- (4) On or before September 1 of each year of this Agreement, Owner and/or Lessees shall certify in writing to the District Tax Assessor/Collector compliance with each term of this Agreement.

In such event, District shall provide written notice to Owner and/or Lessees of the default and this Agreement shall automatically terminate on

the 30th day after the date of the notice of default from District to Owner and/or Lessees. In the event of termination under this paragraph, Owner or Lessees shall repay to District the amount of all property taxes abated under this Agreement, plus interest on the abated amount at the rate provided for in the TEXAS TAX CODE for delinquent taxes.

The Chief Appraiser shall record both abatement taxable value and full taxable value in the appraisal records. The full taxable value figure listed in the appraisal records shall be used to compute the amount of abated taxes that is terminated in a manner that results in recapture.

(d) Owner and/or Lessees (as applicable) shall furnish the Chief Appraiser annually such information as provided for under Chapter 22 of the TEXAS TAX CODE as may be necessary for the

administration of the abatement. Such information shall also be provided to District Tax Assessor/Collector in preparation of its annual evaluation for compliance with the terms and provisions of this Agreement.

ECONOMIC IMPACT STATEMENT QUESTIONNAIRE

Spera Pharmaceuticals, Inc.
Sugar Land, Fort Bend County, Texas

Based on the information you provide below, the Greater Fort Bend Economic Development Council (GFBEDC) will begin prequalification of your project. The information you provide will allow the GFBEDC to begin to develop your application and economic impact statement for presentation to the taxing entities for consideration of economic incentives. The following factors will be considered as a whole to determine the entire economic impact of the company: location of project, type of business, is the company in one of the city's target industries, number of jobs, skill level of each job, average salary, investment in building improvements or new building, value of taxable inventory, value of taxable personal property and equipment, sales tax revenue generated for the city, impact on local infrastructure, and impact (good or bad) on existing businesses in the County.

1. Please provide a detailed summary statement about your company (its history, type of business and industry, etc.) and clearly describe its operations at the proposed facility in Fort Bend.

Spera Pharmaceuticals is a U.S. specialty pharmaceutical company growing its commercial presence through product licensing and partnering with companies to drive sales of their products in the United States. Generic bulk drug powder (i.e. Vancomycin) is procured and dissolved. This solution is then sterile filtered and aseptically fed to vials that are partially stoppered. The vials are then automatically transferred to a lyophilizer for freeze drying of the solution to obtain the sterile powder. They are then fully stoppered before being returned to the filling line for capping and transferring to finishing. The vials are then inspected, labeled, and packaged. Once packaged, the vials go through machines to be combined as multiple packages into cartons, which are then discharged onto conveyors for palletizing.
