GOALS AND STRATEGIES

Goal: To increase effective enforcement and adjudication of traffic safety-related laws to reduce fatal and serious injury crashes

Strategies: Increase enforcement of traffic safety-related laws.
Increase public education and information campaigns.

Goal: To increase occupant restraint use in all passenger vehicles and trucks.

Strategy: Increase enforcement of occupant protection laws.

X I agree to the above goals and strategies.

Operational Plan

The purpose of this mobilization is to conduct high-visibility saturation patrols within the Enforcement Zones identified in the Operational Plan (Enforcement Zone) section of the grant for at least four days between the hours of 6p-6a, Monday-Sunday during the enforcement periods outlined in the sections below. Subgrantee must also perform pre-enforcement earned-media campaigns for each enforcement period.

Pre-Media Efforts Before Enforcement period

Conduct local media events immediately before the enforcement effort to maximize the visibility of enforcement to the public. These media events tell the public when, where, how and why the safety belt laws are being enforced. These activities must occur prior to enforcement activities beginning.

May 20 , 2022 -
May 22, 2022

Enforcement period

Intensify enforcement through an overtime STEP that places primary emphasis on reducing the number of fatal and serious crashes (KA) involving unrestrained or improperly restrained occupants by promoting and encouraging proper seatbelt or child safety seat use during the peak holiday traffic. Officers should focus their enforcement efforts on seatbelt and child safety seat violations, but may use any probable cause to stop a vehicle within the established enforcement zones during enforcement hours. Officers working STEP-CIOT must document stopping an average of 2.5 vehicles in each STEP enforcement hour and within the designated enforcement zones during designated enforcement hours.

May 23 , 2022 -
Jun 5, 2022

Post-Media Efforts After Enforcement period

Conduct local media events informing the public about the importance and effectiveness of belt laws and the results of the enforcement

activities conducted for this project. The Post-Media Campaign may begin immediately upon completion of the enforcement period. Jun 8, 2022

Reporting Period

Agencies will submit a performance report during this time period. May 20, 2022 - Jun 8, 2022

LAW ENFORCEMENT OBJECTIVE/PERFORMANCE MEASURE

STEP enforcement grants are focused on reducing crashes, and Click-It-Or-Ticket (CIOT) enforcement grants specifically focus reducing fatal or serious-injury (KA) crashes where vehicle occupants are unrestrained or improperly restrained, whether in seat belts or child safety seats (Occupant Protection, or OP). The blanks on this page represent the baseline number of KA crashes related to CIOT enforcement efforts (OP-KA), and the KA crash targets each agency hopes to achieve through CIOT enforcement. The data entered on this page is the basis for the grant's enforcement performance measures. The Baseline KA crash data is provided by TxDOT using a 3-year rolling average of OP-KA crashes as reported to TxDOT's Crash Reporting Information System (CRIS) database. The targets, one each for seatbelts and child safety seats, should reflect a reduction against the Baseline KA Crash number in the top box. The sum of targets should be less than the number of Baseline KA crashes.

Baseline: KA Crashes involving Occupant Protection (OP-KA) for subgrantee's jurisdiction	17
Target: Target: Reduce the number of All OP-related (Seatbelt and Child Passenger Safety) KA crashes to	16

Note: Nothing in this agreement shall be interpreted as a requirement, formal or informal, that a peace officer issue a specified or predetermined number of citations in pursuance of the Subgrantee's obligations hereunder. Department and Subgrantee acknowledge that Texas Transportation Code Section 720.002 prohibits using traffic-offense quotas and agree that nothing in this Agreement is establishing an illegal quota. In addition to the STEP enforcement activities, the subgrantee must maintain baseline non-STEP funded citation and arrest activity due to the prohibition of supplanting.

PI&E OBJECTIVE/PERFORMANCE MEASURE

XI agree to the below efforts with a public information and education (PI&E) program.

- a. Conduct a minimum of one (1) presentations
- b. Conduct a minimum of two (2) media exposures (e.g. news conferences, news releases, and interviews)
- c. Conduct a minimum of one (1) community events (e.g. health fairs, booths)

OPERATIONAL PLAN(ENFORCEMENT ZONES)

Instructions :

- Agency must use the appropriate STEP heat maps to develop Enforcement Zones where all enforcement activities under this grant will be conducted. There will be no "jurisdiction-wide" enforcement zones.
- Enforcement Zones are limited in size to maximum of 4 linear or 4 square miles each, should bound high-crash locations and must be clearly marked on the maps provided, one zone per uploaded map. Additional documentation may be provided to further define the enforcement zone boundaries and should be scanned and attached to the parent map as additional pages. Each agency will be allowed a minimum of 2 enforcement zones. The maximum number of allowable zones for an agency is determined by dividing the total number of enforcement hours by 40 and rounding to the nearest whole number.
- At least half of the Enforcement Zones uploaded in this section must be marked as "Nighttime 6p-6a" using the radio buttons under the Zone Location box, and at least half of the total number of enforcement hours on the project must be worked during Nighttime hours (6p-6a).
- Agencies are expected to document initiating an agency-wide average of 2.5 vehicle stops per enforcement hour (or 1 stop per enforcement hour for CMV grants) within the zones attached to and described in this section. The numbers used to calculate the 2.5 agency-wide average will be adjusted to allow for enforcement time (or "arrest hours") spent transporting arrestees for booking.
- Please complete this page, then click the Save button. Required fields are marked with an *.
- Click Add button to create another zone
- Zone Name should match file name of uploaded supporting map. Each attachment need to be less than 4MB
