Authority

Pursuant to the authority of Section 119 of the Department of Justice Appropriations Act of 2001 (Public Law 106-553), this Agreement is entered into between the United States Marshals Service (hereinafter referred to as the "Federal Government") and **Fort Bend County Jail** (hereinafter referred to as "Local Government"), who hereby agree as follows:

Purpose of Agreement and Security Provided

The Federal Government and the Local Government establish this Agreement that allows the United States Marshals Service (USMS) or other authorized agency user as noted in block #18 on page (1) to house Federal detainees with the Local Government at the **Fort Bend County Jail, 1410 Ransom Road, Richmond, TX 77469** (hereinafter referred to as "the Facility") designated in #6 page 1.

The population(hereinafter referred to as "Federal detainees,") will include individuals charged with Federal offenses and detained while awaiting trial, individuals who have been sentenced and are awaiting designation and transport to a Bureau of Prisons (BOP) facility, and individuals who are awaiting a hearing on their immigration status or deportation.

The Local Government shall accept and provide for the secure custody, safekeeping, housing, subsistence and care of Federal detainees in accordance with all state and local laws, standards, regulations, policies and court orders applicable to the operation of the Facility. Detainees shall also be housed in a manner that is consistent with Federal law and the Core Detention Standards and/or any other standards required by an authorized agency whose detainees are housed by the Local Government pursuant to this Agreement.

The USMS ensures the secure custody, care, and safekeeping of USMS detainees. Accordingly, all housing or work assignments, and recreation or other activities for USMS detainees are permitted only within secure areas of the building or within the secure external recreational/exercise areas.

At all times, the Federal Government shall have access to the Facility and to the Federal detainees housed there, and to all records pertaining to this Agreement, including financial records, for a period going back three (3) years from the date of request by the Federal Government.

Period of Performance and Termination

This Agreement is effective upon the date of signature of the authorized USMS Prisoner Operations Division official, and remains in effect unless inactivated in writing by either party. Either party may terminate this Agreement for any reason with written notice at least thirty (30) calendar days in advance of termination, unless an emergency situation requires the immediate relocation of Federal detainees.

Where the Local Government has received a Cooperative Agreement Program (CAP) award, the termination provisions of the CAP prevail.

Assignment and Outsourcing of Jail Operations

The overall management and operation of the Facility housing Federal detainees may not be contracted out without the prior express written consent of the Federal Government.

Medical Services

The Local Government shall provide Federal detainees with the same level and range of care **inside** the Facility as that provided to state and local detainees. The Local Government is financially responsible for all medical care provided **inside** the Facility to Federal detainees. This includes the cost of all medical, dental, and mental health care as well as the cost of medical supplies, over-the-counter medications and, any prescription medications routinely stocked by the Facility which are provided to Federal detainees. When possible, generic medications should be prescribed. The cost of all of the above-referenced medical care is covered by the Federal per diem rate. However, for specialized medical services not routinely provided within the Facility, such as dialysis, the Federal Government will pay for the cost of that service.

The Federal Government is financially responsible for all medical care provided **outside** the Facility to Federal detainees. The Federal Government must be billed directly by outside medical care providers pursuant to arrangements made by the Local Government for outside medical care. The Local Government should utilize outside medical care providers that are covered by the USMS's National Managed Care Contract (NMCC) to reduce the costs and administrative workload associated with these medical services. The Local Government can obtain information about NMCC covered providers from the local USMS District Office. The Federal Government will be billed directly by the medical care provider **not** the Local Government. To ensure that Medicare rates are properly applied, medical claims for Federal detainees must be on Centers for Medicare and Medicaid (CMS) Forms so that they can be re-priced to Medicare rates in accordance with the provisions of Title 18 U.S.C. Section 4006. If the Local Government receives any bills for medical care provided to Federal detainees outside the Facility, the Local Government should immediately forward those bills to the Federal Government for processing.

All **outside** medical care provided to Federal detainees must be pre-approved by the Federal Government except in a medical emergency. In the event of an emergency, the Local Government shall proceed immediately with necessary medical treatment. In such an event, the Local Government shall notify the Federal Government immediately regarding the nature of the Federal detainee's illness or injury as well as the types of treatment provided.

Medical care for Federal detainees shall be provided by the Local Government in accordance with the provisions of USMS, Publication 100-Prisoner Health Care Standards (www.usmarshals.gov/prisoner/standards.htm) and in compliance with the Core Detention Standards or those standards which may be required by any other authorized agency user. The Local Government is responsible for all associated medical record keeping.

The Facility shall have in place an adequate infectious disease control program which includes testing of all Federal detainees for Tuberculosis (TB) within 14 days of intake.

TB testing shall be accomplished in accordance with the latest Centers for Disease Control (CDC) Guidelines and the result promptly documented in the Federal detainee's medical record. Special requests for expedited TB testing and clearance (to include time sensitive moves) will be accomplished through advance coordination by the Federal Government and Local Government.

The Local Government shall immediately notify the Federal Government of any cases of suspected or active TB or any other highly communicable diseases such as Severe Acute Respiratory Syndrome (SARS), Avian Flu, Methicillin-Resistant Staphylococcus Aureus (MRSA), Chicken Pox, etc., which might affect scheduled transports or productions so that protective measures can be taken by the Federal Government.

When a Federal detainee is being transferred and/or released from the Facility, they will be provided with seven (7) days of prescription medication which will be dispensed from the Facility. Medical records and the USM-553 must travel with the Federal detainee. If the records are maintained at a medical contractor's facility, it is the Local Government's responsibility to obtain them before a Federal detainee is moved.

Federal detainees may be charged a medical co-payment by the Local Government in accordance with the provisions of Title 18, USC Section 4013(d). The Federal Government is not responsible for medical co-payments and cannot be billed for these costs even for indigent Federal detainees.

Affordable Care Act

The Federal Government will use various price analysis techniques and procedures to ensure the per-diem rate established by this Agreement is considered a fair and reasonable price. Examples of such techniques include, but are not limited to, the following:

1. Comparison of the requested per-diem rate with the independent Federal Government estimate for detention services, otherwise known as the Core Rate;
2. Comparison with per-diem rates at other state or local facilities of similar size and economic conditions;
3. Comparison of previously proposed prices and previous Federal Government and commercial contract prices with current proposed prices for the same or similar items;
