 Bound Tree Medical
 Product Manager
 Pharmaceuticals and IV Therapy

Dear Stacey,

On July 1, 2014, Hospira is increasing acquisition pricing to Bound Tree Medical on various contracted products. To assist with communicating to your customers the percent increase Bound Tree Medical received on those products, I have created a product listing that shows the percent increases by product. The listing is sorted alphabetically and divided into two sections: Non-Drug Products and NDC Products.

On July 1, 2014, Hospira is removing a variety of products from contract. Some of those products will still be available to Bound Tree Medical, but only at List Price. A list of products that Bound Tree has historically purchased that are being removed from contract and can currently be ordered by Bound Tree are listed in Table A - Products Removed from Contract below. Products that have been removed from contract and are no longer available to Bound Tree Medical are listed below in Table B – Products No Longer Available to BTM.

Sincerely,

Brian Davidson
