To: Fort Bend County Commissioners Court

From: Craig N Russell / President/CEO

Reference: Purchase Order 189504

Date: June 4, 2020

Metro Fire would like to thank you for the purchase order for the new rescue tools for your Technical Rescue Team (TRT).

We understand the commitments that your court and the fire departments make on behalf of the communities you serve, and we take great pride in helping support those efforts.

As with many purchases, the evaluation, the bidding and then the award processes all take time. During this purchase of rescue tools for the Fort Bend County Technical Rescue Team, Holmatro Rescue Tools introduced new advancements in their battery rescue tool lineup.

The release of the Pentheon tools was launched two weeks ago with no previous notice going out to Holmatro dealers, customers, and obviously their competitors.

This new generation of battery-operated tools, The Holmatro Pentheon, is the most technical and performance advanced tools on the market today. It will be our future of rescue tools moving forward.

The above purchase order is for the Holmatro EVO 3 battery tools. Metro Fire would like to offer your TRT the Holmatro Pentheon Rescue Tools at NO COST as a direct replacement, tool for tool upgrade for EVO 3 battery tools. This upgrade represents an estimated \$ 5,000.00 plus in additional cost, but again we are offering this upgrade at no additional cost.

I am sure someone would ask why would Metro Fire do this? It really is a simple answer; it is the right thing to do, due to the amount of money being spent and the longevity of these products, we always want to put our best foot forward.

If approved, we ask that the purchase order be modified to represent the new part numbers. If not approved, we will provide the EVO 3 tools that are represented on the purchase order.

Please feel free to reach out to our Territory Manager, David Tovey, or myself if you have any questions or concerns.
