## 10.2 LEVEL OF EXPERIENCE

For the past ten years, our company has grown significantly. We've grown in volume, as well as the total square footage being cleaned nightly. We have managed to maintain our competitive prices, without increasing our Customer the minimum wage increases that we've experienced. With the economic crisis that we've confronted for the past years, our company has worked with our Customers to cut back on frequency of services and help economize consumption of supplies needed for their facilities. Green cleaning is a our focus when providing services. We are concerned about our environment and want to participate. We have included in our lines of products sold and used green and EPA approved chemicals, paper products, liners and equipment.

Our nightly cleaning square footage is approximately 6.5 million. Our Customers include government offices/facilities, community facilities such as parks and recreation centers, education facilities, medical, logistic, manufacturing plants and chemical plants, and office buildings. The scope of work for each type of facility varies. Some of these facilities require day porters and some only evening cleaning. We provide the type of service that our Customer requests. The cleaning tasks always includes the basic cleaning of picking up trash, dusting, disinfecting and sanitizing restrooms and kitchens/break rooms, vacuuming, sweeping and mopping. To extend the services, we also perform spot carpet cleaning, full carpet cleaning (bonnet and extraction methods), stripping and waxing floors, scrubbing and waxing floors, buffing / polishing floors, amongst other things that a customer wants to add on to their scope of work. We are not limited to just the cleaning and the maintenance of the carpets and floors. We also do window cleaning, window blind cleaning, and pressure washing for our customers. Selling supplies to our customers is also a time saving and a one stop shop for them since time and the worries of not having enough supplies at hand is taken away from them.

All of our Customers have the surety that we are insured and bonded. Their facilities are being inspected to assure quality control. Before leaving the facilities, our cleaning personnel assures that the building is secured, lights were turned off, and reports any incidents or anything out of the ordinary that was noticed to the Customer and Supervisor.

Some of our clients that are comparable in size and scope of work include Baker Hughes, City of Sugarland, Harris County, BASF, City of Stafford, Village Learning Center, The Right Step, Texas Department of Transportation, and others.
