

To: Commissioners Court  
February 9, 2021

My name is Beatrice Galan and I am HR Generalist for Training at FBC and I am here to announce and upcoming development session for the employees of Fort Bend County.

As many know, Fort Bend County proudly supports one of the fastest growing and most diverse counties in the United States. As we do in our county, we encourage cultural development and ethnic diversity within our workforce here at Fort Bend County. We do this with our Equal Opportunity Policy, awareness, development and supporting county-wide events that take place throughout the year; such as celebrating February as National Black History month as an example.

To further support our workforce efforts we are announcing our upcoming Fort Bend County employee development and training efforts with two sessions on the topic of Unconscious Bias to be held on February 24, 2021. We will have multiple sessions scheduled. We will be posting the Fort Bend County employee training on Fort Bend County's intranet and will send an email to employees inviting them to attend the training.

We look forward to additional events and programs in the future that continue to support our mission to make Fort Bend County a diverse **AND** inclusive workplace that mirrors the great county we live in.
