The County will forward payment to the City within 30 days of approval of the construction contract from the City Council and a request from the City for payment.

F. The County will forward the reimbursement for ROW Costs to the City within thirty (30) days of the County’s acceptance of City’s full accounting of its funds expended on the Project.

G. Should the City fail to initiate Project design or construction by the dates provided below, or elect to forego construction for any reason, the County shall have, within its sole discretion to exercise, the right to re-allocate its contribution as it determines appropriate.

Section 5. City’s Rights and Obligations

A. The City is responsible for managing the design and overseeing the construction and completion of the Project and complying with the applicable state and federal laws.

B. The City has completed the Project PS&E and has received bids for the Project.

C. The City agrees to initiate construction of the Project within twelve (12) months of the execution of this Agreement or September 30, 2018, whichever is the earliest.

D. In the event the City fails to initiate Project construction within the time prescribed above, determines the Project lacks feasibility, or for any other reason elects to forego its construction, the City shall provide written notice to the County of such failure or its decision to forego construction. This Agreement shall automatically terminate upon the City’s election to forego construction of the Project. However, in the case of the City’s delay in initiating Project

Upon an election to terminate this Agreement under any circumstances, City agrees to refund all amounts provided by County, if any, upon thirty (30) days of said notice to the County.

These reports shall be submitted to County at increments agreed to between the parties as appropriate for the various phases of the Project. F. The City will submit the plans for the Project to the County Engineer for review in accordance with the 2007 or 2013 General Obligation Bond requirements for the Project, as appropriate. During the work on the Project, the County may review the documents, maps, plats, records, photographs, reports, and drawings pertaining to the Project and may inspect the work in progress, provided that it does not interfere with the work.

G. Upon completion of the Project, but no later than 60 days after, the City will furnish the County with a full accounting of the funds expended on the Project, specifically identifying ROW Costs and a request for reimbursement by the County for such ROW Costs pursuant to Section 4. C. (2) above, and an electronic copy of the record drawings showing the Project as constructed. The County Auditor may review the City's records regarding this Project.

H. If, after completion of the Project and the full accounting, additional funds are necessary to fulfill the County's obligation to provide funding for Eligible Project Costs adjusted for actual costs consistent with Section 4. C. (1) above, the County shall submit such additional funding to the City, subject to the limitations stated therein, within thirty (30) days of the County's acceptance of the full accounting.

I. However, if the City has funds remaining from the County's payment for Eligible Project Costs made upon the awarding of the construction contract due to lower actual costs, the amount of such remaining funds shall be applied to the amount requested by the City for reimbursement of ROW Costs pursuant to Section 4. C. (2), subject to the limitation stated therein.
