

Fort Bend County

R-201810-22885 - Live Release Intake Reduction Request
Amount Requested: \$4,875.00
Tax Status: Governmental (Municipality/County)

Application Qualification

Is your organization applying for funding to support work related specifically to getting cats/dogs adopted, keeping them healthy in shelters, returning lost pets to their owners, and/or keeping pets in their homes? Yes

ORGANIZATIONAL PROFILE NOTE: The ASPCA may send back the application if the organizational profile is not completed or if the profile is not recently updated within the current year.

For applicants new to this grant portal (new as of September 10, 2017), your organizational profile is not complete. The registration to receive your log-in credentials does not count as your organizational profile.

To to access the organization profile, please go to the left-hand menu and click "Organization(s)". Click on your organization. In the organizational information page there is an edit button to click on the top right-hand corner to edit this profile.

Have you recently completed or updated your organization profile? Yes

When did you update your organization profile? 10/31/2018

▼ Organization Information

Organization: Fort Bend County
Primary Contact: Barbara Vass
Email: barbara.vass@fortbendcountytexas.gov
Primary Signatory: Robert Hebert

If an ASPCA employee solicited (formally invited) this request, please list his/her name here. If not, leave blank.

General Request Information

For which RFP are you applying? Lil BUB
Project Title : HBC Wellness Fund
Program Area: Live Release

Provide a detailed description of your activity, event, program, and/or project in 500 words or less.

This fund would provide radiographs for dogs and cats that have been hit by a car. Currently, while we have a vet and vet tech on staff, we do not have any ability to provide x-ray services for the pets with those type of injuries. To be able to help those pets, we rely on social media and local 501c3 organizations who will raise funds to have the pets evaluated at a local contract vet.

The goal is to be able to provide for at least 65 of these pets that come in over the next 12 months.

Anticipated Start Date: 1/1/2019
Anticipated End Date: 12/31/2019

Funding Details

Request Amount: \$4,875.00

If part or all of the funds you are requesting will be used for payroll expenses, (such as salary, bonuses, etc.), please select 'Yes' below.

Does your funding request include payroll expenses as part of your requested amount? No

Does your request include funding for a vehicle? No

If yes, please include an estimate for a half- and full-vehicle wrap on the Project Budget Line Items below (select "Vehicle & Animal Transport" from the Expense Type drop down menu). Supplemental funds to cover the cost of a wrap may be added to the grant at the ASPCA's discretion.

Project Budget

Project Budget

Please note: The grand totals will not automatically update. The grand totals will calculate after the application is saved.

Expense Type	Total Project Cost	Amount Requested from ASPCA
Animal Care (Medical & Non-Medical)	\$4,875	\$4,875

Expense Description	Radiographs for dogs and cats injured in hit by car accidents We are basing the funding need for 65 pets at \$75 per vet visit for an x-ray.
----------------------------	--

Grand Total:	\$4,875	\$4,875
---------------------	----------------	----------------

If the total project cost is higher than the amount requested, please explain how the project will be fully funded.

We are unable to fund outside medical expenses so the project cannot exceed \$4875.00

Please upload an application budget or upload an additional project budget you would like to share. If you have already detailed your budget in the Project Budget section above, please feel free to skip this upload section.

Click on the '+' below and to the right of Request Budget to open the document uploader, select your file, and click Start Upload. Once the progress bar has reached 100%, you may close the uploader window.

Organization Budget and Request Budget Document

What goal(s) do you have for the work to be supported by this funding request?

The goal is to be able to have a better understanding of the injuries and recovery period required by dogs and cats that come into the shelter with hit by car/injuries requiring radiographs so that we can network them for adoption, rescue or medical fostering.

Over how many months do you estimate the requested amount would be used? 12

How are project/program costs being covered while funding requests are pending?

At this time, we rely on 501c3 rescue organizations to fund radiographs at contract vet clinics for dogs or cats hit by a car.

Fiscal Organization

Does this grant include a Fiscal Sponsor/Agent? No

Request Details

If this grant is for a program or project, how will you track and assess your progress?

We will track the number and outcome of pets that incur this type of injury during the funding period and compare it to the previous year's data as available to see if networking a pet that already has a diagnosis has more success at adoption, rescue or medical foster than without. The requested funding is for approximately 65 pets at an average cost of \$75 per radiograph.

Do you plan to continue the program or project beyond the grant term? Yes

How will you sustain it?

Our plan is to present the data to County officials in the hope that they will see a need for an x-ray machine at our facility to support the needs of the pets that come into the shelter with injuries from hit by car and require radiographs.

Geographical area served for THIS request ONLY

No Geographical area served for THIS request ONLY records have been added.

Impact

Population served for THIS request ONLY (You may choose more than one, but ONLY select those populations that will be served by THIS request. For example, if your organization provides services for equines and farm animals, but your request is for equine paddocks, you should choose "Equine" ONLY.)

Population Served: Cats, Dogs

Estimated number of Cats to be impacted by the requested grant funds (if not applicable, enter "0"): 25

Estimated number of Dogs to be impacted by the requested grant funds (if not applicable, enter "0"): 40

Estimated number of Equines to be impacted by the requested grant funds (if not applicable, enter "0"): 0

Estimated number of Farm Animals to be impacted by the requested grant funds (if not applicable, enter "0"): 0

Estimated number of Other Animals to be impacted by the requested grant funds (if not applicable, enter "0"): 0

Estimated total number of animals to be impacted by the requested grant funds: 65

If your organization is tracking individual human clients served, please estimate the number to be impacted by the requested grant funds (if not applicable, enter "0"): 0

Please explain how you calculated/estimated the impact numbers you provided above.

Based on the number of dogs and cats that come in with hit by car injuries, we can average that we have approximately 25 cats and 40 dogs per year that we will see and require radiographs at \$75 per a local vet clinic prices.

Live Release/Intake Reduction Information

Capacity Cats: 50

Cat Free Space: 0

Capacity Dogs: 78

Dog Free Space: 0

Permanent Residents: 0

Please click the '+' button below and to the right of the 'Animal Tracking Report' text to open the uploader, select your file and click, Start Upload. Once your upload has reached 100%, you may close the uploader window.

RFP Specific Questions

If the request is for an existing program, how long have you been providing this program? What has been your average annual budget for this program?

N/A

Acknowledgement

By submitting an application for an ASPCA grant, you agree to allow the ASPCA to utilize the information submitted on such application in any way it deems appropriate to support its mission to prevent cruelty to animals, including fundraising. Such uses may include, but are not limited to, reproducing such information in print or on the ASPCA website and/ or allowing third parties to access such information. In addition, by submitting this application, you hereby certify that the requesting organization is aware of and endorses this request and the information herein and you are authorized to submit this application on behalf of the requesting organization.

Acknowledgment of Submission of Yes
Application to ASPCA:

Photos, Videos, Press Releases and Media

To attach photos to this application, please use the Media Files section below. Before uploading your photos, please be sure each of their file names includes a number and a descriptive word or two. Use the dropdown menu when adding photos to select one of seven keywords that best describes your photo:

Keywords

1. Before and/or after (This can be in reference to the recovery of an animal or the restoration of a structure.)
2. Happy (Animal and/or people smiling, celebrating, etc.)
3. Equine
4. Farm animal
5. Dog
6. Cat
7. Other

We request the photos be in high-resolution .JPG or .PNG format (although we accept any format) at a file size ideally between 1MB and 5GB.

Describe the media you are uploading in this space. Please number your items and describe each item below in the same number order. If you have videos, please post the link to the videos instead of uploading the videos as video file sizes are big and the system file size limit is 5GB.

Media Description & Video Links:

The photos are of Hope. Hope came in just this morning. She was found in the rain on the side of the road after being hit by a car. The finder tried to help by tightly wrapping her leg in an ace bandage. We had to reach out to local rescues and through social media to help this poor girl.

Click on the '+' below and to the right of Request Documents to open the document uploader, select your file, and click Start Upload. Once the progress bar has reached 100%, you may close the uploader window.

Request Documents

Your organizational documents should be uploaded in your organizational profile. To update your organizational documents including your 990 Tax Form, IRS Determination Letter, Organizational Budget, W-9, Audited Financials, Balance Sheets and other organizational documents, please visit your organizational profile.

Your application will be reviewed in conjunction with your organizational profile so please be sure to update your organizational documents including your 990 Tax Form, Organizational Budget, W-9, Audited Financials, Balance Sheets and other documents you would like us to review.

For your application, we ask for the following optional documents to upload here:

- Photographs pertinent to this request and/or of your facility
- Vendor quotes or other price documentation, if applicable
- Previous grants & fundraising
- Additional materials, such as a supplemental form requested by the Grant Officer

If your request is for a vehicle, including trailers, a vendor quote for the cost of the wrap is required.

Please note the file size limit is 5GB and we do not accept direct video uploads. You may enter the website to your video(s) below if you would like us to view videos as part of your application.

Click on the '+' below and to the right of Request Documents to open the document uploader, select your file, and click Start Upload. Once the progress bar has reached 100%, you may close the uploader window.
