Program-Specific Questions

Culturally Competent Victim Restoration

Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: (1) cultural knowledge, awareness and sensitivity are integrated into action and policy; (2) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and (3) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

Provide information in this section regarding how your organization is culturally competent when providing services to victims.

We agree to continue to promote collaboration and coordination with other agencies to provide the services that victims need throughout the judicial process. In order to provide culturally competent victim services, our victim witness assistance division attends training on cultural knowledge and sensitivity. That knowledge and sensitivity is incorporated into the services provided to victims of all backgrounds and cultures in our community. Being aware of a victim's specific cultural needs allows for more effective and efficient victim assistance. We provide equal services to all cultural groups within our community. We also provide information and resources from organizations and agencies that work with the specific needs of each cultural group. We recognize that each victim is different with different needs, feelings, ideas, and barriers. We understand that victims may be more willing to cooperate and receive services if their individual needs are addressed and met.

Culturally Specific and Underserved Populations

Following are relevant definitions needed to answer this question.

- Underserved populations means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.
- Culturally specific means the program is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g))).
- Racial and ethnic minority group means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.
- Hispanic means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services designed to meet the specific needs of the target population in order to justify a YES response in the section below.)

Yes

No

If you answered 'YES' above, you must explain in the box below how your organization's program is specifically designed to focus on and meet the needs of culturally specific populations. If this item does not apply enter 'N/A'.

Certifications

In addition to the requirements found in existing statute, regulation, and the funding announcement, this program requires applicant organizations to certify compliance with the following:

Forensic Medical Examination Payments

Health care facilities shall conduct a forensic medical examination of a victim of an alleged sexual assault if the victim arrived at the facility within 96 hours after the assault occurred and the victim consents to the examination. The victim is not required to participate in the investigation or prosecution of an offense as a condition of receiving a forensic medical examination, nor pay for the forensic examination or the evidence collection kit. The evidence collection portion of the exam is to be paid by law enforcement per state law. Crime Victim Compensation funds may be used to pay for the medical portion of the exam unless the victim of sexual assault is required to seek reimbursement for the examination from their insurance carrier. If a health care facility does not provide diagnosis or treatment services for sexual assault victims, the facility is required to refer the victim to a facility that provides those services.

Confidentiality and Privacy

Applicant agrees to maintain the confidentiality of client-counselor information and research data, as required by state and federal law. Personally identifying information or individual information collected in connection with services requested, utilized, or denied may not be disclosed; or, reveal individual client information without informed, written, reasonably time-limited consent of the person about whom information is sought. If release of information is compelled by statutory or court mandate, reasonable attempts to provide notice to victims affected by the disclosure of information will be made and steps necessary to protect the privacy and safety of the persons affected by the release of information will be taken.

Activities that Compromise Victim Safety and Recovery

Applicant agrees to not engage in activities that jeopardize victim safety, deter or prevent physical or emotional healing for victims, or allow offenders to escape responsibility for their actions.

Polygraph Testing Prohibition

A peace officer or attorney representing the state may not require an adult or child victim of an alleged sex offense to submit to a polygraph examination or other truth telling device as a condition for proceeding with the investigation of such an offense. In addition, the refusal of a victim to submit to a polygraph or other truth telling examination will not prevent the investigation, charging, or prosecution of an alleged sex offense or on the basis of the results of a polygraph examination.

Protection Orders

Victims applying for a protective order or their attorney may not bear the costs associated with the filing of an order of protections.

Offender Firearm Prohibition

The applicant certifies that its judicial administrative policies and practices include notification to domestic violence offenders of the requirements delineated in section 18 USC 5 992(a)(8) and (a)(9)

Violence offenders or the requirements delineated in Section 10.000 § 122(9)(C) and (9)(D).

Criminal Charges

In connection with the prosecution of any misdemeanor or felony domestic violence offense, the victim may not bear the costs associated with the filing of criminal charges against a domestic violence offender, issuance or service of a warrant, or witness subpoena.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Beginning January 1, 2020, counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions within seven business days to the Criminal Justice Information System at the Department of Public Safety. By January 1, 2021, such reporting must take place within five business days. Click [here](#) for additional information from DPS on this new reporting requirement.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting Part I violent crime data to the Texas Department of Public Safety (DPS) for inclusion in the annual Uniform Crime Report (UCR). To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year.

Conversion to National Incident-Based Reporting System (NIBRS)

The Texas Department of Public Safety (DPS) has established a goal set by the Texas Legislature for all local law enforcement agencies to implement and report crime statistics data by using the requirements of the National Incident-Based Reporting System (NIBRS). Additionally, the Federal Bureau of Investigations (FBI) will collect required crime statistics solely through the NIBRS starting January 1, 2021. Due to this federal deadline, grantees are advised that eligibility for future grant funding may be tied to compliance with NIBRS. Financial grant assistance for transitioning to NIBRS may be available for your jurisdiction from the Public Safety Office.

Immigration Legal Services

CJD prioritizes funding of projects that provide a full spectrum of counseling, crisis services, and other direct victim services. CJD will not fund projects that focus primarily on immigration legal services and do not provide a significant level of other types of victim services.

Discrimination

Applicant agrees not to discriminate against victims because they disagree with the State's prosecution of the criminal case.

Records

Applicant agrees to maintain daily time and attendance records specifying the time devoted to allowable victim services.

Volunteers

If awarded VOCA funds, applicant agrees to use volunteers to support either the project or other agency-wide services/activities, unless CJD determines that a compelling reason exists to waive this requirement.

Crime Victims' Compensation

Applicant agrees to assist crime victims in applying for crime victims' compensation benefits.

Community Efforts

Applicant agrees to promote community efforts to aid crime victims. Applicants should promote, within the community, coordinated public and private efforts to aid crime victims. Coordination efforts qualify an organization to receive these funds, but are not activities that can be supported with these funds.

Civil Rights Information

Applicant agrees to maintain statutorily required civil rights statistics on victims served by race, national origin, sex, age, and disability of victims served, within the timeframe established by CJD. This requirement is waived when providing services, such as telephone counseling, where soliciting the information may be inappropriate or offensive to the crime victim.

Victims of Federal Crime

Applicant agrees to provide equal services to victims of federal crime. (Note: Victim of federal crime is a victim

of an offense that violates a federal criminal statute or regulation; federal crimes also include crimes that occur in an area where the federal government has jurisdiction, such as Indian reservations, some national parks, some federal buildings, and military installations.)

No Charge

Applicant agrees to provide grant-funded services at no charge to victims of crime. Applicants are also prohibited from billing Crime Victims Compensation, private insurance, Medicaid, or Medicare for services provided using VOCA funds.

Effective Services

Applicants applying for funds to provide victim services must demonstrate a record of providing effective services to crime victims. (See "Eligible Organizations" in the Funding Announcement.)

Project Abstract :

Our project will continue the coordination, with applicable resource organizations, social services and law enforcement agencies, in providing a network of services and resources that directly assist crime victims. The Fort Bend County District Attorney's Office Victim Assistance Coordinator, two Assistant Victim Assistance Coordinators and two Administrative Secretaries will continue to work with law enforcement's crime victim liaisons in providing a seamless transition for crime victims from the investigation of a crime to the prosecution of a crime. We will continue to provide and improve upon the personal attention given to victims. Our program will continue to contact every victim of crime, violent and non-violent, regardless of race or ethnicity. By achieving this goal, it is believed that the psychological and emotional trauma, that is so often incurred as a result of being a crime victim, will be minimized. Victims of crime will continue to be contacted via telephone, mail and email while assisted in a timely manner. The Victim Witness Assistance Division will continue providing victims with the appropriate assistance and/or referrals to meet their specific needs. This program will also educate victims about their rights with regard to the criminal justice process. The Victim Witness Assistance Division will continue to provide in-person assistance and support during trial preparation and trial court accompaniment. We will enlighten the victim as to the procedures of the Criminal Justice System and keep them informed of status and procedures. With the continuation of our staff expansion project, we will be able to effectively continue the services, care, and consideration that every crime victim has received in the past and that they so rightly deserve.

Problem Statement :

Fort Bend County continues to be one of the fastest growing counties in the United States with a population of 787,858 (U.S. Census Bureau, 2018), and a continuing rise in the crime rate of most offenses, thus requiring additional personnel to effectively address the ever increasing caseload and afford victims the assistance that is mandated as well as the additional services they deserve. We currently have one Victim Assistance Coordinator, two Assistant Coordinators and two Administrative Secretaries to assist victims, whose cases are randomly assigned to five District Courts and six County Courts-at-Law.

Supporting Data :

In FY 2019, we were able to serve and assist 5,747 victims; 234 with court accompaniment; 1,714 with completing and filing compensation claims; 3,071 with information about the criminal justice process; 2,573 with notification of criminal justice events; 568 with prosecution interview accompaniment. According to the Texas Department of Public Safety 2018 Texas Crime Report, Fort Bend County had a population of approximately 752,245 and 9,711 offenses. We serve and will continue to serve all victims regardless of race, age, and/or gender. Agency policy does not limit victim services to only those mandated by the Code of Criminal Procedure, but every crime filed with our agency, that includes a victim, is given support and assistance. Specific problems are identified in the Fort Bend County Public Safety Community Plan 2019-2020: Victim/Witness services for adults within the criminal court system (page 26-27) and Victim/Witness services for children in the criminal court system (page 46-47).

Project Approach & Activities:

In order to provide a network of services and resources that directly assist crime victims, our project will continue the coordination with applicable resource organizations, social services, and law enforcement agencies. The Fort Bend County District Attorney's Office Victim Witness Assistance Division will continue to conduct personal interviews with the victims of crime regarding the prosecution of their cases while working with law enforcement's crime victim liaisons to provide a seamless transition for crime victims from the investigation of a crime to the prosecution of a crime. We will continue to provide the personal attention given to victims (i.e. court accompaniment, arranging meetings with prosecutors, explanation of court procedures and protocol). Our program will continue to contact each and every victim of crime, violent and non-violent, regardless of race or ethnicity. This contact is established by mail, telephone, email, or in-person. By achieving this goal, it is believed that the psychological and emotional trauma, that is so often incurred as a result of being a crime victim, will be minimized. Victims of crime will be contacted and assisted in a timely manner. The Victim Witness Assistance Division will continue to collect and review intake files to determine who has been victimized and to what extent assistance and referrals can be offered, contacting each victim and providing the appropriate assistance and/or referrals to meet their specific needs. This program will also educate victims about their rights with regard to the criminal justice process. Educational and informational literature will be made available to all victims. This Victim Witness Assistance Division will continue to provide assistance and support during trial preparation, investigations, and trial court accompaniment, and will enlighten the victim as to the procedures of the criminal justice

system and keep them informed of status, procedures and court settings. With the continuation of our staff expansion project, we will be able to effectively continue the services, care, and consideration that each and every crime victim has received in the past and that they so rightly deserve.

Capacity & Capabilities:

The Fort Bend County District Attorney's Office focuses on the prosecution of criminal cases and employs approximately 77 attorneys and approximately 57 support staff personnel. The Victim Witness Assistance Division, within that office, focuses on assisting victims through the criminal justice process and employs one Victim Assistance Coordinator, two Assistant Victim Assistance Coordinators, and two Administrative Secretaries. The current Victim Assistance Coordinator has a Bachelor's Degree in Victim Studies as well as several years of experience in victim services in the District Attorney's Office setting. One of the Assistant Coordinators also has a Bachelor's Degree in Victim Studies as well as years of experience in the victim services field. The other Assistant Coordinator is new to the field of victim services, but carries years of customer service experience. In addition to office and courtroom experience, the Coordinators also attend multiple trainings throughout the year to receive updates and new information in the victim services field. Both Secretaries are fairly new to the victim services field, but have been receiving on-the-job training, and also have strong backgrounds in customer service. They are scheduled to attend conferences where they will receive more in-depth instruction. The combined experience, education, and passion of this division qualifies them to provide services to the crime victims of our county, using the methods, approaches, and activities mentioned above.

Performance Management :

Our goals are to reduce the trauma associated with victimization in order to help victims live in a healthy and safe environment and to provide services mandated by law that victims so rightly deserve. To do that, our Victim Assistance Coordinator, Assistant Victim Assistance Coordinators, and Administrative Secretaries assist the victims we serve by providing information, status, and support regarding their individual cases. The Administrative Secretaries send out Victim Impact Statements and Crime Victims' Compensation packets as well as court setting notification letters. The Victim Assistance Coordinator and Assistant Victim Assistance Coordinators schedule personal interviews between victims and prosecutors to discuss their cases. They also address a victim's specific needs and make appropriate referrals for counseling and other resources to meet those needs. All positions within the division accompany crime victims to court to lend support and provide an explanation of the proceedings. Telephone contact and in-person contact is provided by all positions in the division. In order to achieve these goals, we need the continuation of this Staff Expansion Project, so we can effectively continue the services, care, and consideration that every crime victim deserves.

Target Group :

Our target group is all crime victims (of crimes committed by adults) in Fort Bend County, regardless of gender, age, or race/ethnicity. The demographics of this county are diverse, and we strive to provide services to all groups represented.

Evidence-Based Practices:

The rights of crime victims and the duties of a victim assistance division within a District Attorney's Office are outlined in Chapter 56 of the Texas Code of Criminal Procedure, so most of our methods and activities are mandated by the law. We also follow procedures set out by the Texas Crime Victim Clearinghouse and the Texas Department of Criminal Justice-Victim Assistance Division. Often times, the methodology we ascribe to and the activities we perform are based on training and information we have received from attending training and webinars. Well established prosecution-based victim services divisions train on best practices for providing services to crime victims. We also stay updated on the field of victim services through organizations such as the National Organization for Victim Assistance (NOVA), the National Center for Victims of Crime, the Office of the Attorney General of Texas-Crime Victims Services Division, the Texas District and County Attorney's Association-Victim Services Division, and other organizations that provide training and updates.

Program Evaluation and Assessment Activity

Special Instructions for Projects Selecting the Program Evaluation and Assessment Activity

Programs selecting "Program Evaluation and Assessment" as a project activity must indicate within the Detailed Project Activity Section whether the proposed evaluation is a **Tier-One** or **Tier-Two** evaluation. For Tier-One evaluations, describe the best practice/model to be used in a fidelity and performance evaluation, the goal(s) of the evaluation, and why it is needed. For Tier-Two evaluations, describe why this new program model is needed and the goal(s) of the evaluation. See definitions below:

Tier-One Evaluations

Evaluations of programs that have been implemented and the evaluations will test the fidelity of the program based on proven models or best-practices. The evaluation will also review available program output and outcome information.

Tier-Two Evaluations

Evaluations directed at measuring the effectiveness of proposed new program models or significant changes in present program models. The goal of tier-two evaluations is both to measure the program's effectiveness and to produce data and evidence necessary for others to replicate the program model and to develop best practices that can be used in supporting similar efforts.
