4. Public Comments regarding the Agenda and Announcements: speakers are required to register their public participation form by email no later than 9:00 a.m. on the day of the meeting, in accordance with the Rules and Procedures of Commissioners Court.

No public comments.

Judge George recognized the County Clerk and her staff for their excellent performance in this turbulent time. The various divisions safely processed record high numbers of transactions during the month of June 2020, even while some staff were unavailable due to pandemic conditions. Judge thanked the County Clerk and her team for their perseverance and commitment to the citizens of this County.

Dr. Jacquelyn Minter, Director of Health & Human Services stated the County stands at 5,015 positive cases, 1,800 have recovered, there are 63 deaths and almost 40,000 tests have been done at County operated sites. The positivity rate has gone up to 14%. The Region is running a test positivity rate between 14 - 25%. The virus is continuing to spread. HHS is doing testing every day in each precinct and continues to find new ways to make sure testing is available to anyone who may need to be tested. In addition, hospitals are full, emergency rooms are experiencing high volumes and EMS is making more runs. The risk level has moved to red, which makes it clear that more needs to be done to make sure people are not transmitting the disease so prevalent throughout the community. Dr. Minter has asked everyone to be more diligent about social distancing, continue to wash hands, continue to wear face coverings and not to minimize symptoms and get tested in order to prevent the spread of this disease.

Judge George mentioned there were 2,400 positive cases between the beginning of March - June 14. In the last 30 days there have been 2,600 positive cases. This shows there has been a spike and is the reason for moving to red.

Mark Flathouse, Emergency Manager/Fire Marshal announced the level has upgraded to red. The EOC's purpose and responsibility is to help, adapt and overcome in areas of need. Whether it is working with jurisdictions, the state, County staff and departments, the EOC staff has maintained working in different areas, while HHS is focusing on testing, especially during this red level. Communication is necessary as decisions are made from the state and the EOC's job is to work with the Judge's office and HHS to get these messages out.
