Subject: Emergency Watershed Protection Project

Dear Mr. Salinas:

We request federal assistance under the provisions of section 216 of the Flood Control Act of 1950, Public Law 81-516 or section 403 of the Agricultural Credit Act of 1978, Public Law 95-334, to restore damages sustained in Fort Bend County by storms of Hurricane Harvey beginning August 25, 2017. This work is essential to safeguard lives and property from an imminent hazard of flooding and loss of property.

We understand as sponsors of an emergency watershed protection project that our responsibilities will include acquiring land rights and any permits needed to construct and, if required, to operate and maintain the proposed measures. We are prepared to provide a local 10 percent contribution of the cost of construction work in dollars or in-kind services.

The name, address, and telephone number of the administrative and technical contact person in our organization is as follows: *Adam Wright, Project Coordinator, 1022 Blume Road, Rosenberg, TX 77471, (281) 342-0141.*

Please contact Mr. Wright for any additional information that you might need in assessing our request.

Sincerely,
