Software/Maintenance Equipment and Operating Assistance

Award Start Date: 8/16/2022

Original Award End Date: 6/1/2028

Purpose: The purpose of this award is to purchase Software/Maintenance Equipment and Operating Assistance for Fort Bend County Transit to assist it in transit operations during the period of 6/1/2022 until 12/31/2027.

Activities to be Performed: This application utilizes CRRSAA funding to prevent, prepare for, and respond to coronavirus. Funds will be used for payroll and operating expenses including purchased transportation services, fuel and other eligible operating costs necessary to operate, maintain and manage the public transportation system. TX-2020-093-00

The split letter, dated 06/24/2021, is attached in TrAMS.

Fort Bend County and its contractor are currently not furloughing any employees; We have, to the maximum extent possible, brought back any previously furloughed employees as of the time of certification; and have rehired or posted to rehire any positions of employees who were laid off as a result of financial difficulties caused by the COVID-19 public health emergency.

Per CRRSAA, projects in this application are not required to be programmed in the Long-Range Transportation Plan, Statewide Transportation Plan, or Statewide Transportation Improvement Program.

METRO, designated recipient for Houston UZA, has deemed the requirement to expend at least one percent of the amount apportioned on “public transportation security projects” unnecessary. Current annual security projects exceed the 1% requirement because security expenses have been funded from local, other FTA, and Department of Homeland Security funds.

Expected Outcomes: The County will use the funds in support of maintaining excellent existing services.

Intended Beneficiaries: The County will use the funds for the general population in the service area.

Subrecipient Activities: None

The Recipient agrees that if it receives Federal funding from the Federal Emergency Management Agency (FEMA) or through a pass-through entity through the Robert T. Stafford Disaster Relief and Emergency Assistance Act, a different Federal agency, or insurance proceeds for any portion of a project activity approved for FTA funding under this Grant Agreement, it will provide written notification to FTA, and reimburse FTA for any Federal share that duplicates funding provided by FEMA, another Federal agency, or an insurance company.

Pre Award Authority will cover expenses for existing service incurred beginning 10/1/2021. An exact amount will be given in the initial FFR.

Research and Development: This award does not include research and development activities.
