RE: HOME Program, Subordination Agreement

Attached is a Subordination Agreement for HOME Program housing rehabilitation client, File #774 who is refinancing their home. As she is not receiving any funds as a result of this refinancing, HOME Program regulations allow the County to agree to stay in second lien position. Also attached is the memo from the County Attorney's office approving this document.

Please sign before a Notary and return to this office so that we may return it to the mortgage company for execution and filing in the County records.

Please let me know if you have any questions.
