

STATE OF TEXAS §
 §
 COUNTY OF FORT BEND §

**AMENDMENT TO INTERLOCAL AGREEMENT
 EXTENSION OF UTILITIES**

THIS AMENDMENT, is made and entered pursuant to the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, by and between Fort Bend County, Texas ("County"), a body corporate and politic, acting by and through its Commissioners Court, and the Fort Bend County Fresh Water Supply District No. 1 ("District"), a conservation and reclamation district created pursuant to the authority of Article XVI, Section 59 of the Texas Constitution, and operating under the provisions of Chapters 49 and 53 of the Texas Water Code, as amended, acting by and through its Board of Supervisors. The County and the District may be referred to collectively herein as the "Parties."

WHEREAS, the Parties executed and accepted that certain Interlocal Agreement for the Extension of Utilities on November 28, 2017 ("Agreement"); and

WHEREAS, the Parties desire to amend the Agreement to increase the amount the County agrees to pay the District for Project costs under the Agreement.

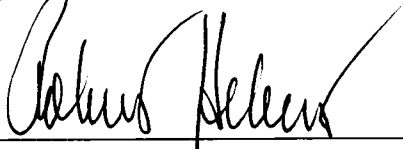

For and in consideration of the mutual obligations and benefits derived hereunder, the County and the District agree as follows:

1. The County shall pay the District an additional twenty-eight thousand two hundred nine dollars and no/100 (\$28,209.00) to reflect an increase in estimated Project costs after the award of the construction contract, as described in the tabulation attached hereto as Exhibit "A" and incorporated herein for all purposes.
2. The maximum amount payable by the County to the District is hereby increased to an amount not to exceed two hundred ninety thousand four hundred fifty-nine dollars and no/100 (\$290,459.00), authorized as follows:
 \$262,250.00 under the Agreement; and
 \$28,209.00 under this Amendment.
3. In no case shall the amount paid by the County to the District for Project costs under the Agreement exceed the \$290,459.00 without further amendment executed by the Parties.

Except as set forth in this Amendment, the Agreement is unaffected and shall continue in full force and effect in accordance with its terms. If there is conflict between this Amendment and the Agreement, the terms of this Amendment will prevail.

TASK ORDER FORM

Effective Date December 21, 2017 Task Order No. 23

Client Project No. _____ Consultant Project No. WHXH7523

This Task Order is entered into on the effective date noted above pursuant to the "Master Agreement for Professional Services" between FORT BEND COUNTY FRESHWATER SUPPLY DISTRICT NO. 1 ("Client") and JACOBS ENGINEERING GROUP INC. ("Consultant"), dated January 15, 2009 ("Agreement"). The Agreement is incorporated herein and forms an integral part of this Task Order. However, in case of conflict, the terms of the Agreement shall control.

Services Authorized

Client authorizes Consultant to perform Design and Construction Phase Engineering Services as described below and as set out in the Scope of Services attached hereto.

Scope of Services

See attached sheet for description of Scope of Services.

Pricing

Design Phase Engineering Services:

Engineering Services of \$24,700.00 on a Lump Sum Basis

Estimated Reimbursable Expenses of \$500.00 on a Cost Plus 10% Basis

Construction Phase Engineering Services:

Construction Administration Services of \$5,400.00 on a Lump Sum Basis

Construction Observation Services of \$9,000.00 on a Lump Sum Basis

Estimated Reimbursable Expenses of \$2,500.00 on a Cost Plus 10% Basis

Task Order Total \$42,100.00

Schedule

Services may commence on December 21, 2017

Services should be completed by December 31, 2018

RE: Recommendation of Award for
Fort Bend County Freshwater Supply District No. 1
FM521 Sanitary Sewer Extension

Dear Board Members:

On Wednesday, May 30, 2018, four bids were received and opened for the **FM521 Sanitary Sewer Extension** construction project. All of the bids were reviewed for accuracy and all contained errors. Once the math corrections were made it did not result in the bid order changing. See the attached bid tabulation for more details.

Upon review of the qualifications submitted by the apparent low bidder, we recommend awarding this contract to Skilled Construction Subs Unlimited with a bid total of \$207,506.30.

If you have any questions or would like more information, please let me know.

Sincerely,

JACOBS

A handwritten signature in black ink, appearing to read "D.C. Dybala Jr.", written over the printed name.

David Charles Dybala Jr., P.E.
District Engineer

Client: Fort Bend County Freshwater Supply District No. 1

Project: FM521 Sanitary Sewer Extension

Re: Fort Bend County Fresh Water Supply District No. 1
FM 521 Sanitary Sewer Extension (Pecan Street to Approximately 300 ft South of
Renfrow-Burford Rd.)

Dear Mr. Dybala:

Based on the project drawings and specifications furnished to us, Geotest Engineering, Inc. is pleased to submit our cost estimate for performing materials engineering services during the construction of the above referenced project. Based on the proposed scope of services, we estimate a budget of \$11,361.00. Any additional services requested and not part of this estimate will be charged in accordance with Geotest fee schedule. A worksheet with the breakdown of quantities is attached with this proposal for your convenience.

We appreciate the opportunity to propose on this project. If you have any questions, please contact us at your convenience. Please indicate your formal acceptance by signing a copy of this letter in the space below and returning to us.

Very truly yours,

GEOTEST ENGINEERING, INC.

Re: Inspection Fees for the First Baptist Church of Fresno located at 4501 FM 521.

Dear Mr. Fleck,

The District received the plans for the above referenced project. Based on the plans approved by the District's Engineer, we are providing the costs the inspections and per the District's Engineer "Pro Rata Share of Wastewater System Costs" listed below:

• Pro Rata Share Cost for Tax-Exempt (\$5,578/ESFC per the District's Rate Order)	\$ 5,578.00
Tax Exempt Fee Subtotal	\$ 5,578.00

The following are fee associated with providing the minimum inspections required by the District's Rate Order. If additional inspections are requested or required, they will be billed at the rates per the Districts' Rate Order

• Pre-Construction Inspection	\$ 50.00
• Sanitary Sewer Inspection	\$ 300.00
• Customer Service Inspection	\$ 150.00
• Final Construction Inspection	\$ 50.00
• Backflow Test/Inspection	\$ 80.00
• Plan Review	\$ 200.00
Inspections Subtotal	\$ 830.00

Total Fees of Service	\$ 6,408.00
------------------------------	--------------------

Please make checks payable to **Fort Bend F.W.S.D. #1** for the total amount listed above. Payment should be returned to the address above with the Applications for Service and Service Agreements attached. These fees are subject to change if payment is not received within 90 days for the date of this letter. Any repairs including but not limited to concrete, landscape, and fencing is not included in this cost and is the responsibility of the owner or contractor.

The District's Rate Order requires certain inspections be performed prior to providing permanent water and sewer service. The inspections include; (1) a Pre-construction Inspection to verify the condition of District owned facilities in the vicinity of the site, (2) Sewer Inspection to include the inspection of the sanitary sewer piping and all appurtenances and fittings from the building foundation to the point of connection into the District's sewer system (3) a Customer Service Inspection to include the inspection of all plumbing fixtures to determine cross connection control is adequate, (4) a Final Construction Inspection to confirm the condition of District owned facilities following completion of construction. (5) Grease Trap Inspection(s) is to determine proper connection(s) of the device designed to intercept most greases and solids before they enter a wastewater disposal system, a (6) The customer is responsible for the installation of the backflow prevention assembly(s). An original test and maintenance report form should be submitted to the District's Operator no more than 7 business days following the installation of the assembly. Any additional inspections will be billed to the account. Builder Deposits will be refunded by The District upon written request, provided repairs of any damage(s) caused to District property by the builder or its agent(s) have been completed.

In accordance with the District's Rate Order, the installation of the water tap and the inspections cannot be performed until all the fees have been paid, all conditions of the capacity commitment letter have been met, the construction plans for the property have been approved by the District's Engineer and the following documents requested by the District's Operator have been received:

1. Completed Application for Water Service
2. Completed Customer Service Agreement

Please feel free to contact me at the number above should there be any questions regarding this matter.

Sincerely,

Bart Downum
