Re: Fiscal Year 2013 Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program County Funding

Dear Judge Hebert:

Thank you for the continuing partnership between Fort Bend County and the Texas Commission on Environmental Quality (TCEQ) in implementing the Low Income Vehicle Repair Assistance, Retrofit, and Accelerated Vehicle Retirement Program (LIRAP). The LIRAP includes both the Drive a Clean Machine (DACM) program and the Local Initiative Projects (LIP).

For fiscal year (FY) 2013, Fort Bend County has been allocated \$172,606 for the DACM program and \$19,864 for the LIP program. The allocations are based on the county's contribution to the program's funding from the fees collected in the county and the amount appropriated by the legislature. DACM funds will be sent to participating counties after receiving the required request for funds (see attached example). Distribution of funds will occur after September 1, 2012 when the TCEQ has received the appropriation.

LIP funding will be distributed after counties submit and receive approval for clean air projects. If due to the funding amount available to LIP program, your county is not interested in participating this fiscal year, please submit a letter to the TCEQ relinquishing your FY 2013 funding by September 15, 2012. Relinquished funds may be allocated to other participating counties.
