**Re: New North Side Grandstands for Fort Bend County Fairgrounds**

Thank you for the opportunity to provide pricing for a new grandstand for the Fort Bend County Fairgrounds in Rosenberg, TX. I have attached a set of drawings on which I have based this quotation. Please see that the grandstand includes overall seating for 2933 people. There are individual chairs in the Lower Rows and aluminum bench seats in the Upper Rows. We will discuss the numbering system and I will provide the numbers and a seating manifest to you included in the cost below.

The grandstand will have a galvanized steel understructure and a completely closed Tongue-in-Groove aluminum decking system. All systems and amenities are described in the attached drawings.

Please note that after both being at your site and visiting your website, I elected to provide a color scheme for chairs and facades that will be "American Flag" based (Red & Blue). This can be changed to any of our standard colors if you have other ideas.

Also please note that pursuant to our conversations on site, we have positioned our structure to span over the Electrical Building and also provided the location for you to provide a concrete saw cut and removal of concrete slabs that lie in the footprint of the new grandstand. As mentioned you will demolish the other existing building, provide any other removal of existing structures/concrete including the existing grandstand, and any relocating of existing utilities.

Our Pricing excludes State Sales Tax and include P & P Bonds. If the Project is subject to Tax will can update the pricing accordingly.

Additionally I have provided an Add Cost to complete the demolition of the existing grandstands, concrete for grandstand support and the existing block building that lies in the footprint of the new grandstand.

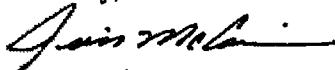

<b>Installed cost including new concrete footings</b>	<b><u>\$ 499,100.00</u></b>
<b>Add for demolition w/P &amp; P Bonds</b>	<b><u>\$ 76,825.00</u></b>

**Exclusions:**

- Any permit, fees, licenses, etc.
- Any demolition, site work, or concrete flat work.
- Any saw-cutting or repair of existing concrete during footing installation.
- Any railing attached to concrete or installed at ground level.
- Any enclosures or fencing beneath or around grandstand or exits.
- Any relocating or locating of utilities that conflict with footings.
- Any Allowances
- Any work not described above

The anticipated completion time is 120 days from notice to proceed.

Sincerely,

  
Jim McCain
