January 20, 2017.

Dear Valued Chevron Lubrication Marketer:

Chevron is announcing a general price increase of all lubricating oils and greases up to 5%, to be effective March 6th, 2017. In certain instances, specific products may increase in amounts that are outside of this general parameter.

This price movement is being driven by increasing costs of raw materials which impact the manufacturing of our products.

We understand and appreciate the efforts required by our Marketers to communicate this increase to your customers.

Please note:

- To manage our order fulfillment and to provide the ability to meet the needs of all of our customers, we would appreciate that you place your orders consistent with historical order patterns. In order to serve all Marketers, we will be limiting orders delivered between January 20th, 2017 and March 3rd, 2017 to 115% of your average monthly volume over the last twelve months. Marketers that exceed the above limit will be billed at the new posted price levels effective March 6th, 2017.
- Your average monthly volume is defined as your average monthly purchases from January 1st, 2016 to December 31st, 2016. Details regarding your average monthly volume are available to you through your LBST Account Coordinator.
- Please plan accordingly as large order quantities placed the week prior to the increase will be reviewed and may not be accepted by Chevron in order to better meet all customers' needs.

The Chevron Lubricants sales staff is committed to meeting your needs. Your Business Consultant will contact you with more details and supporting information.

As always, thank you for your business.

Sincerely,

A handwritten signature in black ink that reads "WR Ederer".

LUBRICANTS

January 25, 2017

Dear Phillips 66 Lubricants Marketer,

This letter is to advise you that Phillips 66 Lubricants will raise finished lubricants prices approximately 5% with an effective date of February 27, 2017. Pricing will be evaluated on a product by product basis and may differ from this value. This increase is being driven by recent increases in raw materials costs that have occurred despite our best efforts to limit their impact on our product manufacturing.

We realize this price increase impacts both you and your customers. The advance notice provided is intended to allow reasonable time for you to communicate, as needed, to your customers. Segment-specific price increases will be provided the week ending February 24th. New customer-specific prices and list prices incorporating this increase will be available for download on Lubestream shortly thereafter.

Phillips 66 Lubricants remains committed to providing our customers with high quality products at competitive prices. As always, we thank you for your continued business, support and understanding.

Sincerely,

A handwritten signature in black ink, appearing to read "Mike Krampf".

Mike Krampf
Manager, Finished Lubricants
