22. COUNTY JUDGE:

A. Discuss and take all appropriate action to extend the Declaration of Local disaster for Public Health Emergency ordered by the County Judge on June 23, 2020 to continue measures to contain the spread of COVID-19.

Moved by Commissioner Prestage, Seconded by Commissioner DeMerchant
Duly put and carried (3-2), it is ordered to extend the Declaration of Local disaster for Public Health Emergency ordered by the County Judge on June 23, 2020, extended by Commissioners Court on July 31, 2020 to be extend to August 31, 2020 at 11:59 p.m.

Judge George	Yes
Commissioner Morales	No
Commissioner Prestage	Yes
Commissioner Meyers	No
Commissioner DeMerchant	Yes

Commissioner Meyers asked what the Judge's intentions are in going forward with regard to the continuation of the Emergency Declaration.

Commissioner Morales commented that the County is at the point with the COVID pandemic and the Cares Act that there is no requirement for the declaration for federal funding. Commissioner has heard the declaration continues to instill fear in people, which is costing businesses to lose money. The extension is not a good perception to the constituents.

Judge George indicated people are blaming him for having to wear a mask and should call Governor Abbott, if there are any questions. Extending the Declaration is based on the recommendation from the HHS Director.

Item 22 continued - County Judge:

PASS AND APPROVED BY THE COMMISSIONERS COURT OF FORT BEND COUNTY, TEXAS, this _____ day of _____, 2020.

Moved by Commissioner Prestage,
Duly put and carried (3-2), it is ordered to approve Fort Bend County Resolution Condemning COVID-19 Hate and Disproportionate Impact as presented.

Judge George	Yes
Commissioner Morales	No
Commissioner Prestage	Yes
Commissioner Meyers	No
Commissioner DeMerchant	Yes

Commissioner Meyers stated initially the court was asked to vote on a resolution containing anti-semitism and racism and the resolution just read goes beyond that and does not specifically address this issue. The resolution just read has problems with the First Amendment questions and HIPPA violations. Most importantly there are problems with state and federal laws in how this resolution is worded to establish County policy. The Commissioners Court practice should be to set policy and policy discussions; not in resolutions. Under any normal practice, some of these items would involve multiple discussions with the County Attorney and other public officials to find out what the law and constitution permits. The new resolution is clearly missing some sentences and has editing errors. Fort Bend County is currently \$14M in the hole from economic effects of COVID-19 pandemic and the crashing of the energy industry. This pandemic left a lot of residents unemployed and struggling financially. Commissioner will not vote to potentially violate the government and state law of such open ended guidance that could entail expensive lawsuits, when there are specific improvements to make to policy. The County needs to get ahead of those with something more defined than a not very well thought out resolution.

Commissioner Morales explained that he could support a resolution condemning hate; not at the cost of the vision within our County, but with the expression of unity is something he could support. This resolution condemns the hate; but creates the vision and does not show unity.

D. Take all appropriate action on Resolution Accepting Annual Report and Approving Developer Reimbursement for East Fort Bend County Development Authority.

Moved by Commissioner Prestage, Seconded by Commissioner Meyers
Duly put and unanimously carried (5-0), it is ordered to approve Resolution Accepting Annual Report and Approving Developer Reimbursement for East Fort Bend County Development Authority.

Judge George	Yes
Commissioner Morales	Yes

Commissioner Meyers	Yes

Commissioner Prestage stated Fort Bend County created a local government called the East Fort Bend Development Authority to help facilitate the redevelopment of a tract of land formerly part of the Texas Instruments Complex. These types of redevelopment projects are normally done with tax increments financing, such as, the Katy Mills Mall and Sugar Land Town Center. Because the City of Stafford, where this land is located, did not have a property tax, it made tax increments financing impossible. The County stepped up and created a local government corporation and appointed five directors and a chair. The Chair is a Stafford resident and Fort Bend County employee, Felecia Evans Smith. These individuals have done an admiral job of getting this project, which is entitled The Grid, off to a great start. As part of the approval process for creating this corporation, periodic reporting was necessary for the entity to see progress. Commissioner Prestage introduced Steve Robinson, ABHR, General Counsel and asked to give an update.

Mr. Steve Robinson, General Counsel, East Fort Bend County Development Authority stated this is a local government corporation who is assisting in the redevelopment of the 192 acre Texas Instruments site along the Southwest Freeway. This project is without infrastructure and is being completely redeveloped. The funding is through two sources, the Chapter 381 Economic Development grant provided by the County to the East Fort Bend Redevelopment Authority and secondly, through a defined area tax levied by Fort Bend Water Control and Improvement District 2. Mr. Robinson has asked the court to accept the annual report and to authorize in making the first reimbursement to the developer from cash proceeds on hand. The annual report provides important information about the status of the district, including status of development, including retail, restaurant, multifamily and distribution facility, as well as, significant infrastructure. Approximately \$14M of the infrastructure has been funded already by the developer in order to aid this development. This project is a self-supporting project meaning the only dollars that are being used to reimburse for the public infrastructure being constructed are the new taxes generated from the site from the redevelopment. This mimics the TIRZ process; but uses a 381 agreement. Because the authority is a component unit, they are part of the County's audit and is included in the annual report. The reimbursement payments have been received from the County from taxes as well as from Fort Bend WCID 2 and are asking for approval based upon the audit prepared to reimburse approximately \$807,000 to the developer from cash on hand and approximately \$400,000 will come from the 381 payment, \$407,000 from WCID 2 for projects already completed by the developer within the project.

Commissioner Meyers stated this was a successful project.

Commissioner Morales concurred.

25. BUDGET & FINANCE:

Take all appropriate action to consider directing that the voter-approval tax rate be calculated at eight percent (8%) in the manner provided for a special taxing unit under the authority of Section 26.04(c-1) of the Texas Tax Code.

Moved by Commissioner Prestage, Seconded by Commissioner DeMerchant
Duly put and carried, it is ordered to consider directing the voter-approval tax rate to be calculated at 8% in a manner provided for a special taxing unit under the authority of Section 26.04(c-1) of the Texas Tax Code.

MOTION WITHDRAWN

Pamela Gubbels, Director of Finance & Investments explained the Senate Bill 2 caps the voter approval rate at 3 1/2%. Because Governor Abbott has declared a disaster for the state, it allows the Counties to utilize a special taxing approval rate of 8%. This will allow the Tax Assessor to calculate the voter approval rate at 8% and does not mean the County will be adopting a tax rate at that voter approval rate of 8% and only gives the County a little more flexibility. The County is proposing a budget that will hopefully reduce the tax rate. This states the voter approval rate will be calculated at 8% so that if the court chooses to approve a tax rate that is 3.51% over the effective tax rate, then there would not be an election which Senate Bill 2 enforces.

Commissioner Meyers indicated these are tough financial times in the County and all of the taxpayers are facing the same difficult time. There are many who have been unemployed due to businesses that have been shut down and the energy industry has laid off a lot of people. Commissioner believes this sends the wrong message.

Commissioner Prestage stated he did not have a problem supporting this action because he believes there is no way the tax rate will be increased over the 3 1/2%. Commissioner believes this item requires unanimous approval in order to move forward especially going into budget workshops.

Commissioner Morales stated he would not support this item. Commissioner is hearing from businesses and constituents every day about these tough times.
