIRONMENTAL REQUIREMENTS**

The Transit Provider recognizes that many federal and state laws imposing environmental and resource conservation requirements may apply to the Project. Some, but not all, of the major federal laws that may affect the Project include: the National Environmental Policy Act of 1969, as amended, 42 U.S.C. §4321 et seq.; the Clean Air Act, as amended, 42 U.S.C. §7401 et seq. and scattered sections of 29 U.S.C.; the Federal Water Pollution Control Act, as amended, 33 U.S.C. §1251 et seq.; the Resource Conservation and Recovery Act, as amended, 42 U.S.C. §6901 et seq.; and the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, 42 U.S.C. §9601 et seq. The Transit Provider also recognizes that U.S. EPA, FHWA and other Federal agencies have issued, and in the future are expected to issue, regulations, guidelines, standards, orders, directives, or other requirements that may affect the Project. Thus, the Transit Provider agrees to comply, and assures the compliance of each Transit Provider and each contractor, with any such federal requirements as the federal government may now or in the future promulgate. Listed below are requirements of particular concern to FTA and the State. The Transit Provider agrees that those laws and regulations do not constitute the State's entire obligation to meet all federal environmental and resource conservation requirements.

- A. Use of Public Lands.** The Transit Provider agrees that no publicly owned land from a park, recreation area, or wildlife or waterfowl refuge of national, State, or local significance as determined by the federal, state, or local officials having jurisdiction of it, or any land from a historic site of national, state, or local significance may be used for the Project unless FTA makes the specific findings required by 49 U.S.C. §303.

- A.** The Transit Provider agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974, 5 U.S.C. § 552a. Among other things, the Transit Provider agrees to obtain the

express consent of the Federal Government before the Transit Provider or its employees operate a system of records on behalf of the Federal Government. The Transit Provider understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

- B. The Transit Provider also agrees to include these requirements in each subcontract to administer any system of records on behalf of the federal government financed in whole or in part with federal assistance provided by FTA.

## **SECTION 22. NOT APPLICABLE**

## **SECTION 23. METRIC SYSTEM**
