	Infrastructure Equipment & Software: EMC Master Ordering Agreement (MOA) Support Services: EMC Support Services Agreement Consulting, Technical Solutions, Professional or customized Training Services: EMC Professional Services Agreement (PSA)						

Unless specified otherwise in the terms and conditions specified in an applicable signed agreement between EMC and Customer, if any, the warranty for Equipment upgrades and add-ons is co-terminus with that of the existing system in which the upgrade or add-on is installed. Pricing is valid for a period of thirty (30) days from the date of this Quote and does not include any applicable taxes or freight charges unless otherwise specifically listed on this Quote. Additional freight charges will be applied if expedited shipping is requested. Customer Education Subscriptions, ValuePaks and Training Units are valid for one (1) year from date of invoice.

The prices on this Quote are dependent upon EMC's use of its applicable remote access capabilities, if any, during the EMC warranty and/or maintenance period. If Customer disconnects, or otherwise does not allow the use of such remote access capability, then EMC shall invoice, and Customer shall pay, the amount of EMC's then current, standard surcharge for all impacted products during the affected portion of the EMC warranty and/or maintenance period.

SPECIAL NOTICE FOR EMC SELECT PRODUCTS ("SEL"): Notwithstanding any contrary terms or conditions in any agreement between the parties, or any order submitted by or Quote accepted by, Customer, all offerings distributed by EMC pursuant to the "EMC Select" program (identified as "SEL" or "SELECT" in the Quote) are provided by EMC to Customer to facilitate the sale of the EMC Select offerings to Customer only on an "AS IS" basis and with EMC having no warranty, maintenance, support or indemnity obligations with regard thereto. While the quoting, ordering and payment terms of the agreement governing this Quote continue to apply between EMC and Customer, the other terms and conditions governing an EMC Select offering are those of the manufacturer or supplier of the offering, including the terms found through the applicable website link located on the EMC Select Products webpage located at: <http://www.emc.com/collateral/software/warranty-maintenance/h1712-warranty-maint-emc-select-prod.pdf>. Customer's purchase order for EMC Select Products signifies agreement to these terms.

SPECIAL NOTICE FOR EMC SOFTWARE: Additional descriptions of the various maintenance/support options, use rights, policies and restrictions governing Software are listed on the EMC Product Notice website located at http://www.emc.com/products/warranty_maintenance/index.jsp. EMC Software is licensed on the basis of a quantity (identified in the "Qty" column on the EMC Quote) and the related unit of measure ("UOM"). The UOM, if applicable, for an item of Software is indicated by an equals sign (=) immediately followed by two (2) capitalized alphabet letters (the "UOM Code") at the end of the information in the "Description" column for the software product. For example, a software product with a UOM based on the total data storage capacity of the storage array or other device on which the software product is licensed for use is indicated by "=CB" at the end of the Description. Each UOM is described in more detail, along with definitions of the terms used, at the EMC Software Use Rights document located at <http://www.emc.com/collateral/software/warranty-maintenance/h2483-sw-use-rights.pdf>. Except to the extent specifically stated otherwise on this Quote, each UOM Code and its related Unit of Measure are shown on the following UOM Code Chart.

SPECIAL NOTICE FOR ANNUAL MAINTENANCE RENEWAL PRICE: If specified, the Annual Maintenance Renewal Price ("Renewal Price") set forth above is the non-negotiable annual maintenance support renewal fee for the identified maintenance support option, if purchased. The Renewal Price is offered to the Customer listed above on the Quote. The Renewal Price is being offered in lieu of, and may not be combined with, any other applicable discounts or contractual pricing agreements. By issuing a purchase order for the renewal based on this quoted Renewal Price, Customer acknowledges and agrees that no other discounts will apply to the Renewal Price. To be eligible for the Renewal Price, Customer must maintain, and remain current on payment for, the related maintenance support option for the specified Product(s) with no gaps in coverage for the duration of any and all renewal periods. Renewal Price is limited to the specified duration of the maintenance support renewal period(s) and to the quoted Product configuration on this Quote only. Maintenance for future Equipment upgrades is not included in the Renewal Price and must be purchased separately to be, at a minimum, co-terminous at the same maintenance support option level of the underlying Equipment into which the upgrade is installed. The Renewal Price is only available during the period which the quoted Product configuration remains generally available and covered by EMC primary support. (For reference, EOPS as specified above means End of Primary Support.) The Renewal Price is payable only in the currency specified above. The provision of the maintenance and support services obtained during a renewal is contingent on the existence of, and remains subject to the terms and conditions contained in, the applicable signed support and maintenance agreement in effect with EMC or, in the absence thereof, the agreement specified above on this quotation. Additional descriptions of the various maintenance/support options, use rights, policies and restrictions for the renewal term(s), including EMC Products eligible for the Annual Maintenance Renewal Price and service features included as part of the renewal, are listed on the EMC Product Notice website which is currently located at http://www.emc.com/products/warranty_maintenance/index.jsp.

SPECIAL NOTICE FOR EMC SOFTWARE SUBSCRIPTIONS ("SUB", "SU" and "SA"): All offerings provided by EMC as software subscription offerings (identified as "SUB", "SU" or "SA" in the Quote) are provided subject to the terms contained in this paragraph. The software subscription fee listed on this Quote includes both the license to use the software and access to the specified EMC support option for the time period stated above ("Original Term"). The Original Term begins on the date that EMC ships the software media (if any) or sends Customer notice that the software is available for electronic download. Provided Customer is in compliance with its obligations to EMC, Customer may extend the Original Term for one (1) additional twelve (12) month period, at pricing that is directly proportionate to the pricing applicable to the Original Term, by submitting a conforming purchase order prior to the expiration of the Original Term. Unless other arrangements are made to properly continue the software subscription at the end of the Original Term, or the one year extension, if purchased, Customer shall immediately cease using the software subscription and shall erase or return such software to EMC. If Customer is purchasing the software subscription for purposes of resale, directly or indirectly to an end user, Customer shall include, or require its resellers and/or distributors to include, the preceding clauses in a written agreement with such end user and shall provide written evidence of doing so upon receipt of request from EMC.

SPECIAL NOTICE FOR PRODUCTS AND SERVICES BEING FINANCED: If Customer intends to enter into a financing arrangement ("Financing Agreement") for the items on this Quote with Dell Financial Services LLC or other company pre-approved by EMC prior to the date of this Quote (collectively the "Funding Source" or "FS"), Customer may issue its purchase order to EMC or to FS. If issued to FS, EMC will fulfill and invoice FS upon confirmation from FS that FS (i) intends to enter into a Financing Agreement with Customer for these items, and (ii) agrees to procure these items from EMC. Notwithstanding the Financing Agreement, Customer's use of these items is subject to the applicable governing agreement between customer and EMC, except that title to the equipment/hardware shall transfer from EMC to FS in the same manner as title would have otherwise transferred to Customer. If FS notifies EMC after shipment that Customer is no longer pursuing a Financing Agreement for these items, or if Customer fails to enter into such Financing Agreement within 120 days after shipment by EMC, Customer shall promptly pay the EMC invoice amounts directly to EMC. Upon receipt of such payment, EMC shall instruct FS to transfer title to Customer.

Customer may order the items on this Quote by (i) issuing a purchase order to EMC that references this Quote; or (ii) with the prior approval of EMC (a) signing this Quote and returning it to EMC; or (b) sending an email or other writing to EMC referencing and ordering the items on this Quote. Customer's order is accepted by EMC (1) issuing an e-mail or other written communication to Customer accepting such order; or (2) shipping the applicable Products to or commencing performance of the applicable Services.

Agreed by the undersigned, authorized Customer representative:
