Re: Budget Increase Request
On-Call Environmental Services for Willow Fork of Buffalo Bayou
Fort Bend County Drainage District – Fort Bend County

Dear Mr. Vogler:

BIO-WEST, Inc. (BIO-WEST) has been providing environmental services related to the on-going rehabilitation of Willow Fork of Buffalo Bayou in northern Fort Bend County. To date BIO-WEST has obtained 3 separate Section 404 Clean Water Act permits on behalf of the Fort Bend County Drainage District to conduct the various repair and dredging work necessary to implement the required changes to the drainage system necessary to protect Fort Bend County residents and their property from potential damaging flood conditions.

BIO-WEST is providing this supplement proposal and a request to increase the project budget for continuing environmental support for this project on an on-call as needed basis.

Project Approach

Task 1

On-Call Environmental Services - BIO-WEST staff members will provide on-call environmental consulting services, including but not limited to: attending meetings (both on-site and in-office), conducting field visits to collect additional ecological or environmental data as needed, and provide professional guidance and written summaries of this guidance on topics of environmental concern regarding any actions the drainage district requests. This also includes providing archeological services for the Willow Fork project in order to comply with National Environmental Policy Act (NEPA) regulations.

Estimated Costs

BIO-WEST proposes to provide Fort Bend County Drainage District these On-Call Environmental Services on a TIME AND MATERIALS basis with a cost limit not to exceed \$35,000. The 2020 BIO-WEST hourly billing rates are attached.

Non-labor charges will incur a 10% mark-up as a handling service fee.

You may authorize BIO-WEST to begin the work as proposed by signing the BIO-WEST terms and conditions. BIO-WEST will begin the work immediately after receiving the notice to proceed.

If you have any questions or comments, please call the BIO-WEST office at (832) 990-2940.

Sincerely,

Andy Boswell
Senior Project Manager & Senior Ecologist
