Commissioner Meyers pointed out the members of the court recognize issues and problems with the County's compensation. Last year the court commissioned the salary compensation study, which is being completed. The intent of the court is to implement the recommendations of the study and make adjustments to compensation in order to hire and keep the best people. This may not be accomplished all in one year; but the objective is to get to a point where this County is as competitive as any other County/Governmental entity in this Region. Commissioner stated the legislature has capped our revenue, which makes it difficult to meet all the needs of the County in any one particular year. Commissioner Meyers stated the court does hear everyone's concerns and the intent is to address this issue in a serious manner and come up with some recommended corrections.

Commissioner Morales asked Pamela Gubbels, Director of Finance & Investments when there would be a disclosure of the results of the Compensation study to show changes.

Pamela Gubbels stated Nicole Ledet, Human Resources Director has been having meetings with department heads the past couple of weeks.

Nicole Ledet, Human Resources Director explained her staff has been meeting with departments and their executive staff to show where they stand with respect to their staff and the recommendations Human Resources is making for adjustments and also to solicit any feedback they may have. Motion was withdrawn.

Ed Sturdivant, County Auditor stated the collective team will be ensuring more control of this process is taken in future years.

Item 26 continued - Budget & Finance:

Commissioner Meyers explained the Central Appraisal District did not get the information to us in a timely manner, which is the reason we are having to take this action.

Mr. Sturdivant indicated the Certified Rolls should have been submitted to the County on July 25.

Bridgette Lawson-Smith, County Attorney, stated the Certified Appraisal Rolls should be forwarded to the County, per the Tax Code, by July 25. In moving forward, we will have tighter processes and workings with the Appraisal District.

Ms. Gubbels clarified the recommended tax rate being proposed today is the same tax rate. The percentage increase is being adjusted.

Carmen Turner, Tax Assessor, stated her office must wait on the CAD office to give the numbers. This is not something the Tax Office can tell you when it's going to happen. It should be done on the 26th; however it is not always done on the 26th. The Tax Office receives numbers from 40 different locations and it's beyond our control.
