**Subject:** RE: October 2018 Invoices

Courtney,

The 1.5 hours billed was for reviewing the appraisal and settlement documents for Parcel 5 in order to answer the question asked by Michael Moss, Utility Coordinator with Atkins, regarding whether or not the property owner was compensated for the relocation of their power pole/ electrical service. I have attached a copy of the email string for reference.

Regards,

**Mike Mahar**

Courtney,

Bryan was wondering if there could be more explanation given on what parcel this was for on Crabb River Road and what work was performed.

Thank you

**Attachments:** RCSJ 1415-03-011 Parcel 5 Executed Appraisal and Tabulation of Values.pdf

Michael,

The owner of Parcel 5 was compensated for the depreciated value of 3 existing electric power poles within the taking area, as well as cost to cure damages to reestablish the three power poles on the remainder site (see attached Tabulation of Values and Appraisal). However, this did not include the cost of relocating the service to the new pole(s).

Sincerely,

**Mike Mahar**

**Subject:** CRR - Parcel 2759-005 electrical service

Good afternoon, Mike. I have a similar question to the one I emailed you about back in July. The electrical service to the fireworks stand next to the Exxon station on FM 2759 is in the proposed ROW, in Parcel 2759-005. Was relocation of this service included in the deal for the parcel?

**Michael C. Moss** *P.E.*
