

If the governmental function or service is to construct, improve or repair a building, road or other facility, the District's Board of Directors must first give specific written approval for the requested governmental function or service to be provided (the "Project") before any aspect of the Project is commenced. Such specific written approval for the Project must be in a document other than the Primary Interlocal Agreement, contain a description of the Project to be undertaken as well as identify the Project's location, and approved by both parties (the "Project Agreement").

**II.**  
**COMPENSATION**

The parties acknowledge that the Act requires that the party performing the governmental function or service must be fairly compensated. This compensation must be in an amount adequate enough so as not to violate Article III, §52 of the Texas Constitution.

**III.**  
**CURRENT REVENUES**

The party paying for the performance of the governmental function or service must make the payments from current revenues available to the paying party.

**IV.**  
**TERM**

This Agreement revokes and rescinds all prior Primary Interlocal Agreements between the District and the City, and the terms and provisions of this Agreement shall supercede the terms and provisions of all prior Primary Interlocal Agreements between the District and the City. The term of this Agreement shall be effective from the date executed by the last party hereto until September 30, 2023, with automatic one-year renewals unless terminated earlier by either party upon thirty (30) days written notice.

**V.**

It is expressly understood and agreed that this Agreement will have no force or effect until duly executed by all parties.
