RE: Fresno Ranchos – Traffic Control Plan

Dear Commissioner Morrison:

As per your request, Fort Bend County Engineering Department (FBCED) has conducted a traffic study of the above mentioned subdivision. The purpose of this request is to establish a speed limit within the subdivision. The subdivision is a residential neighborhood with narrow streets. As such, FBCED recommends a speed limit of 30 mph within the neighborhood.

Fort Bend County Engineering has completed and recommends approval of the traffic control plan. The public hearing date for acceptance of the plan is being scheduled. If you should need any additional information, please contact me at 281-633-7537.

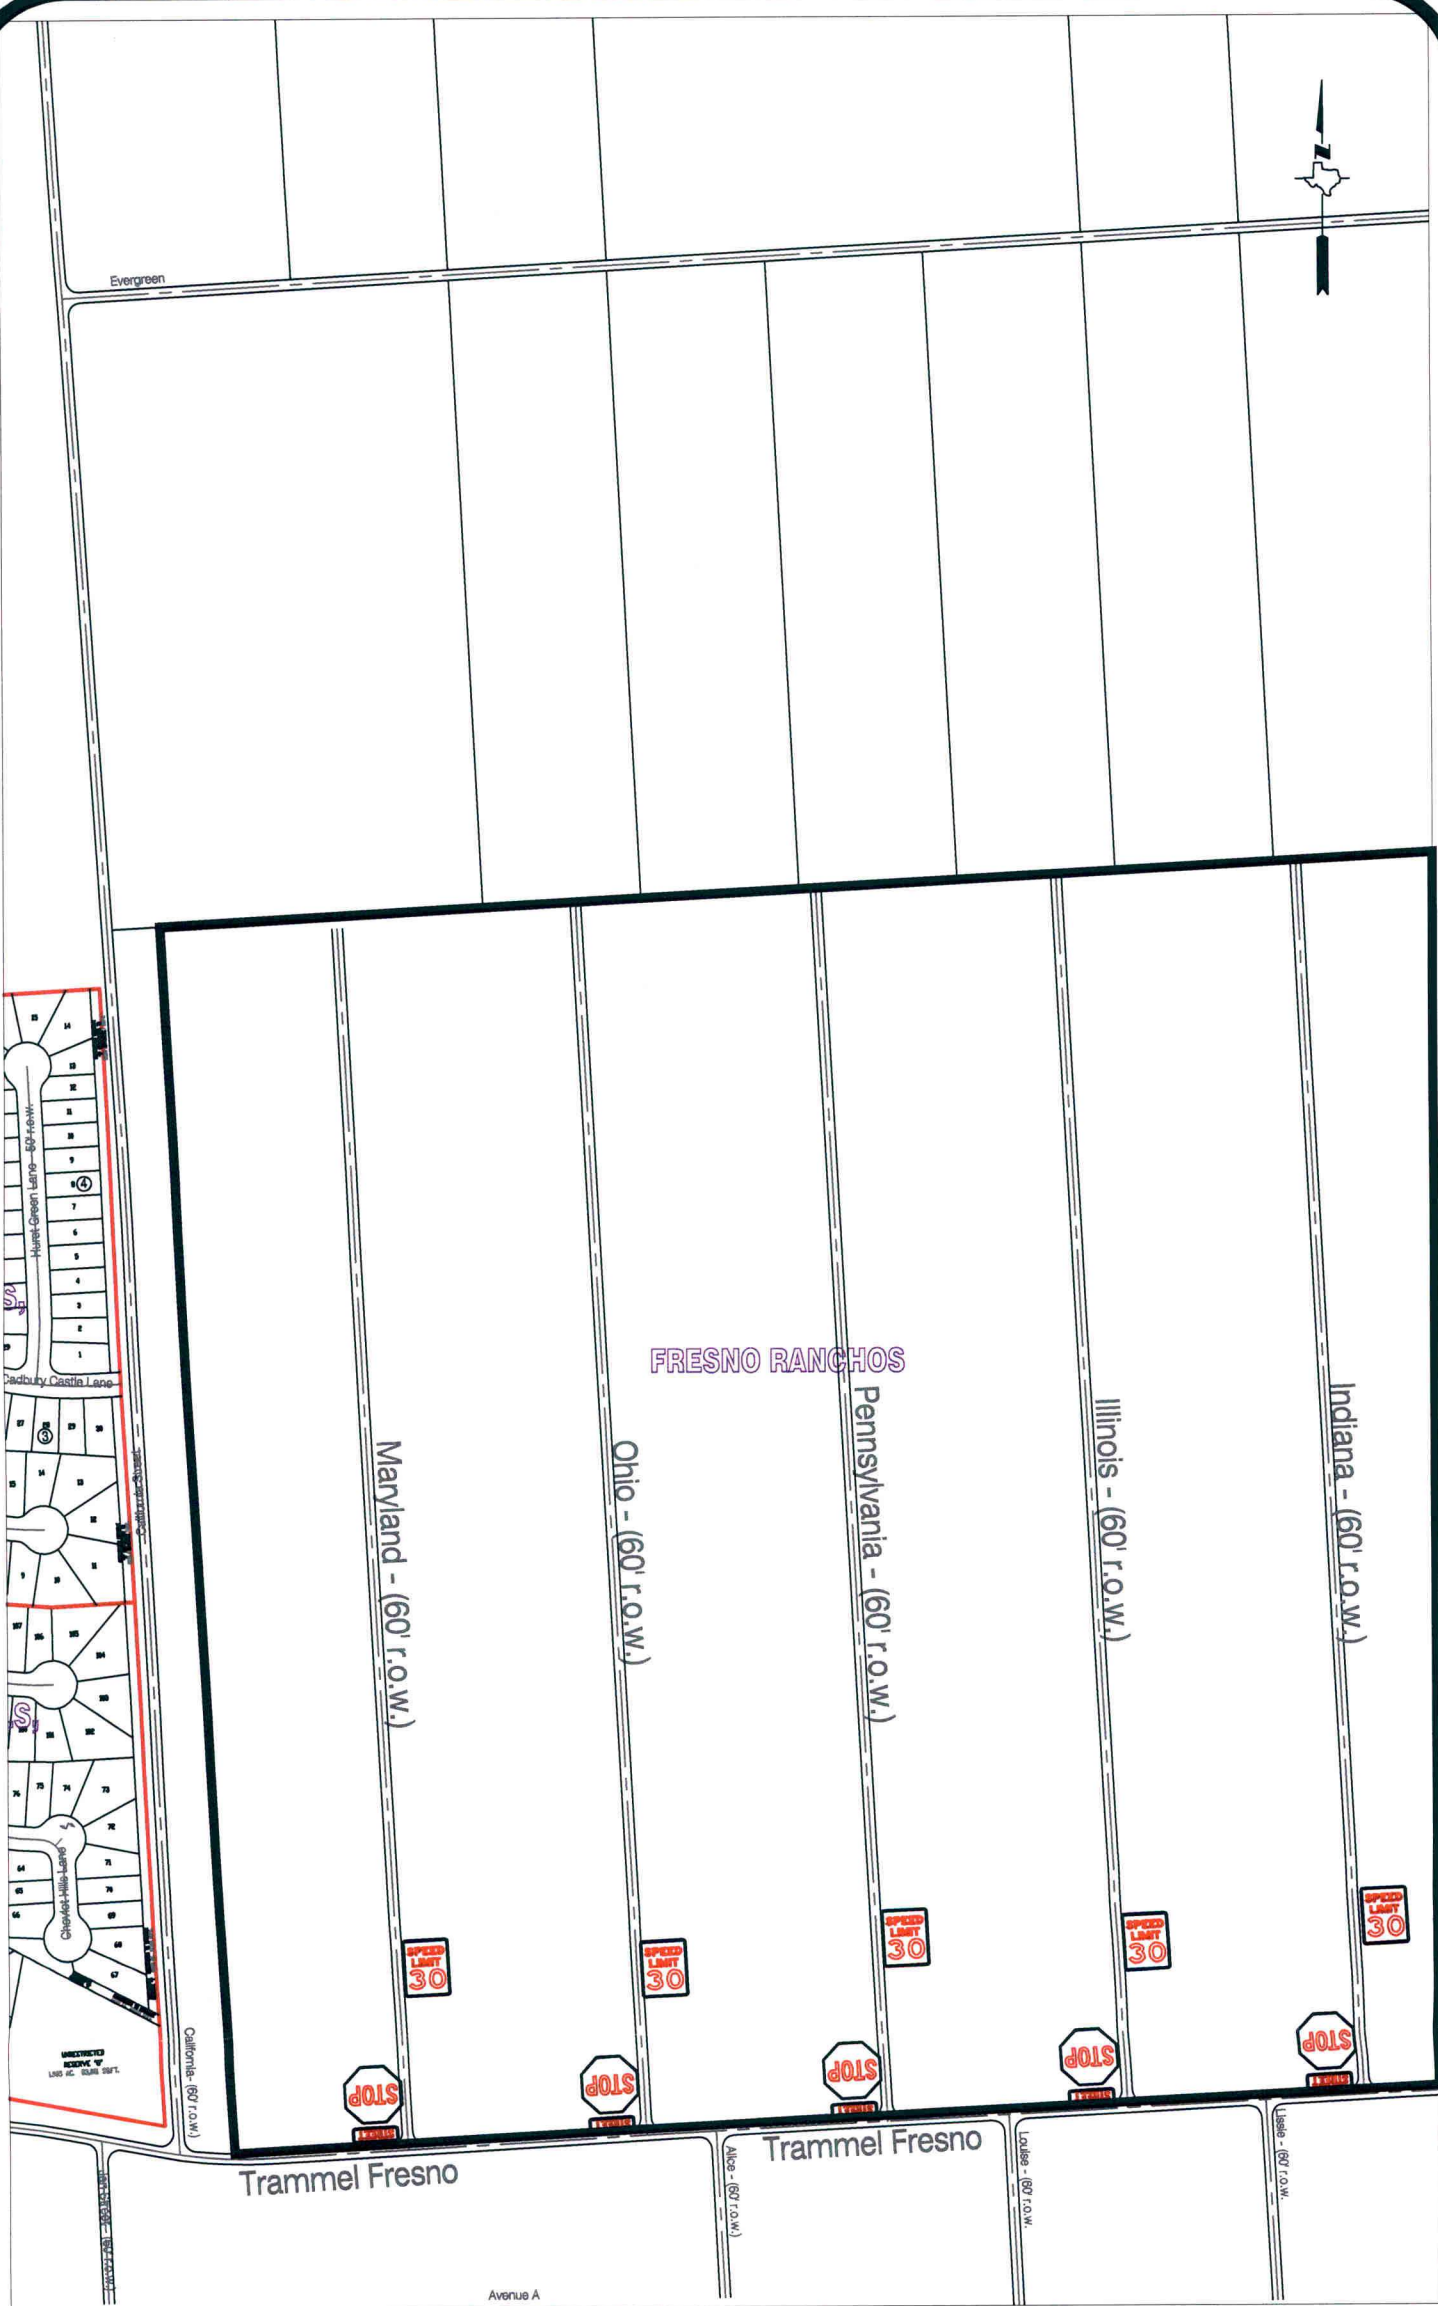

Sincerely,
