4. Public Comments regarding the Agenda and Announcements.

No public comments.

Mark Flathouse, Office of Emergency Management Coordinator, updated the court on how the County is preparing for the upcoming hurricane season. Mr. Flathouse indicated the rivers will be at minor to moderate stages at this time and will be constantly monitored along with drainage going into this hurricane season. This year, predictions for the number of storms will be more than average for this upcoming hurricane season.

Dr. Jacquelyn Minter Director of Health & Human Services gave an update on COVID-19 testing, vaccinations and other related issues. Dr. Minter stated Fort Bend County continues to see the progress in ending the effects of the COVID disease. This disease has not disappeared, however the County is experiencing the expected results of a greatly decrease transmission with the presence and availability of vaccines. There is an average of 38 new cases per day in Fort Bend County, which is down almost 50 cases per day on average since a month ago. There were an additional 5 deaths reported last week. Hospitalizations and ICU percentages also saw a decrease. The County is on track to demobilize all of their outdoor testing by the end of this week. The future testing will occur as part of the normal operation, which is very important in order to make sure we are aware of variants that may come into our community. The vaccination efforts continue, with the most recent state statistics report, shows Fort Bend County has over 82% of residents 65 and over who are fully vaccinated. Almost 53% of the entire eligible population is fully vaccinated. With the expansion of eligibility to the younger population, over 9,000 Fort Bend County residents ages 12 to 15 were vaccinated in the first few days of eligibility. The operations at our large sites are being decreased; but the focus has shifted to populations that will not utilize or do not have access to the private options that are available. The \$2.6 million grant approved by Commissioners Court a few weeks ago is helping to assist in operations that target these hard to reach populations.

Commissioner Meyers stated just about every pharmacy, clinic and hospital is giving the COVID vaccination. The need for vaccination sites are greatly diminished and Commissioner asked if there is a plan to shut down the sites in the near future.

Dr. Minter indicated there is a plan to shut down the sites.

There were 5 proclamations:

Commissioner Morales clarified this applies just to the Sheriff's office.

Bridgette Smith-Lawson, County Attorney stated the policy will be adopted as a countywide policy; but the elected officials who manage the respective law enforcement agencies can choose to accept or decline the policy.

Commissioner Prestage stated one reason this was in NonDepartmental was to allow the County to have a policy.

Sheriff Eric Fagan indicated he has no problem with this policy. He stated his policy is more stringent and the County's policy is a guideline.
