AGREEMENT FOR PROFESSIONAL ENGINEERING SERVICES

THIS AGREEMENT is made and entered into by and between Fort Bend County, (hereinafter "County"), a body corporate and politic under the laws of the State of Texas, and TranSystems Corporation dba TranSystems Corporation Consultants (hereinafter "Contractor"), a company authorized to conduct business in the State of Texas.

WITNESSETH

WHEREAS, County desires that Contractor provide certain professional engineering services, including an evaluation of railroad crossing quiet zones within or adjoining the city limits of the Cities of Richmond and Rosenberg, Texas (hereinafter "Services"); and

WHEREAS, County has determined that this Agreement is for personal or professional services and therefore exempt from competitive bidding under Chapter 262 of the Texas Local Government Code; and

WHEREAS, Contractor represents that it is qualified and desires to perform such services.

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth below, the parties agree as follows:

AGREEMENT

Section 1. Scope of Services

Contractor shall render Services to County as defined in the proposal dated March 2, 2017 (attached hereto as Exhibit A).

Section 2. Personnel

2.1 Contractor represents that it presently has, or is able to obtain, adequate qualified personnel in its employment for the timely performance of the Scope of Services required under this Agreement and that Contractor shall furnish and maintain, at its own expense, adequate and sufficient personnel, in the opinion of County, to perform the Scope of Services when and as required and without delays.

2.2 All employees of Contractor shall have such knowledge and experience as will enable them to perform the duties assigned to them. Any employee of Contractor who, in the opinion of County, is incompetent or by his conduct becomes detrimental to the project shall, upon request of County, immediately be removed from association with the project.

Section 3. Compensation and Payment

3.1 Contractor's fees shall be calculated at the rates set forth in the attached Exhibit A. The Maximum Compensation for the performance of Services within the Scope of Services described in Exhibit A is eighty-two thousand three hundred eighty-seven dollars and 00/100 (\$82,387.00). In no case shall the amount paid by County under this Agreement exceed the Maximum Compensation without an amendment executed by the parties.

3.2 All performance of the Scope of Services by Contractor including any changes in the Scope of Services and revision of work satisfactorily performed will be performed only when approved in advance and authorized by County.

3.3 County will pay Contractor based on the following procedures: Upon completion of the tasks identified in the Scope of Services, Contractor shall submit to County staff person designated by the County Engineer, one (1) electronic (pdf) copy and two (2) original hard copies of invoices showing the amounts due for services performed in a form acceptable to County. County shall review such invoices and approve them within 30 calendar days with such modifications as are consistent with this Agreement and forward same to the Auditor for processing. County shall pay each such approved invoice within thirty (30) calendar days. County reserves the right to withhold payment pending verification of satisfactory work performed.

Section 4. Limit of Appropriation

4.1 Contractor clearly understands and agrees, such understanding and agreement being of the absolute essence of this Agreement, that County shall have available the total maximum sum of eighty-two thousand three hundred eighty-seven dollars and 00/100 (\$82,387.00) specifically allocated to fully discharge any and all liabilities County may incur.

4.2 Contractor does further understand and agree, said understanding and agreement also being of the absolute essence of this Agreement, that the total maximum compensation that Contractor may become entitled to and the total maximum sum that County may become liable to pay to Contractor shall not under any conditions, circumstances, or interpretations thereof exceed eighty-two thousand three hundred eighty-seven dollars and 00/100 (\$82,387.00).

Section 5. Time of Performance

Time for performance of the Scope of Services under this Agreement shall begin with receipt of the Notice to Proceed and end no later than December 31, 2018. Contractor shall complete the tasks described in the Scope of Services, within this time or within such additional time as may be extended by the County.

Section 6. Modifications and Waivers

6.1 The parties may not amend or waive this Agreement, except by a written agreement executed by both parties.

6.2 No failure or delay in exercising any right or remedy or requiring the satisfaction of any condition under this Agreement, and no course of dealing between the parties, operates as a waiver or estoppel of any right, remedy, or condition.

6.3 The rights and remedies of the parties set forth in this Agreement are not exclusive of, but are cumulative to, any rights or remedies now or subsequently existing at law, in equity, or by statute.

Section 7. Termination

7.1 Termination for Convenience – County may terminate this Agreement at any time upon forty-eight (48) hours written notice.

7.2 Termination for Default

7.2.1 County may terminate the whole or any part of this Agreement for cause in the following circumstances:

7.2.1.1 If Contractor fails to perform services within the time specified in the Scope of Services or any extension thereof granted by the County in writing;

7.2.1.2 If Contractor materially breaches any of the covenants or terms and conditions set forth in this Agreement or fails to perform any of the other provisions of this Agreement or so fails to make progress as to endanger performance of this Agreement in accordance with its terms, and in any of these circumstances does not cure such breach or failure to County's reasonable satisfaction within a period of ten (10) calendar days after receipt of notice from County specifying such breach or failure.

7.2.2 If, after termination, it is determined for any reason whatsoever that Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the County in accordance with Section 7.1 above.

7.3 Upon termination of this Agreement, County shall compensate Contractor in accordance with Section 3, above, for those services which were provided under this Agreement prior to its termination and which have not been previously invoiced to County. Contractor's final invoice for said services will be presented to and paid by County in the same manner set forth in Section 3 above.

7.4 If County terminates this Agreement as provided in this Section, no fees of any type, other than fees due and payable at the Termination Date, shall thereafter be paid to Contractor.

Section 8. Ownership and Reuse of Documents

All documents, data, reports, research, graphic presentation materials, etc., developed by Contractor as a part of its work under this Agreement, shall become the property of County upon completion of this Agreement, or in the event of termination or cancellation thereof, at the time of payment under Section 3 for work performed. Contractor shall promptly furnish all such data and material to County on request.

Section 9. Inspection of Books and Records

Contractor will permit County, or any duly authorized agent of County, to inspect and examine the books and records of Contractor for the purpose of verifying the amount of work performed under the Scope of Services. County's right to inspect survives the termination of this Agreement for a period of four years.

Section 10. Insurance

10.1 Prior to commencement of the Services, Contractor shall furnish County with properly executed certificates of insurance which shall evidence all insurance required and provide that such insurance shall not be canceled, except on 30 days' prior written notice to County. Contractor shall provide certified copies of insurance endorsements and/or policies if requested by County. Contractor shall maintain such insurance coverage from the time Services commence until Services are completed and provide replacement certificates, policies and/or endorsements for any such insurance expiring prior to completion of Services. Contractor shall obtain such insurance written on an Occurrence form (or a Claims Made form for Professional Liability insurance) from such companies having Best's rating of A/VII or better, licensed or approved to transact business in the State of Texas, and shall obtain such insurance of the following types and minimum limits:

10.1.1 Workers' Compensation insurance. Substitutes to genuine Workers' Compensation Insurance will not be allowed.

10.1.2 Employers' Liability insurance with limits of not less than \$1,000,000 per injury by accident, \$1,000,000 per injury by disease, and \$1,000,000 per bodily injury by disease.

10.1.3 Commercial general liability insurance with a limit of not less than \$1,000,000 each occurrence and \$2,000,000 in the annual aggregate. Policy shall cover liability for bodily injury, personal injury, and property damage and products/completed operations arising out of the business operations of the policyholder.

10.1.4 Business Automobile Liability insurance with a combined Bodily Injury/Property Damage limit of not less than \$1,000,000 each accident. The policy shall cover liability arising from the operation of licensed vehicles by policyholder.

10.1.5 Professional Liability insurance may be made on a Claims Made form with limits not less than \$1,000,000.

10.2 County and the members of Commissioners Court shall be named as additional insured to all required coverage except for Workers' Compensation and Professional Liability. All Liability policies including Workers' Compensation written on behalf of Contractor, excluding Professional Liability, shall contain a waiver of subrogation in favor of County and members of Commissioners Court.

10.3 If required coverage is written on a claims-made basis, Contractor warrants that any retroactive date applicable to coverage under the policy precedes the effective date of the contract; and that continuous coverage will be maintained or an extended discovery period will be exercised for a period of 2 years beginning from the time that work under the Agreement is completed.

Section 11. Indemnity

CONTRACTOR SHALL INDEMNIFY AND DEFEND COUNTY AGAINST ALL LOSSES, LIABILITIES, CLAIMS, CAUSES OF ACTION, AND OTHER EXPENSES, INCLUDING REASONABLE ATTORNEYS FEES, ARISING FROM ACTIVITIES OF CONTRACTOR, ITS AGENTS, SERVANTS OR EMPLOYEES, PERFORMED UNDER THIS AGREEMENT THAT RESULT FROM THE NEGLIGENT ACT, ERROR, OR OMISSION OF CONTRACTOR OR ANY OF CONTRACTOR'S AGENTS, SERVANTS OR EMPLOYEES.

Section 12. Confidential and Proprietary Information

12.1 Contractor acknowledges that it and its employees or agents may, in the course of performing their responsibilities under this Agreement, be exposed to or acquire information that is confidential to County. 12.2 Contractor agrees to hold Confidential Information in strict confidence, using at least the same degree of care that Contractor uses in maintaining the confidentiality of its own confidential information, and not to copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than the provision of Services to County hereunder, and to advise each of its employees and agents of their

obligations to keep Confidential Information confidential. Contractor shall use its best efforts to assist County in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limitation of the foregoing, Contractor shall advise County immediately in the event Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Agreement and Contractor will at its expense cooperate with County in seeking injunctive or other equitable relief in the name of County or Contractor against any such person. Contractor agrees that, except as directed by County, Contractor will not at any time during or after the term of this Agreement disclose, directly or indirectly, any Confidential Information to any person, and that upon termination of this Agreement or at County's request, Contractor will promptly turn over to County all documents, papers, and other matter in Contractor's possession which embody Confidential Information.

12.3 Contractor acknowledges that a breach of this Section, including disclosure of any Confidential Information, or disclosure of other information that, at law or in equity, ought to remain confidential, will give rise to irreparable injury to County that is inadequately compensable in damages. Accordingly, County may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interest of County and are reasonable in scope and content.

12.5 Contractor expressly acknowledges that County is subject to the Texas Public Information Act, TEX. GOV'T CODE ANN. §§ 552.001 *et seq.*, as amended, and notwithstanding any provision in the Agreement to the contrary, County will make any information related to the Agreement, or otherwise, available to third parties in accordance with the Texas Public Information Act. Any proprietary or confidential information marked as such provided to County by Consultant shall not be disclosed to any third party, except as directed by the Texas Attorney General in response to a request for such under the Texas Public Information Act, which provides for notice to the owner of such marked information and the opportunity for the owner of such information to notify the Attorney General of the reasons why such information should not be disclosed.

Re: Fort Bend Quiet Zone Study

Richard,

Thank you for providing us this opportunity to present a proposal to investigate the highway/rail grade crossings within the County and provide recommendations for implementing Quiet Zones. From our meetings and subsequent correspondence, our understanding of the crossings to be investigated are:

- ▶ DOT #022697M Huntington Road (BNSF)
- ▶ DOT #022695Y Walnut Street (BNSF)
- ▶ DOT #022693K 3rd Street (BNSF)
- ▶ DOT #743731H 3rd Street (UP)
- ▶ DOT #022688N Rawson Road (BNSF)
- ▶ DOT #743727T Rawson Road (UP)
- ▶ DOT #022685T Austin Street (BNSF)
- ▶ DOT# 022683E Private Drive/Utility Access (BNSF)
- ▶ DOT# 022682X FM 1640 (BNSF)
- ▶ DOT# 022579K Commercial Drive (BNSF)
- ▶ DOT# 022778M Brazos Center Blvd (BNSF)
- ▶ DOT# 022678H FM2977 (BNSF)
- ▶ DOT# 022677B Benton Rd (BNSF)
- ▶ DOT# 022676U Name (Factory Entrance)
- ▶ DOT# 022675M FM 762/Crabb River Road (BNSF)
- ▶ DOT# 743726L FM 3155/Collins Road (UP)
- ▶ DOT# 743725E Douglass Street (UP)
- ▶ DOT# 743724X 10th Street (UP)
- ▶ DOT# 743723R 8th Street (UP)
- ▶ DOT# 743722J 6th Street (UP)
- ▶ DOT# 743720V 4th Street (UP)
- ▶ DOT# 743719B 2nd Street (UP)

Fort Bend County is exploring the steps to implement a Quiet Zone along the Union Pacific and BNSF Railway corridors in the county. There are a total of 22 crossings that are being considered for Quiet Zone designation. A map of the crossing locations is attached.

The TranSystems Team will collect information to prepare a report which includes a table outlining the following:

1. Which crossings could be stand-alone Quiet Zones and which ones need to be grouped into a Quiet Zone
2. Potential Supplemental Safety Measures (SSM's) that could be employed for each crossing
3. Budgetary opinion of probable cost to establish each Quiet Zone based on current TxDOT bids.

The report will also summarize the next steps required to progress the crossings to a Quiet Zone.

An important step in the consideration of various supplementary safety measures is to enter certain data online into the FRA's Quiet Zone Calculator. Data to be collected for each crossing for this purpose includes:

- a. Crossing name and DOT number
- b. Current warning devices
- c. 24 hour traffic counts
- d. Number of trains
 - a. Through and
 - b. Switching
- e. Number of main tracks
- f. Type of road (Urban or Rural)
- g. Maximum Timetable speed
- h. Number of highway lanes
- i. Accident data for the past five years

Data collection will consist of reviewing publicly available data and aerial photography. A field visit will be made to each crossing to take photos and verify what is observed from those public sources. A crossing data form will be developed and completed for each crossing that consists of the photos taken and the data collected and entered into FRA's online system so the County has a record of this information. In addition to recommended SSMs and their probable cost of construction, the report will also discuss prioritizing crossing zones based on their effectiveness (particularly areas that will have horns sounding that are exempt from QZ designation), bundling opportunities, or areas where closures may be a better option. TranSystems will also arrange for a sound study to be conducted at Collins Road. This will consist of:

- Sound Level Monitoring
 - Monitor sound levels at two locations near an at-grade crossing for approximately 24 hours. Sound levels will be collected in terms of A-weighted and linear decibels, as well as 1/3-octave and full-octave frequency bands. Levels will be logged and timestamped on a 5-second sampling period, along with pertinent environmental sound parameters such as L_{10} , L_{50} , L_{90} , L_{min} , and L_{max} , typically on a 15-minute basis.
 - Collect high-quality audio recordings during the entire survey period.
 - Analyze data and recordings to isolate and quantify train horn noise contributions at the crossing.
- Noise Modeling
 - Develop a sound level model for the existing environmental sound conditions, based on the measured sound level data.
 - Modify the sound level model to demonstrate the sound level contributions expected from stationary horns or signals at the proposed quiet crossing.
 - Illustrate the potential sound level reduction (benefit) due to the installation of a quiet crossing system at the site. Results will be provided in terms of tables of sound levels comparisons, and as color sound level contours. The quality and type of data available from the crossing system provider may affect contour resolution and accuracy.
- Report
 - Provide a written report of findings from the monitoring and modeling efforts.

TranSystems will also be available to assist the County in presenting this data to the public if desired. Bruce Anderson, P.E. will be leading this effort. Bruce is a Vice President with TranSystems and leads our Houston office. He has 38 years of railroad experience in all aspects of railroad inspection, maintenance, construction and design. He will be supported by our local Houston rail team consisting of Professional Engineers and graduate engineers. TranSystems has performed four recent quiet zone studies in Texas encompassing 20 crossings and many more studies across the country.

TranSystems proposes a fee of \$72,387.00 to collect the data, coordinate with railroads and public agencies, write the report and attend up to four public meetings. Sub-consultants (traffic counts and noise study) are estimated not to exceed \$10,809 and will be charged with no markup and is included in the above fee estimate. An additional allowance of \$10,000 is suggested for services not yet defined to be approved in writing prior execution of any additional work. The total not to exceed fee would be \$82,387.00 with this allowance. Our standard hourly rate sheet is attached.

We are ready to begin as soon as a contract is executed. We anticipate being able to perform the data collection and prepare a draft report within 8 weeks of commencement. Once comments are received we expect to be able to deliver the final report within 2 weeks. The final report will be a printed PDF bound with a cover, ten copies are included in the base fee. An electronic PDF file will be provided also.

We look forward to assisting you with this import project.

Sincerely,

Bruce Anderson, P.E.

Vice President
