APPLICATION REQUEST INFORMATION

The type of grant you are requesting: Equipment / AED's		What is the EXACT cost of the equipment? 2,038.40 each	
Sales Tax Amount 0.00	Shipping Amount 65.00 per AED	N/A Variances in the amounts requested will be the responsibility of the grant recipient to pay directly?	
What Equipment are you requesting for your department? Lifepak Crplus Automated External Defibrillator (AED) AED Wall Mount Cabinet Lifepak CR Plus Replacement Kit		Briefly explain how the equipment will benefit your community and your department. The goal of the Sheriff's Office is to place an AED in each patrol car along with placing some in the Sheriff's Office Administrative Building. By having these in the cars, the deputies would be able to offer immediate assistance.	
This would have a direct impact on more than <u>256</u> children in our community.		This would have a direct impact on more than <u>160</u> senior citizens in our community.	
What materials are you requesting for your department? Lifepak Crplus Automated External Defibrillator (AED) - Includes: 2PR Quik -Pak Pacing/De fibrillation/ECG electrodes with Redi Pak preconnect system, 1 charge pak, ambu mask, and 1 installed protocol card. Compatible with infant/child reduced energy defibrillation electrodes. 8 year warranty. AED Wall Cabinet with alarm - surface mount, rolled edges. Works with LifePak or CR Plus. Steel finish wall cabinet with white trim. Lifepak CR Plus Replacement Kit - 2 sets of electrodes			
What is the amount of funding you are requesting? \$20,000	Please provide a detailed description of how the funding will assist your department: Fort Bend County has placed a few AED's throughout county facilities; however, at this time, we do not have AED's place in the Patrol Cars (100) along with the Administrative Offices which house the Sheriff's Office, Criminal Investigation Division, Dispatch, ID / Records, Homicide Department, and the Finance Department. The funding would assist the Sheriff's Office in buying AED's to be put throughout the department.		

COMMUNITY IMPACT

Have you successfully reached out to the city for funds to purchase the equipment? County / No, we have not successfully been funded through the county budget.	Was there a particular instance where a life would have been positively impacted if you would have had the equipment available? Total calls for EMS in 2013 were 31,887. 25,305 resulted in actual patient contact. The Sheriff's Office assisted with a minimum of 1,648 of these calls. This number is actually higher because our computer system only logs the first two entities on a scene based on arrival sequence. Our data does not log how many of the total calls involved patients that could have benefited from the SO being equipped with AED's.
What positive effects will the equipment specifically have? Please use statistics when possible. The Sheriff's Office assisted with a minimum of 1,648 EMS calls. According to the American Heart Association, approximately 85% of victims of cardiac arrest demonstrate ventricular tachyarrhythmias immediately after collapse.
