 By checking this box, you are indicating that the service profile for this organization is accurate. *
 Project Service Area * Urban Rural
 If "Urban" is selected, please select the urbanized area.

General Information

1. Describe the proposed project(s) for which the funds will be used. *

This grant replaces 5311-2018-FT BEND-00017. The balance of funds remaining in the aforementioned grant are now being awarded in 5311-2018-FT BEND-00155.

Fort Bend County provides general public demand response and commuter services. All services operate Monday through Friday (excluding County Holidays). Demand Response services operate to accommodate first drop-off by 8:00 am and last pick-up by 5:00 pm. Commuter services operate in both the morning and evening as listed on the route schedules. Demand Response trips are provided within the County limits and/or to destinations in adjoining counties within one (1) mile of the Fort Bend County line. Advanced reservations are required and can be requested up to thirty (30) calendar days in advance. Requests are taken on a first come first serve basis. The County provides additional services such as the Ambassador Program wherein passenger assistants help passengers with disabilities to and from their destinations. The County also continues planning with human service agency transportation providers within the County and continues to stay involved in the regions public transportation efforts . Commuter services are provided to Greenway Plaza, Galleria, and Texas Medical Center areas of Houston from park and ride locations in Sugar Land and Rosenberg . The County is also in the process of constructing an additional park and ride facility along the Westpark Toll Road in northwest Fort Bend County . All services are provided via contract agreements and paid for with Federal and/ or State funding received from the Texas Department of Transportation , FTA, H-GAC, and TCEQ. Other funding for these services is provided through the City of Sugar Land and the Development Corp of Richmond and Rosenberg as well as County local match dollars.

2. Provide a description of how the need/demand for the proposed project(s) was determined. *

In 2005, Fort Bend County Public Transportation Department was formed providing Demand Response services within Fort Bend County and Commuter services going to the Greenway Plaza and Galleria areas . We have since added Commuter Services to the Texas Medical Center as well as Job Access Reverse Commute and New Freedom Services . Funding would provide continued service to individuals in rural areas as well as to individuals who might not have other means of transportation . The surrounding community benefit would be continuity of service to the riders in the areas Fort Bend County currently serves.

As indicated in the project description, Fort Bend County has targeted multiple agencies, organizations, and institutions in the pursuit of coordinating existing transportation services and implementing new transportation services. Funding obtained will continue to support all of our coordination activities and projects.

3. Describe the anticipated benefits of the project. *

In FY17, the County completed over 381,000 trips in the current provided service area. The County is helping to bring a better quality of life to individuals, families, communities, and businesses. Our services offer personal mobility and freedom for people from every walk of life by providing options to get to work, go to school, visit friends, or get to a doctor's appointment as well as a reduction in Vehicle Miles Traveled . The Project will not only directly reduce emissions by eliminating passenger-vehicles, but it will also reduce emission by alleviating congestion on the road.

4. Identify and describe methods to procure goods and/or services related to this project.

A formal bid process has been completed for purchase of service as well as the Ambassador program .

5. If vendors have been previously selected, complete the following (press the save button for additional rows).

Vendor Name	Description of goods/services
First Transit	Purchase of Service
Transit Safety & Security Solutions, Inc.	Transportation Staffing Assistance

6. Is the proposed project is consistent with continuing, cooperating, and comprehensive regional transportation planning implemented in accordance with 49 U.S.C. §5301? *

Yes No
