Mitigation Plan

Is the entity that will benefit from the proposed activity covered by a current FEMA-approved multi-hazard mitigation plan in compliance with 44 CFR Part 201? Yes

If Yes, please answer the following:

What is the name of the plan? Fort Bend County 2011 Hazard Mitigation Plan Update
 What is the type of plan? Local Multihazard Mitigation Plan
 When was the current multihazard mitigation plan approved by FEMA? 10-11-2012
 Describe how the proposed activity relates to or is consistent with the FEMA-approved mitigation plan. The proposed activity is to update the Fort Bend County Hazard Mitigation Plan. This proposed activity directly relates to the 5-year update cycle per FEMA and per the Fort Bend County Hazard Mitigation Plan on page 10-3.

If No or Not Known, please answer the following:

Does the entity have any other mitigation plans adopted? No

If Yes, please provide the following information.

Plan Name	Plan Type	Date Adopted	Attachment
-----------	-----------	--------------	------------

Please identify all previous FEMA planning grants received:

Type of Grant	Performance Period		Deliverable Activity	Amount
	Beginning Date	Ending Date		
Hazard Mitigation Grant Program	08-27-2010	01-06-2013	Hazard Mitigation Plan Update	\$109,725.00
			Total	\$109,725.00

Does the State/Tribe in which the entity is located have a current FEMA-approved mitigation plan in compliance with 44 CFR Part 201? Yes

If Yes, please answer the following:

What is the name of the plan? State of Texas Hazard Mitigation Plan, 2013 Update
 What is the type of plan? Standard State Multi-hazard Mitigation Plan
 When was the current multihazard mitigation plan approved by FEMA? 10-23-2013
 Describe how the proposed activity relates to or is consistent with the State/Tribe's FEMA-approved mitigation plan. The proposed activity is to update the Fort Bend County Hazard Mitigation Plan. This proposed activity directly relates to the 5-year update cycle per FEMA and per the State of Texas Hazard Mitigation Plan

Scope of Work (Page 1 of 2)

Title of your proposed activity (should include the type of activity and location):

Fort Bend County Hazard Mitigation Plan Update

Proposed types of Mitigation Activity(ies):

Activity Code	Activity Name
91.1	Local Multihazard Mitigation Plan

If Other or Miscellaneous selected above, please specify:

Describe the geographic area(s) to be covered by the planning activity:

The geographic areas to be covered include: Fort Bend County, City of Arcola, City of Beasley, City of Fulshear, Village of Fairchilds, City of Kendleton, City of Meadows Place, City of Missouri City, City of Needville, City of Orchard, Village of Pleak, City of Richmond, City of Rosenberg, City of Simonton, City of Stafford, Town of Thompsons, City of Weston Lakes

Source(s) of hazards specific to the geographic area to be addressed by the planning activity:

Terrorist, Tornado, Toxic Substances, Chemical, Dam/Levee Break, Coastal Storm, Drought, Fire, Flood, Hurricane, Land Subsidence

Scope of Work (Page 2 of 2)

Option that describes the intent of this planning application:

Update

If a plan update, describe the evaluation process of the existing plan for its strengths, weaknesses and utility:

In Fort Bend County we utilize a committee-based process to evaluate the existing plan for its strengths and weaknesses and utility. This committee is comprised of members Fort Bend County as well as representatives of all the signatories to the plan. This committee provides guidance on how to proceed and what aspects of the plan need to be updated and improved.

Describe the process for implementing this planning activity, including the following plan development requirements: 1) participation of agencies, stakeholders and the public; 2) hazard identification and risk/vulnerability assessment; 3) mitigation strategy; 4) plan adoption; and 5) plan maintenance:

The process for implementing this planning activity includes several steps. 1) As mentioned above, we will convene the Fort Bend Hazard Mitigation Committee comprised of the participating agencies and stakeholders and this group will also engage the public as necessary for this planning activity. 2) We will evaluate the current hazards that have been identified and we will seek input from the committee as well as the public about the need to identify any other hazards not already mentioned. These hazards will then be studied to determine the risks they pose to our communities as well as how vulnerable we are to those risks. 3) The process we will use for the mitigation strategy will be addressed at the committee level. 4) The process of adopting the plan will first start locally. All members of the committee must first approve the plan before we seek approval from the State and FEMA. 5) Finally, the Committee and appropriate parties will be tasked with certain maintenance tasks. The tasks will be tracked and the progress of these tasks will be reflected in reports and the plan itself.

What are the primary sources of information and data and how it will be incorporated into existing planning mechanisms?

There are several sources of information and data that will accompany this planning activity. First, we will utilize the existing plan as a source of information. Secondly, we will utilize the knowledge base of local EMCs, Mayors, and other subject matter experts who are familiar with our community. Also, we will utilize existing geographic information systems (GIS) data to assist us with providing the data needed to complete this activity. These sources of data will be incorporated into the existing planning mechanism by way of the hazard mitigation

committee. By utilizing the committee it ensures that all members see the same information and can have the necessary discussions related to particular data.

What staff and resources will be used to implement this planning activity?

As mentioned above, several resources and staff will be used to implement this planning activity. Staff include employees of the Fort Bend County Office of Emergency Management as well as colleagues and other EMCs from around our community. Resources include GIS, plans, subject matter experts, etc.

Evaluation (Page 1 of 2)

Is the recipient participating in the Community Rating System (CRS)? No

If yes, what is their CRS rating?

Is the recipient a Cooperating Technical Partner (CTP)? No

Is the recipient a Firewise Community? No

If yes, please provide their Firewise Community number.

Has the recipient adopted building codes consistent with the International Codes? Yes

Has the recipient adopted the National Fire Protection Association (NFPA) 5000 Code? Yes

Have the recipient's building codes been assessed on the Building Code Effectiveness Grading Schedule (BCEGS)? No

If yes, what is their BCEGS rating?

Evaluation (Page 2 of 2)

How will this mitigation activity leverage involvement of partners to enhance its outcome?

This mitigation activity will leverage involvement of our local partners by utilizing a committee-based approach thereby ensuring that all participating partners place an active role and all have a voice in this very important plan. This committee based approach has proven to be a successful approach to updating our plan and we plan on continuing to use this approach in the future.

Describe how this planning activity will benefit your community and how the plan/data will be used to promote resiliency?

This planning activity will benefit our community by ensuring that we all take an active role in knowing the threats and hazards that our community faces as well as ensuring that we all know how to best mitigate any future threats to our community. Recent events in our community have shown that mitigation efforts have proven successful however, other events have shown that there is still more work that needs to be done. This planning activity will help us continue the path forward of ensuring that our community will be as ready as possible for any future hazards.
