Good morning, Judge and Commissioners,

My name is Nimra Shahzad and I am an intern at Emgage, a non-profit community organization that seeks to educate, mobilize, and empower Muslims and Asian Americans. I am a senior at the University of Houston. I live in Fort Bend County, precinct 4.

I moved here 2 years ago, right before COVID, so I unfortunately do not have much knowledge about the communities in Fort Bend. However, I would still like to say that county level mapping is very important, even if it does not get media attention.

Recent census data has shown that the population of Fort Bend County grew immensely. A lot of that growth came from minorities.

County precincts must reflect real communities and their interests. Fair maps will give us a voice in the issues that affect our lives, like flood control and criminal justice.

There have been a couple of maps submitted to you by Fort Bend residents. Please take their maps into consideration.

We deserve to be in on this redistricting process.

Please be transparent and accessible when you draw the maps.

These precincts will be in place for 10 years. These precincts will be the precincts of my adulthood. I ask that you please take this process seriously and allow for a lot of public input.

Thank you and I hope you all have a great day!
