INDEPENDENT AUDITOR'S REPORT

Board of Commissioners Fort Bend County Emergency Services District No. 5 Fort Bend County, Texas

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund of Fort Bend County Emergency Services District No. 5 (the "District") as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of December 31, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual - all Combined Governmental Funds be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The other supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide an assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management's discussion and analysis of Fort Bend County Emergency Services District No. 5's (the "District") financial performance provides an overview of the District's financial activities for the year ended December 31, 2021. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) fund financial statements and government-wide financial statements and (2) notes to the financial statements. The fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective like that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all the District's assets, liabilities, and deferred inflows and outflows of resources, if any, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has two governmental fund types. The General Fund accounts for resources not accounted for in another fund, property tax revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing debt and the cost of assessing and collecting taxes.

FUND FINANCIAL STATEMENTS (Continued)

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI"). The budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of the District's financial position. In the case of the District, assets exceeded liabilities and deferred inflows of resources by \$4,693,427 as of December 31, 2021.

A portion of the District's net position reflects its net investment in capital assets (capital assets less any debt used to acquire those assets that are still outstanding). The District uses these assets to provide firefighting services. The following is a comparative analysis of government-wide change in net position:

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Net Position, End of Year	\$	4,693,427	\$	2,785,738	\$	1,907,689

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of December 31, 2021, were \$2,797,340, an increase of \$1,749,254 from the prior year.

The District's General Fund fund balance increased by \$1,749,749, primarily due to property tax, sales tax receipts and other revenues exceeding operating costs.

The District's Debt Service Fund fund balance decreased by \$495, primarily due to the structure of the District's outstanding debt.

BUDGETARY HIGHLIGHTS

The Board of Commissioners did not amend the budget during the current fiscal year. Actual revenues were \$1,253,682 more than budgeted revenues, primarily due to higher than expected property tax revenues and unbudgeted sales tax receipts. Actual expenditures were \$131,331 more than budgeted, primarily due to unbudgeted capital outlay partially offset by lower than expected payments to the fire department. See the budget to actual comparison.

CAPITAL ASSETS

Capital assets as of December 31, 2021, total \$4,474,870 (net of accumulated depreciation) and include building and improvements. Current year additions include the purchase of a 2021 Ford F-250 and construction of storage and maintenance facility.

Capital Assets At Year-End, Net of Accumulated Depreciation

	2021	2020	Change Positive Negative)
Capital Assets Not Being Depreciated:			
Construction in Progress	\$ 18,660	\$	\$ 18,660
Capital Assets, Net of Accumulated			
Depreciation:

Firefighting/Rescue Apparatus	 2,587,506	 2,757,580	 (170,074)
Total Net Capital Assets	\$ 4,474,870	\$ 4,682,430	\$ (207,560)

Additional information on the District's capital assets can be found in Note 5 of this report.

LONG-TERM DEBT ACTIVITY

At the end of the current fiscal year, the District had debt payable of \$2,650,379. The changes in the debt position of the District during the current year ended December 31, 2021, are summarized as follows:

Notes Payable, January 1, 2021	\$ 1,710,138
Less: Principal Paid	 146,575
Notes Payable, December 31, 2021	\$ 1,563,563
Capital Lease Payable, January 1, 2021	\$ 1,290,467
Less: Principal Paid	 203,651
Capital Lease Payable, December 31, 2021	\$ 1,086,816

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Fort Bend County Emergency Services District No. 5, c/o Coveler & Peeler, P.C., 820 Gessner, Suite 1710, Houston, Texas 77024.

FORT BEND COUNTY EMERGENCY SERVICES DISTRICT NO. 5 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2021

Net Change in Fund Balances - Governmental Funds	\$ 1,749,254
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report tax revenues when collected. However, in the Statement of Activities, revenue is recorded in the accounting period for which the taxes are levied.	10,399
Governmental funds report delinquent tax penalty and interest revenue on property taxes when collected. However, in the Statement of Activities, revenue is recorded when the penalty and interest are assessed.	331
Governmental funds do not account for depreciation. However, in the Statement of Net Position, capital assets are depreciated and depreciation expense is recorded in the Statement of Activities.	(395,899)
Governmental funds report capital expenditures as expenditures in the period purchased. However, in the Statement of Net Position, capital assets are increased by new purchases and the Statement of Activities is not affected.	188,339
Governmental funds report principal payments on long-term liabilities as expenditures in the year paid. However, in the government-wide financial statements, liabilities are reduced when principal payments are made and the Statement of Activities is not affected.	350,226
Governmental funds report interest payments on long-term liabilities as expenditures in the year paid. However, in the government-wide financial statements, interest is accrued on long-term liabilities through the fiscal year-end.	5,039
Change in Net Position - Governmental Activities	\$ 1,907,689

NOTE 1. CREATION OF DISTRICT

Fort Bend County Emergency Services District No. 5 was created by the Commissioners' Court of the County of Fort Bend on May 12, 2007, in accordance with Article III, Section 48-e, of the Texas Constitution. The District operates under Chapter 775 of the Health and Safety Code. The District was established to provide operating funds for the contracting of fire prevention and rescue services within the boundaries of the District.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB").

The District is a political subdivision of the State of Texas governed by an appointed board. GASB has established the criteria for determining whether an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately appointed governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

The GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Financial Statement Presentation</u> (Continued)

• Unrestricted Net Position – This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it is the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated by adjustment to obtain net total revenue and expense in the government-wide Statement of Activities.

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the government-wide financial statements. The fund financial statements include a Governmental Funds Balance Sheet and a Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance.

Governmental Funds

The District has two major governmental funds.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, property tax revenues, costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing debt and the costs of assessing and collecting taxes.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year-end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include 2020 tax levy collections during the period October 1, 2020, to December 31, 2021, and taxes collected from January 1, 2021, to December 31, 2021, for the 2019 and prior tax levies. The 2021 tax levy has been fully deferred to meet the District's planned expenditures in the 2022 fiscal year.

Capital Assets

Capital assets, if any, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset after completion. Depreciation is calculated on each class of depreciable property using no salvage value and the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings and Improvements	20-40
Firefighting Apparatus	4-15

Budgeting

An annual unappropriated budget is adopted for the combined General Fund and Debt Service Fund by the District's Board of Commissioners. The budget is prepared using the same method of accounting as for financial reporting. The original combined General Fund and Debt Service Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – All Combined Governmental Funds presents the original and revised budget amounts, compared to the actual amounts of revenues and expenditures for the current year.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Pensions

The District has not established a pension plan as the District does not have employees. The Internal Revenue Service determined that fees of office received by Commissioners are wages subject to federal income tax withholding for payroll purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances and does not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. TAX LEVY

Voters of the District have approved a maximum tax rate of \$0.10 per \$100 of assessed valuation. During the year ended December 31, 2021, the District levied an ad valorem maintenance tax at the rate of \$0.097347 per \$100 of assessed valuation, which resulted in a tax levy of \$5,781,870 on the adjusted taxable valuation of \$5,922,395,886 for the 2021 tax year. The 2021 levy has been fully deferred to meet the operating expenditures for the 2022 fiscal year.

During the year ended December 31, 2021, the District levied an ad valorem debt service tax rate of \$0.002653 per \$100 of assessed valuation, which resulted in a tax levy of \$157,574 on the adjusted taxable valuation of \$5,922,395,886 for the 2021 tax year. The 2021 levy has been fully deferred to meet the principal and interest due for the 2022 fiscal year.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

NOTE 4. DEPOSITS AND INVESTMENTS (Continued)

Deposits (Continued)

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$99,081 and the bank balance was \$99,276. The District was not exposed to custodial credit risk.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at December 31, 2021, as listed below:

	Cash	
GENERAL FUND	\$	38,133
DEBT SERVICE FUND		60,948
TOTAL DEPOSITS	\$	99,081

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investments if the need arises to liquidate the investment before maturity, fourth; diversification of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Commissioners.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

NOTE 4. DEPOSITS AND INVESTMENTS (Continued)

<u>Investments</u> (Continued)

The District invests in TexPool, an external investment pool that is not SEC-registered. The Texas Comptroller of Public Accounts has oversight of the pool. Federated Investors, Inc. manages the daily operations of the pool under a contract with the Comptroller. TexPool measures all its portfolio assets at amortized cost. As a result, the District also measures its investments in TexPool at amortized cost for financial reporting purposes. There are no limitations or restrictions on withdrawals from TexPool.

The District invests in the Texas Short Term Asset Reserve Program ("TexSTAR"), an external public funds investment pool that is not SEC-registered. J. P. Morgan Investment Management Inc. provides investment management and FirstSouthwest, a Division of Hilltop Securities Inc., provides participant services and marketing under an agreement with the TexSTAR Board of Directors. Custodial, fund accounting and depository services are provided by JPMorgan Chase Bank, N.A. and/or its subsidiary J.P. Morgan Investors Services Co. Investments held by TexSTAR are marked to market daily. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from TexSTAR.

As of December 31, 2021, the District had the following investments and maturities:

Fund and		Maturity Less Than
Investment Type	Fair Value	1 Year
GENERAL FUND TexPool TexSTAR	\$ 1,932,960 450,857	\$ 1,932,960 450,857
DEBT SERVICE FUND TexSTAR	50,001	50,001
TOTAL INVESTMENTS	\$ 2,433,818	\$ 2,433,818

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. At December 31, 2021, the District's investments in TexPool and TexSTAR were rated AAAm by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District considers the investments in TexPool and TexSTAR to have a maturity of less than one year due to the fact the share position can usually be redeemed each day at the discretion of the District, unless there has been a significant change in value.

NOTE 4. **DEPOSITS AND INVESTMENTS** (Continued)

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes.

NOTE 5. CAPITAL ASSETS

NOTE 6. CONTRACT FOR FIRE PROTECTION AND RESCUE SERVICES

On January 13, 2009, the District executed a contract for providing fire protection and rescue services with the Northeast Fort Bend County Fire Department, Inc. (the "Department"). The term of the original contract was from January 1, 2009, to December 31, 2009, renewable from year to year by amendment. On July 9, 2013, the contract was revised extending the term to 20 years. Under the terms of the contract, the Department agrees to provide fire protection and rescue services to all the residents and commercial interests in the service area.

The Department agreed to submit a budget indicating proposed operating, capital and debt expenditures at the District's September meeting each year for the District's review and approval. The District agreed to provide periodic payments to the Department based on the approved budgets. Ownership of all assets of the Department shall remain with the Department during the term of this contract. Responsibility for operating, maintaining, repairing and insuring any facilities by which fire protection and rescue services are provided belongs solely to the Department.

NOTE 6. CONTRACT FOR FIRE PROTECTION AND RESCUE SERVICES (Continued)

For the year ended December 31, 2021, the District paid the Department \$3,129,998 for operations and maintenance and \$158,488 for capital costs.

NOTE 7. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; and error and omissions for which the District carries commercial insurance. The District has not significantly reduced insurance coverage or had settlements which exceeded coverage in the past three years.

NOTE 8. OPERATING LEASE

Effective October 1, 2011, and as amended on January 7, 2014, the District entered into a ground lease agreement with Fort Bend County for 2.289 acres of land. The District will be allowed to construct, operate and maintain a fire station on the premises. The lease term is 99 years at a cost of \$1 per year.

NOTE 9. NOTES PAYABLE

On June 11, 2013, the District entered into a \$1,500,000 construction loan agreement with Government Capital Corporation to fund the construction of a fire station, secured by tax funds. Annual installments of \$108,207.43 are due each June 1, beginning June 1, 2014, and ending June 1, 2033. The interest rate is 3.806%.

On November 11, 2014, the District entered into a \$600,000 construction loan agreement with Government Capital Corporation to fund additional costs of the fire station, secured by ad valorem tax funds. Annual installments of \$46,277.30 are due each June 1, beginning June 1, 2015, and ending June 1, 2033. The interest rate is 4.393%.

On June 11, 2013, the District entered into a \$500,000 promissory note with Government Capital Corporation to fund the acquisition of a pumper truck, secured by ad valorem tax funds. Annual installments of \$58,484.22 are due each June 1, beginning June 1, 2014, and ending June 1, 2023. The interest rate is 2.996%.

NOTE 9. NOTES PAYABLE (Continued)

The following is a summary of transactions regarding notes payable for the year ended December 31, 2021:

	January 1,					De	ecember 31,
	2021		Additions	Re	tirements		2021
Notes Payable	\$ 1,710,138	\$	- 0 -	\$	146,575	\$	1,563,563
			ount Due Wit			\$	151,876 1,411,687
		Note	s Payable			\$	1,563,563

As of December 31, 2021, the debt service requirements on the notes payable were as follows:

Fiscal Year	Principal		 Interest	 Total
2022	\$	151,876	\$ 61,094	\$ 212,970
2023		157,372	55,597	212,969
2024		104,586	49,899	154,485
2025		108,743	45,742	154,485
2026		113,066	41,419	154,485
2027-2031		636,469	135,956	772,425
2032-2033		291,451	 17,516	 308,967
	\$	1,563,563	\$ 407,223	\$ 1,970,786

The assets acquired with these notes, are operated, maintained and insured by the Department.

NOTE 10. CAPITAL LEASES

On July 24, 2019, the District entered into a capital lease agreement with Frost Bank to fund the purchase of a ladder truck with amount of \$1,489,773. Accumulated depreciation as of December 31, 2021 is \$171,834, of which \$148,977 has been recorded as part of depreciation expense in the current fiscal year. Annual installments of \$231,783.10 are due each July 24, beginning July 24, 2020 and ending July 24, 2026. The interest rate is 2.18%.

The following is a summary of transactions regarding capital lease payable for the year ended December 31, 2021:

NOTE 10. CAPITAL LEASES (Continued)

	Ja	nnuary 1, 2021	A	Additions	Re	tirements	De	ecember 31, 2021
Capital Lease Payable	\$	1,290,467	\$	- 0 -	\$	203,651	\$	1,086,816
				unt Due With unt Due Afte			\$	208,091 878,725
		Capital Lease Payable			\$	1,086,816		

As of December 31, 2021, the debt service requirements on the capital lease payable were as follows:

Fiscal Year	Principal		 Interest	Total
2022	\$	208,091	\$ 23,693	\$ 231,784
2023		212,627	19,156	231,783
2024		217,262	14,521	231,783
2025		221,998	9,785	231,783
2026		226,838	4,945	 231,783
	\$	1,086,816	\$ 72,100	\$ 1,158,916

The assets acquired with this capital lease, will be operated, maintained and insured by the Department.

NOTE 11. DEFICIT FUND BALANCE

Property taxes related to the 2021 tax levy are not due and payable until January 31, 2021. Debt Service Fund tax collections of \$41,128, received as of December 31, 2021, have been recorded as deferred revenue in the financial statements, resulting in a deficit fund balance in the Debt Service Fund. The deficit will be alleviated on January 31, 2022.

NOTE 12. SALES AND USE TAX

In accordance with Chapter 775 of the Health and Safety Code, the District is authorized to adopt and impose a sales and use tax if authorized by a majority of the qualified voters of the District. The election to adopt a sales and use tax is governed by the provisions of Subchapter E, Chapter 323 of the Tax Code.

NOTE 12. SALES AND USE TAX (Continued)

On May 1, 2021, the voters of the District approved the establishment and adoption of a sales and use tax up to a maximum of one percent. On May 11, 2021, the Board set a local sales and use tax of one percent on all applicable sales and uses within the boundaries of the District, except those areas that already have a two percent tax. During the current year, the District recorded \$458,657 in sales tax receipts, of which \$337,563 was due from the State Comptroller at December 31, 2021.

NOTE 13. ECONOMIC UNCERTAINTIES

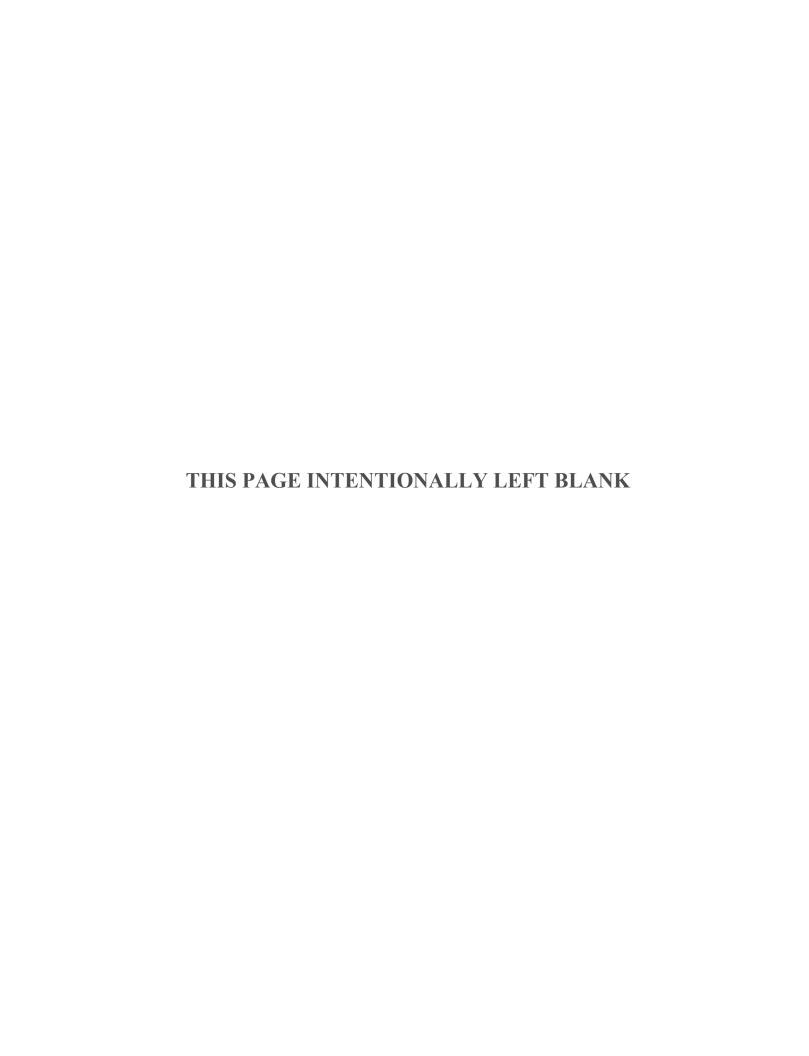

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. Since that time, the District has not experienced any decrease in property values, unusual tax delinquencies, or interruptions to service as a result of COVID-19. The District will continue to carefully monitor the situation and evaluate the financial statement impact, if any, that results from the pandemic.

FORT BEND COUNTY EMERGENCY SERVICES DISTRICT NO. 5 BOARD OF COMMISSIONERS AND CONSULTANTS DECEMBER 31, 2021

District Mailing Address - Fort Bend County Emergency Services District No. 5

c/o Coveler & Peeler, P.C. 820 Gessner, Suite 1710 Houston, Texas 77024

District Telephone Number - (713) 984-8222

Commissioners	Term of Office (Elected or Appointed)	for the	Fees of Office Reimbursement for the year ended December 31, 2021 December 31, 2021			Title
Ernie Carter	01/01/20 12/31/21 (Appointed)	\$	2,400	\$	-0-	President
Cynthia N. Ginyard	01/01/20 12/31/21 (Appointed)	\$	2,100	\$	150	Vice President
John Mukoro	01/01/21 12/31/22 (Appointed)	\$	2,250	\$	45	Secretary/ Assistant Treasurer
John Godbee	01/01/21 12/31/22 (Appointed)	\$	3,450	\$	2,576	Treasurer/ Investment Officer
Shazib Iqbal	08/10/21 12/31/22 (Appointed)	\$	900	\$	-0-	Commissioner

The limit on fees of office that a Commissioner may receive during a year was \$3,000 as set by the Health and Safety Code-Chapter 775. Effective September 1, 2017, a Commissioner is entitled to receive compensation in the same manner and amount as are provided by Section 49.060 of the Texas Water Code, currently \$7,200 per fiscal year. The above fees of office and expense reimbursements are the amounts paid to a Commissioner during the District's current fiscal year.
