NOTICE OF CONFIDENTIALITY RIGHTS: IF YOU ARE A NATURAL PERSON, YOU MAY REMOVE OR STRIKE ANY OF THE FOLLOWING INFORMATION FROM ANY INSTRUMENT THAT TRANSFERS AN INTEREST IN REAL ESTATE BEFORE IT IS FILED FOR RECORD IN THE PUBLIC RECORDS: YOUR SOCIAL SECURITY NUMBER OR YOUR DRIVERS LICENSE NUMBER.

That **FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 182**, a conservation and reclamation district and a body politic organized and existing under the laws of the State of Texas (the "Grantor"), for and in consideration of the sum of **TEN AND NO/100 DOLLARS (\$10.00)** cash to Grantor in hand paid by **FORT BEND COUNTY DRAINAGE DISTRICT**, a conservation and reclamation district and a body politic and corporate and governmental agency of the State of Texas ("Grantee"), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, has **GRANTED, BARGAINED, SOLD, AND CONVEYED** and by these presents hereby **GRANTS, BARGAINS, SELLS, AND CONVEYS** unto said Grantee, its successors and assigns, a permanent and perpetual non-exclusive easement and right of-way (the "Easement") for the purpose of constructing, installing, maintaining, operating, and repairing a drainage channel, including drains, ditches and laterals (collectively, the "Channel") upon, over, through and across that certain tract of land described on Exhibit "A" attached hereto (the "Easement Property").

Subject to the terms hereof, Grantee may construct, install, maintain, operate, and repair the Channel within the Easement Property and shall have access upon, over, through and across the Easement Property to engage in all activities as may be necessary, requisite, convenient, or appropriate in connection therewith. Grantor, its successors and assigns, expressly reserves the right to the use and enjoyment of the Easement Property for any and all purposes including, without limitation, for the purposes of construction, installation, maintenance, repair, replacement and operation of: road crossings, trails, sidewalks, road and pedestrian bridges, lighting facilities, irrigation facilities, pavilions no larger than 700 square feet in size located outside the Maintenance Berm (defined below), benches, utility lines, drainage or detention lines or facilities, fitness equipment, trees, greenbelts, and landscaping (any of such lines, facilities, or items installed by Grantor shall be referred to herein as the "Grantor's Facilities"); provided that such use will not prevent or unreasonably interfere with Grantee's ability to construct, install, maintain, operate, or repair the Channel therein or ability to access or travel through the Maintenance Berm, defined below, with maintenance equipment. Accordingly, Grantee shall not utilize the Easement Property, or any other property or easements owned or operated by Grantee, in a manner that would

unreasonably interfere with the Grantor's Facilities that are currently or hereafter installed by Grantor in the Easement Property or Grantor's use of same. Prior to Grantor, or its successors or assigns, hereafter constructing any of Grantor's Facilities in the Easement Property (except for repair, rehabilitation, or re-installation of previously installed facilities), plans shall be submitted to Grantee for review and approval, which approval shall not be unreasonably withheld or delayed. Grantee shall approve or comment on such plans within 30 days after receipt.

Notwithstanding any provision hereof, the appropriate governmental entity(ies), but not Grantee, shall be responsible for maintenance, repair, replacement and operation of: (i) roads, (ii) bridges, or (iii) other facilities that are accepted (for maintenance, operation, or otherwise) by, or conveyed to, the appropriate governmental entity (ies).

Grantor shall, at its sole cost, be responsible to cause the maintenance and operation of the Grantor's Facilities. Grantee understands and agrees that the grasses within the Easement Property that Grantor will be planting and maintaining vary in height and are not frequently mowed. If Grantee reasonably determines that Grantor has failed to adequately maintain the Grantor's Facilities such that drainage flow is compromised, Grantee may perform maintenance, repair, modifications, or work in the Easement Property, but Grantee must first: (i) give Grantor written notice of its intent to perform same and identify the area(s) where Grantor has failed to adequately maintain, and (ii) give Grantor an opportunity of at least a 60 days to cure Grantor's lack of adequate maintenance. In the event of an emergency or to protect public health and safety, Grantee is not required to give a 60 day opportunity to cure, but Grantee shall provide Grantor with as much notice as is reasonably practicable to allow Grantor an opportunity to cure. Grantee shall invoice Grantor for the actual and reasonable costs incurred by Grantee for maintenance, repair, modifications, or work performed by Grantee pursuant to this paragraph, which invoice will be due and payable by Grantor within 60 calendar days of receipt.

Except if necessary for Grantee to perform maintenance, repair, modifications or work allowed pursuant to the preceding paragraph, Grantee's access and travel along and through the Easement Property with maintenance equipment shall be limited to solely along and through an unobstructed maintenance berm at least 30 feet wide located on each side of the Channel (collectively, the "Maintenance Berm").

Prior to constructing, or allowing construction of, facilities or improvements in the Easement Property, Grantee shall give Grantor at least 90 days written notice. If pursuant to the preceding sentence, Grantee hereafter installs, or allows installation of, any facilities or improvements within the Easement Property, then Grantee (and not Grantor) shall be responsible for maintenance and repair of such facilities or improvements.

This conveyance is further expressly made SUBJECT TO all restrictions, easements, rights of way and mineral or royalty reservations and interests affecting the Easement Property and appearing of record in the Official Real Property Records of Fort Bend County, Texas, as of the date of this conveyance (the "Permitted Exceptions") to the extent the same are validly existing and enforceable

against the Easement Property. Grantor reserves the right to convey to others the fee title for some or all of the Easement Property and/or any and all of the rights that are reserved to Grantor hereunder.

Grantee currently owns and/or possesses the right to utilize those certain rights of way and easements for drainage canals and other facilities upon, over, through and across those certain tracts of land described in that certain instrument granted by D.R. Horton-Texas, Ltd. to Grantee, recorded under Clerk's File No. 2013130493, of the Official Public Records of Fort Bend County, Texas. (Such instrument is referred to herein as the "Original Easement"). Within 30 days after Grantee's execution of this Drainage Easement, Grantee will execute and record a written abandonment of the portion of the Original Easement that is located within the Easement Property.

TO HAVE AND HOLD perpetually, subject to the matters set forth herein, the above described Easement for said purposes, together with all the rights and appurtenances thereto in anywise belonging to Grantee, its successors and assigns, forever, upon the condition that Grantee will at all times, after doing any work in connection with the Easement, restore said premises to the previously existing condition as near as possible; and that in the use of said rights and privileges herein granted to Grantee. Grantee will not create an unreasonable nuisance or do any act that will be unreasonably detrimental to said premises. Subject to the matters set forth herein, Grantor does hereby bind itself and its successors and assigns to **WARRANT AND FOREVER DEFEND** all and singular the easement and rights described herein unto Grantee against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through, or under Grantor, but not otherwise.

That **FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 182**, a conservation and reclamation district and a body politic organized and existing under the laws of the State of Texas (the "Grantor"), for and in consideration of the sum of **TEN AND NO/100 DOLLARS (\$10.00)** cash to Grantor in hand paid by **FORT BEND COUNTY DRAINAGE DISTRICT**, a conservation and reclamation district and a body politic and corporate and governmental agency of the State of Texas ("Grantee"), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, has **GRANTED, BARGAINED, SOLD, AND CONVEYED** and by these presents hereby **GRANTS, BARGAINS, SELLS, AND CONVEYS** unto said Grantee, its successors and assigns, a permanent and perpetual non-exclusive easement and right of-way (the "Easement") for the purpose of constructing, installing, maintaining, operating, and repairing a drainage channel, including drains, ditches and laterals (collectively, the "Channel") upon, over, through and across that certain tract of land described on Exhibit "A" attached hereto (the "Easement Property").

Subject to the terms hereof, Grantee may construct, install, maintain, operate, and repair the Channel within the Easement Property and shall have access upon, over, through and across the Easement Property to engage in all activities as may be necessary, requisite, convenient, or appropriate in connection therewith. Grantor, its successors and assigns, expressly reserves the right to the use and enjoyment of the Easement Property for any and all purposes including, without limitation, for the purposes of construction, installation, maintenance, repair, replacement and operation of: road crossings, trails, sidewalks, road and pedestrian bridges, lighting facilities, irrigation facilities, pavilions no larger than 700 square feet in size located outside the Maintenance Berm (defined below), benches, utility lines, drainage or detention lines or facilities, fitness equipment, trees, greenbelts, and landscaping (any of such lines, facilities, or items installed by Grantor shall be referred to herein as the "Grantor's Facilities"); provided that such use will not prevent or unreasonably interfere with Grantee's ability to construct, install, maintain, operate, or repair the Channel therein or ability to access or travel through the Maintenance Berm, defined below, with maintenance equipment. Accordingly, Grantee shall not utilize the Easement Property, or any other property or easements owned or operated by Grantee, in a manner that would

unreasonably interfere with the Grantor's Facilities that are currently or hereafter installed by Grantor in the Easement Property or Grantor's use of same. Prior to Grantor, or its successors or assigns, hereafter constructing any of Grantor's Facilities in the Easement Property (except for repair, rehabilitation, or re-installation of previously installed facilities), plans shall be submitted to Grantee for review and approval, which approval shall not be unreasonably withheld or delayed. Grantee shall approve or comment on such plans within 30 days after receipt.

Notwithstanding any provision hereof, the appropriate governmental entity(ies), but not Grantee, shall be responsible for maintenance, repair, replacement and operation of: (i) roads, (ii) bridges, or (iii) other facilities that are accepted (for maintenance, operation, or otherwise) by, or conveyed to, the appropriate governmental entity (ies).

Grantor shall, at its sole cost, be responsible to cause the maintenance and operation of the Grantor's Facilities. Grantee understands and agrees that the grasses within the Easement Property that Grantor will be planting and maintaining vary in height and are not frequently mowed. If Grantee reasonably determines that Grantor has failed to adequately maintain the Grantor's Facilities such that drainage flow is compromised, Grantee may perform maintenance, repair, modifications, or work in the Easement Property, but Grantee must first: (i) give Grantor written notice of its intent to perform same and identify the area(s) where Grantor has failed to adequately maintain, and (ii) give Grantor an opportunity of at least a 60 days to cure Grantor's lack of adequate maintenance. In the event of an emergency or to protect public health and safety, Grantee is not required to give a 60 day opportunity to cure, but Grantee shall provide Grantor with as much notice as is reasonably practicable to allow Grantor an opportunity to cure. Grantee shall invoice Grantor for the actual and reasonable costs incurred by Grantee for maintenance, repair, modifications, or work performed by Grantee pursuant to this paragraph, which invoice will be due and payable by Grantor within 60 calendar days of receipt.

Except if necessary for Grantee to perform maintenance, repair, modifications or work allowed pursuant to the preceding paragraph, Grantee's access and travel along and through the Easement Property with maintenance equipment shall be limited to solely along and through an unobstructed maintenance berm at least 30 feet wide located on each side of the Channel (collectively, the "Maintenance Berm").

Prior to constructing, or allowing construction of, facilities or improvements in the Easement Property, Grantee shall give Grantor at least 90 days written notice. If pursuant to the preceding sentence, Grantee hereafter installs, or allows installation of, any facilities or improvements within the Easement Property, then Grantee (and not Grantor) shall be responsible for maintenance and repair of such facilities or improvements.

This conveyance is further expressly made SUBJECT TO all restrictions, easements, rights of way and mineral or royalty reservations and interests affecting the Easement Property and appearing of record in the Official Real Property Records of Fort Bend County, Texas, as of the date of this conveyance (the "Permitted Exceptions") to the extent the same are validly existing and enforceable

against the Easement Property. Grantor reserves the right to convey to others the fee title for some or all of the Easement Property and/or any and all of the rights that are reserved to Grantor hereunder.

Grantee currently owns and/or possesses the right to utilize those certain rights of way and easements for drainage canals and other facilities upon, over, through and across those certain tracts of land described in that certain instrument granted by D.R. Horton-Texas, Ltd. to Grantee, recorded under Clerk's File No. 2013130493, of the Official Public Records of Fort Bend County, Texas. (Such instrument is referred to herein as the "Original Easement"). Within 30 days after Grantee's execution of this Drainage Easement, Grantee will execute and record a written abandonment of the portion of the Original Easement that is located within the Easement Property.

TO HAVE AND HOLD perpetually, subject to the matters set forth herein, the above described Easement for said purposes, together with all the rights and appurtenances thereto in anywise belonging to Grantee, its successors and assigns, forever, upon the condition that Grantee will at all times, after doing any work in connection with the Easement, restore said premises to the previously existing condition as near as possible; and that in the use of said rights and privileges herein granted to Grantee, Grantee will not create an unreasonable nuisance or do any act that will be unreasonably detrimental to said premises. Subject to the matters set forth herein, Grantor does hereby bind itself and its successors and assigns to **WARRANT AND FOREVER DEFEND** all and singular the easement and rights described herein unto Grantee against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through, or under Grantor, but not otherwise.

Horton-Texas, Ltd. to Grantee, recorded under Clerk's File No. 2013130493, of the Official Public Records of Fort Bend County, Texas. (Such instrument is referred to herein as the "Original Easement"). Within 30 days after Grantee's execution of this Drainage Easement, Grantee will execute and record a written abandonment of the portion of the Original Easement that is located within the Easement Property.

TO HAVE AND HOLD perpetually, subject to the matters set forth herein, the above described Easement for said purposes, together with all the rights and appurtenances thereto in anywise belonging to Grantee, its successors and assigns, forever, upon the condition that Grantee will at all times, after doing any work in connection with the Easement, restore said premises to the previously existing condition as near as possible; and that in the use of said rights and privileges herein granted to Grantee, Grantee will not create an unreasonable nuisance or do any act that will be unreasonably detrimental to said premises. Subject to the matters set forth herein, Grantor does hereby bind itself and its successors and assigns to **WARRANT AND FOREVER DEFEND** all and singular the easement and rights described herein unto Grantee against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through, or under Grantor, but not otherwise.

That **D.R. HORTON-TEXAS, LTD.**, a Texas limited partnership ("Grantor"), for and in consideration of the sum of **TEN AND NO/100 DOLLARS (\$10.00)** cash to Grantor in hand paid by **FORT BEND COUNTY DRAINAGE DISTRICT**, a conservation and reclamation district and a body politic and corporate and governmental agency of the State of Texas ("Grantee"), and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, has **GRANTED, BARGAINED, SOLD, AND CONVEYED** and by these presents hereby **GRANTS, BARGAINS, SELLS, AND CONVEYS** unto said Grantee, its successors and assigns, a permanent and perpetual non-exclusive easement and right of-way (the "Easement") for the purpose of constructing, installing, maintaining, operating, and repairing a drainage channel, including drains, ditches and laterals (collectively, the "Channel") upon, over, through and across that certain tract of land described on Exhibit "A" and shown on Exhibit "B" attached hereto (the "Easement Property"). Grantor is also conveying a permanent and perpetual non-exclusive easement to **FORT BEND COUNTY MUNICIPAL UTILITY DISTRICT NO. 182**, a conservation and reclamation district and a body politic and corporate and governmental agency of the State of Texas ("MUD 182"), its successors and assigns, for certain specific purposes described herein.

Subject to the terms hereof, Grantee may construct, install, maintain, operate, and repair the Channel within the Easement Property and shall have access upon, over, through and across the Easement Property to engage in all activities as may be necessary, requisite, convenient, or appropriate in connection therewith. Grantor, its successors and assigns (including MUD 182), expressly reserves the right to the use and enjoyment of the Easement Property for any and all purposes including, without limitation, for the purposes of construction, installation, maintenance, repair, replacement and operation of: road crossings, trails, sidewalks, road and pedestrian bridges, lighting facilities, irrigation facilities, pavilions no larger than 700 square feet in size, benches, utility lines, drainage or detention lines or facilities, fitness equipment, trees, greenbelts, and landscaping (any of such lines, facilities, or items installed by Grantor shall be referred to herein as the "Grantor's Facilities"); provided that such use will not prevent or unreasonably interfere with Grantee's ability to construct, install, maintain, operate, or repair the Channel therein or Grantee's free right of ingress to and from the Easement Property. Prior to Grantor, or its successors or assigns (including MUD 182), hereafter constructing any of Grantor's

Facilities in the Easement Property (except for repair, rehabilitation, or re-installation of previously installed facilities), plans shall be submitted to Grantee for review and approval, which approval shall not be unreasonably withheld or delayed. Grantee shall approve or comment on such plans within 30 days after receipt.

MUD 182 shall have the right to utilize the Easement Property for the purposes of construction, installation, maintenance, repair, replacement and operation of road crossings, trails, sidewalks, road and pedestrian bridges, lighting facilities, irrigation facilities, pavilions no larger than 700 square feet in size, benches, utility lines, drainage or detention lines or facilities, fitness equipment, trees, greenbelts, and landscaping (Any of such lines, facilities, or items installed by MUD 182 shall be referred to herein as the "MUD 182 Facilities."); provided that such use will not prevent or unreasonably interfere with Grantee's ability to construct, install, maintain, operate, or repair the Channel therein or Grantee's free right of ingress to and from the Easement Property. Grantor hereby grants a non-exclusive easement to MUD 182 for said purposes. Prior to MUD 182, or its successors or assigns, hereafter constructing any of MUD 182's Facilities in the Easement Property (except for repair, rehabilitation, or re-installation of previously installed facilities), plans shall be submitted to Grantee for review and approval, which approval shall not be unreasonably withheld or delayed. Grantee shall approve or comment on such plans within 30 days after receipt.

Notwithstanding any provision hereof, the appropriate governmental entity(ies), but not MUD 182 or Grantee, shall be responsible for maintenance, repair, replacement and operation of: (i) roads, (ii) bridges, or (iii) other facilities that are accepted (for maintenance, operation, or otherwise) by, or conveyed to, the appropriate governmental entity (ies).

MUD 182 shall, at its sole cost, be responsible to cause the maintenance and operation of the MUD 182 Facilities. Grantee understands and agrees that the grasses within the Easement Property that MUD 182 will be planting and maintaining vary in height and are not frequently mowed. If Grantee reasonably determines that MUD 182 has failed to adequately maintain the MUD 182 Facilities such that drainage flow is compromised, Grantee may perform maintenance, repair, modifications, or work in the Easement Property, but Grantee must first: (i) give MUD 182 written notice of its intent to perform same and identify the area(s) where MUD 182 has failed to adequately maintain, and (ii) give MUD 182 an opportunity of at least 60 days to cure MUD 182's lack of adequate maintenance. In the event of an emergency or to protect public health and safety, Grantee is not required to give a 60 day opportunity to cure, but Grantee shall provide MUD 182 with as much notice as is reasonably practicable to allow MUD 182 an opportunity to cure. Grantee shall invoice MUD 182 for the actual and reasonable costs incurred by Grantee for maintenance, repair, modifications, or work performed by Grantee pursuant to this paragraph, which invoice will be due and payable by MUD 182 within 60 calendar days of receipt.

This conveyance is further expressly made SUBJECT TO all restrictions, easements, rights of way and mineral or royalty reservations and interests affecting the Easement Property and appearing of record in the Official Real Property Records of Fort Bend County, Texas, as of the date of this conveyance (the "Permitted Exceptions") to the extent the same are validly existing and enforceable

against the Easement Property. Grantor reserves the right to convey to others (including, without limitation, MUD 182) the fee title for some or all of the Easement Property and/or any and all of the rights that are reserved to Grantor hereunder.

TO HAVE AND HOLD perpetually, subject to the matters set forth herein, the above described Easement for said purposes, together with all the rights and appurtenances thereto in anywise belonging to Grantee, its successors and assigns, forever, upon the condition that Grantee will at all times, after doing any work in connection with the Easement, restore said premises to the previously existing condition as near as possible; and that in the use of said rights and privileges herein granted to Grantee, Grantee will not create an unreasonable nuisance or do any act that will be unreasonably detrimental to said premises. Subject to the matters set forth herein, Grantor does hereby bind itself and its successors and assigns to **WARRANT AND FOREVER DEFEND** all and singular the easement and rights described herein unto Grantee against every person whomsoever lawfully claiming or to claim the same or any part thereof, by, through, or under Grantor, but not otherwise.

This easement may be executed in multiple counterparts, each of which shall be deemed an original, and all of which, taken together, shall constitute one instrument.
