Re: Enterprise Texas Pipeline – Temporary Road Closure

Dear Ms. Sowa,

Price Gregory International, Inc. (PGI) would like to request the temporary road closure for Hurta Road in Fort Bend County due to construction of the Enterprise Texas Pipeline. This work involves placing a 6 inch steel pipe across the road right of way for the purpose of filling the new 24 inch pipeline for hydrostatic testing. We anticipate the road being closed for approximately 3 days starting on Saturday, 2/18/2012 at 7:00 AM and ending on Tuesday, 2/21/2012 AT 7:00 AM Central Standard Time. PGI will make the appropriate notifications to the sheriff's department, ambulance service, fire departments and the Fort Bend school district that provide service to the area. In addition PGI will place signs notifying the local public of the road closure approximately 3 days in advance of the road being closed. PGI will use signs for the road closure and signs that show the route of the detour in order to provide a safe and orderly transition for these few days. PGI will develop a traffic control plan in accordance with TXDOT regulations that is acceptable to Fort Bend County.

Sincerely,

Kelcey Thomas  
Project Engineer
