5/13/2016 - Four originals sent to Laura Dougherty, Facilities Management & Planning

An easement ten (10) feet wide, the location of which is shown by the hatched area on Sketch No. 16-0301, attached hereto and made a part hereof, together with an unobstructed aerial easement eleven (11) feet six (6) inches wide, beginning at a plane sixteen (16) feet above the ground and extending upward, located southerly of and adjoining said ten (10) foot wide easement.

Grantor shall observe and exercise all notification laws as per the Underground Facility Damage Prevention and Safety Act, also known as "ONE CALL" & "CALL BEFORE YOU DIG", when working in or near the Easement Area.

To the extent that such laws and codes apply to Grantor, Grantor, shall observe all safety codes and laws which apply to working along, within and/or near the Easement Area and Facilities during construction activities and safe clearance from such Facilities, including the Occupational Safety and Health Administration ("O.S.H.A."), Chapter 752 of the Texas Health and Safety Code, the National Electric Code, and the National Electrical Safety Code.

Absent written authorization by the affected Grantee, all utility and aerial easements must be kept unobstructed from any non-utility improvements or obstructions by Grantor. Any unauthorized improvements or obstructions may be removed by Grantee at the Grantor's expense. While wooden posts and paneled wooden fences along the perimeter and back to back easements and alongside rear lots lines are permitted, they too may be removed by Grantee at the Grantor's expense should they be an obstruction. Grantee may put said wooden posts and paneled wooden fences back up, but generally will not replace them with new fencing.

Grantee shall not deny or obstruct ingress or egress to or from Grantor's Property, and Grantor retains all rights to cross the Easement Area for access, but not interfering with the utility purpose for which the Easement is granted. Grantor shall have the right to

construct or locate in a near perpendicular fashion, utilities, drainage ditches, roadways, driveways, across, but not along or solely along, within or under the Easement Area herein granted. Grantor assumes all responsibility for the cost of constructing, paving and maintaining said roadways or driveways within easement crossing areas. In the event that Grantor constructs, or causes to be constructed, any utilities, drainage, ditches, roadways, and/or driveways which results in the relocation of Grantee's Facilities, the Grantor will be responsible for all costs associated with the relocation and/or removal of Grantee's Facilities. Grantor is prohibited from using the Easement Area for stockpile, spoil, water retention or detention, or lay down areas.

Grantee shall also have reasonable rights of ingress and egress to and from said Easement Area, together with reasonable working space, for the purposes of erecting, installing, operating, maintaining, replacing, inspecting, and removing said Facilities, together with the additional right to remove from said Easement Area and Grantor's Property immediately adjoining thereto, all bushes, trees and parts thereof, or other structures or improvements which are within, protrude, bisect, encroach or overhang into said Easement Area and which, in the sole opinion of Grantee, endanger or may interfere with the efficient, safe and proper operation, and maintenance of said Facilities. Further, in the event dead or dangerous trees exist within the fall range of overhead electrical facilities, then Grantee shall have the right to take down dead or dangerous trees based on Grantee's discretion.

TO HAVE AND TO HOLD the above described Easement, together with all and singular the rights and appurtenances thereto in anywise belonging, unto Grantee, forever, and Grantor does hereby bind itself and its successors, heirs, assigns, and legal representatives, to fully warrant and forever defend all and singular the above described

Easement and rights unto said Grantee, against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through or under Grantor, but not otherwise. In the event of a deficiency in title or actions taken by others which results in the relocation of Grantee's Facilities, the Grantor herein, its successors and assigns, will be responsible for all costs associated with the relocation and/or removal of Grantee's Facilities.

The terms, conditions and provisions contained herein constitute the complete and final agreement between Grantor and Grantee, (collectively the "Parties") with respect to the subject matter hereof and supersedes all prior agreements, representations and understandings of the Parties and, by Grantor's signature affixed hereto and Grantee's use of the Easement, the Parties evidence their agreement thereof. No oral or written agreements made or discussed prior to, or subsequent to, the execution of this Easement shall supersede those contained herein. Any and all revisions, amendments and/or exceptions to the terms, conditions and provisions contained in this Easement shall be in written, recordable form and executed by both parties, or their respective successors or assigns in order to be deemed valid.
