

CSTE 2022 ANNUAL CONFERENCE

Louisville
KENTUCKY

JUNE 19 - 23

*Unbridled Spirit
of
Public Health*

About

The CSTE Annual Conference connects more than 2,500 public health epidemiologists from across the country and will include workshops, plenary sessions with leaders in the field of public health, oral breakout sessions, roundtable discussions, and poster presentations. Conference attendees meet and share their expertise in surveillance and epidemiology as well as best practices in a broad range of areas including informatics, infectious diseases, substance use, immunizations, environmental health, occupational health, chronic disease, injury control, and maternal and child health. During the conference, CSTE members vote on [position statements](#), which instigate nationwide policy change and create new initiatives. Take this opportunity to meet, build relationships, and network with your professional colleagues and peers.
