All items shall be shipped F.O.B. inside delivery unless otherwise stated in the specifications. This shall be understood to include bringing merchandise to the appropriate room or place designated by the using department. Nonconformance shall constitute a breach, which must

Initials of Bidder: 

be rectified prior to expiration of the time for performance. Failure to rectify within the performance period will be considered cause to reject future deliveries and cancellation of the contract by Fort Bend County without prejudice to other remedies provided by law. Where delivery times are critical, Fort Bend County reserves the right to award accordingly.

- 1.32 Termination: Fort Bend County reserves the right to terminate the contract for default if Seller breaches any of the terms therein, including warranties of bidder or if the bidder becomes insolvent or commits acts of bankruptcy. Such right of termination is in addition to and not in lieu of any other remedies, which Fort Bend County may have in law or equity. Default may be construed as, but not limited to, failure to deliver the proper goods and/or services within the proper amount of time, and/or to properly perform any and all services required to Fort Bend County's satisfaction and/or to meet all other obligations and requirements. Contracts may be terminated without cause upon thirty (30) days written notice to either party unless otherwise specified.
- 1.33 Recycled Materials: Fort Bend County encourages the use of products made of recycled materials and shall give preference in purchasing to products made of recycled materials if the products meet applicable specifications as to quantity and quality. - 2.18 Assignment-Delegation: No right or interest in an order shall be assigned or delegation of any obligation made by Seller without the written permission of Fort Bend County. Any attempted assignment or delegation by Seller shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.

- 2.23 Advertising: Seller shall not advertise or publish, without the County's prior consent the fact that Fort Bend County has entered into any contract, except to the extent necessary to comply with proper requests for information from an authorized representative of the federal, state, or local government.

Initials of Bidder: 

- 2.24 **Right to Assurance:** Whenever the County in good faith has reason to question the other party's intent to perform. The County may demand that the other party give written assurance of his intent to perform. In the event that a demand is made and no assurance is given within five (5) days, the County may treat this failure as an anticipatory repudiation of the contract.
- 2.25 **Venue:** Both parties agree that venue for any litigation arising from this contract shall lie in Richmond, Fort Bend County, Texas.
- 2.26 **Prohibition Against Personal Interest in Contracts:** No officer or employee of the County shall have a financial interest, direct or indirect, in any contract with the County, or shall be financially interested, directly or indirectly, in the sale to the County of any land, materials, supplies, or service, except on behalf of the County as an officer or employee. Removal of this material is a voluntary public service performed by the County and is not an admission that the County has any legal responsibility for removal.

Generally, the cleanup of contaminated soils is at a ratio of one (1) drum of contaminated soil to one (1) drum of waste. For the purposes of this bid a fifty-five (55) gallon drum of solid waste shall be considered to weigh 800 pounds, and a fifty-five (55) gallon drum of liquid waste shall be considered to weigh 460 pounds.

12.2.3 Laboratory Analysis – Defines as all laboratory tests/analyses necessary to sufficiently identify, classify, and/or process hazardous or non-hazardous waste in order to disposition same. Prior to the selection of a disposal option, Fort Bend County designated representative(s) shall review and authorize the selected tests/analyses necessary in order to determine the proper disposition option. Copies of all related analytical results and waste classifications documentation, including quality assurance/quality control data will be provided to Fort Bend County for review. The Fort Bend County designated representative(s) shall have the opportunity to obtain a split sample of any wastes recovered during a cleanup. Laboratories shall be accredited by the State of Texas under the NELAP.

Alternatives must consider technologies that will result in a permanent and significant decrease in the toxicity, mobility, or volume of the hazardous contaminants present in the wastes. The estimated quantities as listed on the Bid Pricing Form, Item II., 1., A. and 3., A. includes calls from Fort Bend County to dispose of self-generated waste and abandoned on easements. Fort Bend County retains the discretion to specify which disposition alternative is utilized.
